

2018-19 POINTS OF EMPHASIS suit coverage

ASAA believes the intent of the rule (3-3-1) is to ensure all swimmers are attired in legal and properly fitting uniforms while participating in high school swimming. Two-piece suits are not allowed except under clothing. Deck changing is not allowed.

Students wearing illegal uniforms are subject to disqualification per NFHS rules.

ASAA believes the school administration, student's parent and the coach are responsible for their swimmers being properly attired. Officials will not participate in a pre-meet inspection of swimwear.

ASAA will disqualify swimmers for any unsportsmanlike conduct in the pool or on the deck.

If any officials have questions or concerns about swimwear during the meet, they will direct their comments to the meet referee. If necessary, the meet referee will then approach the coaches about any violations or concerns.
