E. RULES

Each school should review the current ASAA Music Handbook for complete audition requirements, regulations and deadlines. Requirements are also found on the ASAA web site at <http://asaa.org/activities/music/music-all-state-music-festival/> . The following is a brief guideline:

1. INTENT FORM: At the beginning of the school year, the school music director should fill out and complete the on-line Intent Form at <http://asaa.org/activities/music/music-festival-intent-form/>. Click and complete the on-line Intent Form. This will place the director on an email database for the 2017-2018 music season for receiving festival updates and information.

Mercy Rule: The game shall end when; the visiting team is behind 10 or more runs after 4.5 innings; or after the 5th inning if either team is 10 runs behind and have had an equal number of times at bat.

F. CONFERENCES

All teams are assigned to one of the following four conferences: Cook Inlet, Southcentral, Southeast, and Mid Alaska Conferences. See the Sport Specific Conferences Section for the list of schools in each conference. Conferences are responsible for setting guidelines for seeding into their respective season ending conference tournaments. This includes whether conference participation is required for entrance into the state-qualifying tournament. Schools hosting a conference tournament are responsible and required to notify ASAA of the results, state qualifying teams, and their seeding upon conclusion of the tournament. If there is not a conference tournament, and state qualifying is based on the regular season records, the conference must appoint someone to notify ASAA of the state qualifiers and their seeds.

G. TEAM GAME LIMITATIONS

A team may play 22 regular season games exclusive of conference or state championships. Additional games may be played under the Endowment Game guidelines.

H. ENDOWMENT GAMES

ASAA encourages each school's team to play Endowment Games during the season above and beyond the 22 game/match limit. Two additional Endowment Games may be played each season. The Endowment Game is a fund-raiser for the Alaska Endowment for Youth Activities. School teams may play Endowment Games at any time during the regular season, beginning with the date of the first contest and extending through the time period between the conference qualifying tournament and the state tournament. Endowment Games do not count in a team's overall season record for seeding purposes. Schools wishing to host Endowment Games must apply in writing to ASAA by submitting the "Endowment Game Application Form" no later than one week prior to the game. Under no circumstances may an Endowment Game be played until this form has been signed by ASAA and returned to the participating schools. ASAA will invoice the host school \$100 for each game.

I. JAMBOREE REGULATIONS

A baseball Jamboree shall include three or more teams. A team is limited to no more than 6 innings total with no more than 2 innings against any other team. A team may only play in one jamboree each season. ASAA Pitch count rules are in affect during a jamboree. A jamboree does not count against the 22-game limit.

Suspended Game: A game called for any reason by an umpire after the required number of innings, where a winner cannot be determined (i.e. home team is behind and has not batted, or score is tied) will be treated as a suspended game. The game shall be continued from the point of suspension at a later time. The lineup and batting order of each team will remain exactly the same at moment of suspension. If a winner can be determined (both teams have equal at bats or home team is ahead) the team that is ahead will be considered the winner. If the game ends in a tie and the suspended game cannot be completed because of scheduling conflicts, the game is considered a tie game. At the state

championships onsite ASAA staff and the Tournament Director shall determine when a suspended game will be completed.

Speed Up: The courtesy runner speed-up rules may be adopted by leagues or districts for use during the regular season. In interleague and/or interdistrict competition, both teams must agree to allow the speed up rule before it may be used. Courtesy runner speed-up rules will be used in the state championship tournament. The following is a speed-up rule summary:

- The team at bat may use courtesy runners for the pitcher and catcher as soon as they get on base. The same runner may not be used for both positions. Neither the pitcher nor catcher will be required to leave the game under such circumstances.
- Players who have participated in the game in any other capacity are ineligible as courtesy runners.
- A player may not run as a courtesy runner for the pitcher or catcher and then as a runner or batter for another player in that inning.

C. CODE OF ETHICS

The Alaska Debate, Forensics and Drama tournament is designed to promote intellectual growth through friendly competition and positive educational experiences and opportunities.

The goal for each participant is to learn, to grow, to exercise and share skills and abilities in a courteous, polished manner.

