

ChampionChip Attachment Instructions

- The ChampionChip should preferably be attached to the shoelace with the zip tie provided. This allows for easiest removal at the finish line. Attach the zip tie to a lace and feed the zip tie through the square holes of the ChampionChip and pull the zip tie securely.
- Tell your athletes to be sure the zip tie **zips** - or locks. If athlete feeds the end of the zip tie through the wrong direction of the opening, the chip will fall off and a time will not be recorded. No chip no time.

1. ChampionChip Placement Using Zip Tie

Reminder – If an athlete does not start or do not complete the race, the timing chip needs to be returned to Up and Running Event Management before the final race of the day.

There is a charge of \$35.00 if the timing chip is not returned.

In addition to the ASAA Website, results will be posted at www.upandrunningak.com