All participants and observers are expected to observe the general principles and concepts of:

1. Ethical Behavior
2. Appropriate demeanor
3. Proper decorum
4. Honest and original best efforts
5. Free interchange of ideas

The goals of competitive academic debating are:

1. To train students in analysis, reasoning, research, and evaluation in techniques of mental discipline, evidence evaluation, case construction, persuasive speaking and investigation of controversial, significant public issues.
2. To promote independent thinking, intellectual honesty and individuality.
3. To develop an appreciation of the basic mechanism of democracy. The aims and responsibilities of a debate coach are to guide the intellectual development of the debaters, to promote and provide opportunities for them to develop their skills; to engender good sportsmanship, fair play and individual integrity. The coach is not a speech writer, a researcher, nor a case planner. The coach is primarily an educator and an administrator.

The following practices are considered unethical and pedagogically unsound and are not condoned:

- Using canned material in extemporaneous speaking.
- Writing cases, speeches and introductions by anyone other than the student participating.

- Using emotional appeals without the evidence to support them.
- Diverting attention from weakness in argument by unsupported attacks on the opponent.
- Breaching normal courtesy by heckling, grimacing or loud whispering while the opponent is speaking or performing.
- No single source may be used by a student more than once during his/her high school career.

D. SELECTION OF MATERIALS

In the selection of materials for DDF competitions, coaches are responsible for selecting or guiding the selection of materials, speech topics, and language that are appropriate for high school students. The coach recognizes that different audiences have different standards for acceptability.

E. PROTESTS AND APPEALS

Schools protesting a decision of a judge or any other tournament related matter may present their protest to the tournament director. If unsatisfied with the tournament director's decision the school or coach may appeal to the tournament committee. The tournament committee consists of the host school administrator and two other visiting administrators, approved by the Executive Director, to resolve disputes. A school or coach may appeal a decision of the tournament committee by presenting their case to the Executive Director.

J. FOOTBALL SCHEDULING PROCESS

Schools have the choice of either scheduling their own games or participating in the following cooperative scheduling process. If choosing to participate in the cooperative scheduling process, schools will be considered to have broken a contract for each game not played. The following is the cooperative scheduling process.

1. School must indicate to ASAA in writing their intent to participate in the cooperative scheduling process by December 1 of the current school year in order to be scheduled for the following two (2) years.
2. Schedules will be the same for two years except for the sites will rotate. For example: Team A plays Team B at Team A's home. The following year Team A will again play Team B, but at Team B's home. (This rule may be modified, by the committee, for schools playing in areas where extreme weather or other factors may make it non-feasible.)
3. Schools off the "road system" must announce the minimal financial assistance they will provide teams traveling to play.
4. Schools scheduled to play non-road system teams, must play those games if financial assistance is met.
5. ASAA will come up with a master schedule for those teams participating in the collective scheduling process. This schedule will be reviewed and may be changed by a committee made up of a representative from each football conference. The Region that has the most schools in the conference will choose the representative.

L. RECOMMENDATIONS AND GUIDELINES FOR MINIMIZING HEAD IMPACT EXPOSURE AND CONCUSSION RISK IN FOOTBALL

The Alaska School Activities Association, along with its Sports Medicine Advisory Committee (SMAC) has reviewed the recommendations of the National Federation of State High School Associations (NFHS) regarding policies to minimizing head impact exposure and concussion risk in football. ASAA strongly recommends to its member schools and districts to adopt the following as policy.

1. Full-contact should be limited during the regular season, as well as during activity outside of the traditional fall football season. For purposes of these recommendations and guidelines, full-contact consists of both “Thud” and “Live Action” using the USA Football definitions of Levels of Contact.

Rationale: By definition, “Thud” involves initiation of contact at full speed with no pre-determined winner, but no take-down to the ground. Accordingly, the task force supports that initial contact, particularly with lineman, is just as violent with “Thud” as with “Live Action.” However, the task force also recognizes that “Live Action” likely carries a higher risk for other injuries to the body than does “Thud.” The USA Football Levels of Contact “Air,” “Bags,” and “Control” are considered no- or light-contact, and thus no limitations are placed on their use.

2. Schools in Alaska should limit contact in practices. ASAA strongly recommends that full-contact shall be allowed in no more than 2 practices per week. Full-contact shall not be permitted on more than 2 consecutive days. Full-contact time shall be no more than 30 minutes per day and no more than 60 minutes per week. In no cases should a contact practice and a game be allowed on the same day.

Rationale: There is insufficient data to specify with certainty a research-validated “best practices” standard for contact limitations. Several states (Alabama, Arizona, Maryland, and Texas) adopted varying limitations on contact prior to the 2013 football season. Preliminary High School RIO injury surveillance data suggest these states have seen a statistically significant decrease in concussion rates during practices, with no increase in concussion or other injuries during games.

3. Prior to regular season games, practices may require more full-contact time than practices occurring during the regular season, to allow for teaching fundamentals with sufficient repetition. ASAA strongly recommends that, in these practices, full contact shall be allowed in no more than three practices per week. Full contact shall not be permitted on more than two consecutive days. Full contact time shall be no more than 30 minutes per day and 90 minutes per week.

- a. Pre-season heat acclimatization protocols and regulations regarding heat and hydration take precedent and should always be followed.

b. While total full-contact practice days and time limitations may be increased during the pre-season, the emphasis should focus on the proper principles of tackling and blocking during the first several practices, before progressing to “Thud” and “Live Contact.”

Rationale: Regular season practice limitations may need to be revised during the pre-season. This should be done in a specific and systematic manner to allow coaches to spend sufficient time teaching proper tackling and blocking techniques. Emphasis should be placed upon inexperienced players, as they slowly work through tackling and blocking progressions with “Air,” “Bags,” and “Control” using the USA Football definitions of “Levels of Contact.”

4. During pre-season, if twice-daily practices are held only one session per day should include full-contact.

Rationale: The adolescent brain needs sufficient recovery time following full-contact practices. In addition, concussion signs and/or symptoms may not develop for several hours after the initial injury.

5. ASAA has reviewed and recommends no change in the current ASAA policy which sets a maximum of six quarters played during a one week time frame.

For purposes of this policy a week is defined as a NFHS numbered week, and a team must have three full calendar days between contests. For example: if a game is played on Friday, the soonest that the next game can be scheduled is on Tuesday.

After six quarters of play per week, a kicking specialist may participate in up to eight quarters per week, providing that in four quarters the player does no more than kick.

Rationale: High School RIO data consistently show that competition presents the highest risk for concussion. Participation in games at multiple levels of competition during a single week increases risk for head injury and unnecessarily increases head impact exposure. In addition, games played on consecutive days or those scheduled on the same day (C team and Junior Varsity games or Junior Varsity and Varsity games) may not allow the brain an opportunity to adequately recover. Consideration should be given to moderating these situations as much as possible.

6. Consistent with efforts to minimize total exposure to full-contact, head impact exposure, and concussion risk, organizations sponsoring football outside of the traditional fall football season should follow the policies outlined in 2 and 3 above.

The Football Camp Recommendations would be:

All campers can participate in up to 60 individual contact/thud instances per day. Camps will not have contact more than two consecutive days and will not exceed three contact days per week.

Rationale: Football played outside of the traditional fall football season presents an opportunity for learning, physical activity, and skill development. However, athletes are at further risk for head impact exposure and concussion during any full-contact activity. Consideration should be given to significantly limiting the total time of full-contact. Other factors to consider include time elapsed since the previous football season and whether individual athletes have recently been, or are currently, participating in other contact/collision sports (e.g., Ice Hockey, Lacrosse, Soccer and Wrestling). Athletes with a history of previous concussions, especially if accompanied by the factors which increase risk of concussion, should seriously consider refraining from activities characterized by head impact exposure.

7. The NFHS, the NFHS SMAC, the ASAA SMAC and ASAA agree that an Emergency Action Plan for each venue, with clearly defined written and practiced protocols, should be developed and in place at every high school. When possible, an athletic trainer should be present at all practices and games.

Rationale: An effective emergency action plan (EAP) should be in place as a prompt and appropriate response to any emergency situation can save a life. The EAP should be designed and practiced to address all teams (Freshman, Junior Varsity, and Varsity) and all practice and game sites. An athletic trainer is a key component in any strategy to minimize injury risk and optimize safety for all participants.

ASAA will continue to reach out to coaches' association, working together to design and implement coach education programs that appropriately integrate youth, middle school, and high school football programs in every community. USA Football and the NFHS Fundamentals of Coaching courses will be the primary education resources for all coaches. Education for coaches should also include the proper fitting and care of helmets.

Rationale: The game of football continues to evolve and proper coaching technique at each level is fundamental to keeping the game safe and enjoyable. A proper fitting helmet may help decrease, but not eliminate, concussion risk.

ASAA will regularly educate its schools on current state concussion law and policies and recommend that schools to have a written Concussion Management Protocol. Schools should also be encouraged to share this information with coaches, parents, and students annually.

Rationale: Many schools experience frequent turnover of Athletic Directors and coaches. Frequent "refreshers" on state concussion laws and policies as well as sample concussion management protocols should be made available to ensure all schools are current on, and prepared for, safe and effective concussion management.

The prohibition on competing on a non-school team will be lifted during Thanksgiving and Christmas vacations dates as they are determined by schools and districts. Although this rule does not restrict practice on a non-school team during the high school season, no student may participate in a high school game on a day in which he/she has participated in a "comp" practice (see item 12 of supplemental rules regarding penalty).

E. RULES

National Federation of High School (NFHS) Hockey rules apply.

State adopted supplemental rules (Section L) shall be followed.

Mercy Rule: Upon reaching a 10 or more goal differential at the end of the second period or thereafter, a running clock will be used. Once begun, the running clock will be stopped only for team, official, or injury timeouts.

F. CONFERENCES

All teams are assigned to conferences. See the Sport Specific Conferences Section for the list of schools in each conference. Conferences are responsible for setting guidelines for seeding into their respective season ending conference tournaments. This includes whether conference participation is required for entrance into the state-qualifying tournament. Schools hosting a conference tournament are responsible and required to notify ASAA of the results, state qualifying teams, and their seeding upon conclusion of the tournament. If there is not a conference tournament, and state qualifying is based on the regular season records, the conference must appoint someone to notify ASAA of the state qualifiers and their seeds.

G. GAME LIMITATIONS

A team may play 22 regular season games exclusive of conference or state championships. Additional games may be played under the Endowment Game guidelines.

H. INDIVIDUAL PARTICIPATION LIMITATION

A player may participate in six periods of play per day or two games and there must be a two hour time lapse between the time the athlete played in the first game and the time he/she plays in the second game.

I. ENDOWMENT GAMES

ASAA encourages each school's Hockey team to play Endowment Games during the season above and beyond the 22 game limit. Two additional Endowment Games may be played each season. The Endowment Game is a fund-raiser for the Alaska Endowment for Youth Activities. School teams may play Endowment Games at any time during the regular season, beginning with the date of the first contest and extending through the time period between the conference qualifying tournament and the state tournament. Endowment Games do not count in a team's overall season record for seeding purposes. Schools wishing to host Endowment Games must apply in writing to ASAA by submitting the "Endowment Game Application Form" no later than one week prior to the game. Under no circumstances may an Endowment Game be played until this form has been signed by ASAA and returned to the participating schools. ASAA will invoice the host school for \$100 for each game.

J. JAMBOREE

All players must have 10 separate days of practice prior to the day of the jamboree. Time against all teams during one day cannot exceed 48 minute and time against each team cannot exceed 12 minutes. Each team may play in no more than one jamboree each season. Jamborees do not count against the 22 game limit.

School administrators should address repeated violations of poor sportsmanship at the school level. Whenever a player appears before the school administration, the coach is expected to accompany him/her.

1. The school of a team receiving a total of 15 penalties in any one game will receive the following penalty:

4. ASAA provides a reporting form requiring game officials to report any major penalties, game misconduct, game disqualification or suspensions and the circumstances involved. At the end of the game, the game official is required to submit the completed form to ASAA within 24 hours. ASAA then will send the Official's report to the school(s) involved. Schools are required to submit a copy of the School Contest Ejection Form to the ASAA office within 24 hours.

coaching staff knowingly permitted the student to play in a high school game after violating the dual participation rule.

7. ASAA Adopted Overtime Policy

All regular season games (non-tournament) shall adhere to NFHS Rulebook.

All games in the State Tournament will be played as follows with the exception of the State third and fourth place games at State in which one overtime period will be played. This will be a sudden victory overtime.

H. STATE CHAMPIONSHIPS

Currently there is no state tournament for Rifle as it does not meet the criteria.

I. HEALTH CONSIDERATIONS

Firearm instructors and frequent shooters are inherently at increased risk for lead poisoning from lead dust and fumes generated at firing ranges.

Airborne lead dust in firing ranges is generated by:

- a. Erosion of the bullet base by propellant gases
- b. Friction from the lead bullet against the gun barrel
- c. Exploding lead syphnate primers
- d. Lead bullets fragmenting from hitting the bullet trap, walls, floors or range ceiling
- e. Improper range-cleaning methods disturbing steeled lead dust
- f. Poor range ventilation found in both indoor and outdoor ranges

Health Effects

Lead is typically absorbed by breathing lead dust. After shooting, lead can also be ingested when drinking, eating and/or smoking without hand-washing. During shooting, lead dust can settle on hair and clothing, which can then be carried back to cars and homes — potentially to harm children. Lead absorbed by children under six years of age can cause permanent damage.

Lead is a toxin that affects the brain, nervous system, digestive and reproductive systems, kidneys, and the ability to make blood.

To determine lead exposure, a health professional can take a blood sample for analysis. An elevated blood lead level indicates that lead is building up in the body faster than it can be removed.

The State Environmental Public Health Center for Disease Control recommends that rifle shooters have pre- and post- season lead blood levels drawn each year.

Recommendations for firing range shooters who are concerned about lead

- a. Substitute jacketed or ammunition containing lead-free primers and bullets.
- b. Use the shoot range ventilation systems.
- c. Wash hands and face before eating, drinking, and before leaving the range.
- d. Wash and store firing range clothes separately from family clothing.
- e. Ask your physician to order a blood lead test.
- f. Never load bullets or melt lead in an unventilated area inside the home or anywhere children may frequent.

E. RULES

National Federation of High School (NFHS) Softball rules apply. ASAA adopted supplemental rules, as outlined in this section shall be followed.

Called Game: When a game is called by an umpire before the completion of the required number of innings, the game is declared a “no game”. The game can be replayed.

Suspended Game: A game called for any reason by an umpire after the required number of innings, where a winner cannot be determined (i.e. home team is behind and has not batted or score is tied) will be treated as a suspended game. The game shall continue from the point of suspension at a later time. The lineup and the batting order of each team will remain exactly the same as when the game was suspended. If a winner can be determined (both teams have equal at-bats or home team is ahead) the team that is ahead is declared the winner. If the game ends in a tie and the suspended game cannot be completed because of scheduling conflicts the game is considered a tie game.

Tie Breaker: If, after the completion of seven innings of play, the score is tied, the following tie-breaker rule will be played to determine a winning team. Starting with the top of the eighth inning, and each half inning thereafter, the offensive team shall begin its turn at bat with the player who is scheduled to bat last in that respective half inning being placed on second base (if the number five batter is the lead off batter, the number four batter in the line up will be placed on second base). The Mercy Rule will be in effect. During these regular season tournaments, each day of a tournament involving pool play shall count as one game against the 22 game limit.”

- a. Completed Special Need For Online Audition Form
- b. Letters from the student's school music director & the regional or qualifying music festival chairman petitioning the cause for why this exception should be allowed
- c. A copy of the music to be performed on the audition. (The music needs to be labeled with school and student identification and with all measures numbered.)

All entries submitted in this manner will be handled on an individual basis. The decision of the adjudicator will be final. The On-Line Audition will be adjudicated and the applicant will be notified by April 13 as to whether or not they qualify for the state music festival. The cost of \$10 will be added to the applicant's fee. (See the Music Handbook for further guidelines and information if using this procedure.)

D. RULES

1. **ACCOMPANISTS:** Directors are encouraged to limit the number of events a pianist may accompany in order to aid in the overall scheduling of the festival.

2. **ADJUDICATION FORM:** Application forms for solo and ensemble events at the state level must include a copy of the same adjudication form which was completed at the qualifying level, showing the Superior or 1 rating received. Applications will not be considered unless this form is included.

NFHS Music Adjudication Forms will be furnished by ASAA at the festival. The same rating form should be used at all qualifying levels. Copies are available upon request and are included in the Music Handbook.

3. **ADJUDICATOR SCORES:** Students will receive (a) a "1", (b) "C" for comments only, or (c) a combination of "1" and comments. The adjudicators will not give a numerical score on the adjudication rating sheets.

4. **APPLICATION DEADLINE:** All regions are to complete their regional or qualifying Solo & Ensemble festivals by April 23, 2018. The individual deadlines are:

- a. April 4: All festivals held in Feb. & March
- b. April 18: All festivals held before April 15
- c. April 25: All other festivals

5. **APPLICATION FORMS:** Directors are to submit their applications online at <http://www.asaa.org>, under Music: Forms.

- a. **SOLO APPLICATION** – for all solo entries
- b. **ENSEMBLE APPLICATION** – for all ensemble entries involving students from one school

c. EXHIBITION APPLICATION – for all ensemble entries involving students from more than one school

6. ARRANGEMENTS and TRANSCRIPTIONS of ORIGINAL WORKS and/or the use of NEWLY COMPOSED WORKS by STUDENTS or DIRECTORS:

a. Arrangements, transcriptions and original works need to go through a "copy right" process to be used at state festivals. Authorization for an arrangement or transcription of an original composition needs to accompany the copy that is given to the adjudicator at the festival.

b. If music is purchased from off of the internet and downloaded and thus "copied", a copy of the invoice for the purchase of that music needs to be included with the music given the adjudicator.

7. COMMAND PERFORMANCE: The Solo & Ensemble Festival will close with a Command Performance Concert by selected students nominated by the adjudicators on both Friday and Saturday evenings.

8. DISQUALIFICATIONS: A soloist or ensemble can be disqualified if:

a. The adjudicator does not have a PUBLISHED COPY of the MUSIC to be performed.

b. The measures of that music are not numbered. Number each measure.

9. DOUBLING of PARTS: in an ensemble is not permitted with the exception of a vocal ensemble that may include up to four voices per part or a percussion ensemble.

10. DRESS CODE: Students are asked to wear their school music uniform when performing. If a school does not have a school music uniform, then student dress should be clean, in good repair, modest, professional and appropriate for a concert performance. (See the Music Handbook for further details.)

11. ENSEMBLES NUMBERS: Number of students participating in a string ensemble, brass ensemble or woodwind ensemble will be limited to eight (8) with the exception of a hand bell, steel drum, percussion, or vocal ensemble, which will be limited to sixteen (16) or a jazz band which will be limited to twenty (20). A small ensemble will consist of 2-8 performers and a large ensemble will consist of 9-16 performers.

12. ENTRIES PER STUDENT — "RULE OF 4": Students may perform in no more than four (4) events with the following restrictions.

a. LIKE ENSEMBLES: There can be no duplication of personnel in like ensembles, i.e., two clarinet duets, two large men's ensembles, etc.

b. NON-RELATED EVENTS: Students may enter in more than one (1) solo event on a different instrument (or voice and instrument) providing that they are not related. Related instruments are defined as: alto, tenor, baritone saxophone; A, Bb, Eb, soprano clarinet; marimba, xylophone or any keyboard instrument; flute, piccolo; etc.

c. QUALITY: When advising students, directors should consider the quality of performance and the preparation time required for development of that quality.

13. ENTRY FEES: There is an entry fee of \$10 per participant regardless of the number of events entered by a student. There are no refunds. Accompanists are not required to pay entrance fees.

Fees do not need to accompany the applications. ASAA will invoice all schools at the conclusion of the festival.

If a director WITHDRAWS a student or event before the “drop dead date” of May 4, 2018, there will be NO FEE charged for the withdrawn student or event.

Schools will be charged \$10 per-student if:

- a. A student is a NO SHOW for the event in which they were originally submitted for adjudication; or
- b. A student's event is CANCELLED after the "drop dead date"
- c. The director does not give timely notice that a student will not be participating in the festival.

The following additional fees will be assessed if applicable:

- a. \$10 fee for each on-line audition submitted per section 3.d. above.
- b. \$25 fee for the use of a Festival Accompanist, which includes one rehearsal, the adjudication, and a Command Performance, if applicable. If a festival accompanist is needed for more rehearsal time, the school is responsible for making these arrangements with the festival accompanist and paying an additional \$25 fee for each half hour of time.

14. EXHIBITION ENTRIES: Entries composed of students attending different schools are allowed. Such entries should be entered using the on-line EXHIBITION ENSEMBLE APPLICATION. These entries are adjudicated and qualify for Command Performance consideration.

15. FESTIVAL FOCUS: The focus of the State Solo & Ensemble Festival will be on the adjudication process for the student — a thoughtful, accurate and educationally sound interaction between adjudicator and student. Students should be encouraged to take advantage of the opportunity to listen to others' performances during the festival.

16. JAZZ, SHOW CHOIR & MUSICAL THEATER: Vocal and instrumental music of the jazz, show choir & musical theater idiom will have their own judging categories. Be sure that vocal ensembles are entered in the right category as their audition is adjudicated according to their vocal category. Refer to the ASAA Music Handbook for further clarifications as to entries in these categories. Briefly: JAZZ entries should include improvisation; SHOW CHOIR entries should include choreography or staging; MUSICAL THEATER entries should come from actual Broadway shows and the name of the Broadway show should be included with the title of the musical theater selection.

17. MUSICAL SELECTIONS: It is highly recommended that soloists and ensembles perform the same musical selection at the state festival that was performed at the regional, district or local festival. Given teacher recommendation, a student may select another piece for the state festival, however, the student is required to enter the state festival in the same category in which they received a Superior Rating at the qualifying event. Students cannot change instrument or voice categories.

Alaska does not have a required state music list for choosing music selections. Directors are cautioned to direct entries into the Jazz, Show or Musical Theater category if they are better suited, verses entry in the more traditional, classical categories at this festival. “Pop music” is discouraged at the state level.

18. ORIGINAL MUSIC: Each soloist or ensemble will furnish one published copy of the music to be performed for the adjudicator's use. Ensembles are to present a score of the ensemble rather than original music for each individual part. For a soloist, an original copy of the instrument part is preferred over an orchestral or band score or piano transcription, which may or may not indicate the solo part. Do not mail music with the application; bring it to the festival and give it to the adjudicator. Please number each measure in the music.

19. SCHEDULE: A general schedule of the vocal and instrumental adjudication time blocks can be found in the Music Handbook and on the ASAA web site. Students need to be available for all days of the adjudication process as some instruments will only occur on one day while others will appear on both days.

Generally, solo instruments are adjudicated on Friday and ensembles are adjudicated on Saturday. However, Vocal Solo, Classical Vocal Ensemble, Music Theatre Vocal Solo and High Strings are adjudicated on both days. Percussion is only adjudicated on Friday. Instrumental & Vocal Jazz and World Music are only adjudicated on Saturday.

20. STUDENT FESTIVAL SUPERVISION: Music directors are responsible for the supervision of students at all times while the participants are at the festival and must ensure that students are appropriately involved in festival activities. Students cannot participate at the state music festival without their festival badge which must be given to the students by their school music director or their authorized representative. The student's supervisor must be present for the student's adjudication and if nominated, their Command Performance presentation.

21. SUBSTITUTIONS: Through illness, eligibility or other extenuating circumstance, an ensemble member may be substituted in a qualifying regional ensemble as long as not over 25% of an ensemble is changed. i.e., no one from a qualifying duet or trio could be substituted, but one member of a qualifying quartet could be substituted if needed to participate at state.

22. TIME LIMITS: Performances shall not exceed six minutes. Cuts may be needed to accomplish this, i.e., no repeats, not all movements, etc.

E. AWARDS

1. Each participant will receive a Participant certificate.
2. Each participant receiving a Superior Rating for any event, will receive a Participant Certificate and a Superior Pin.
3. Each participant receiving a Superior rating and a Command Performance Nomination will receive a Participant Certificate, a Superior Pin, a Command Performance Nomination Certificate and a letter of commendation.
4. ACADEMIC AWARD for highest school GPA. (School must have a minimum of ten (10) musicians to be eligible for the Academic Award.)

Format

All divisions are a 9 entry single elimination, consolation bracket. Facility limitations/opportunities will determine match lengths and time.

Scoring System

The top five places for each event will be scored. The total points will determine the state championship team and runner up.

4. STATE SEEDING

a. Each coach will submit a seeding form (online) for any possible seeded athlete.

b. A committee appointed by ASAA of knowledgeable tennis individuals will seed each division. Up to four competitors per division may be seeded. The remaining competitors will then be randomly drawn in.

c. Individual Player Seeding Criteria

The following criteria is considered sequentially. If more than two players are being considered for a given seed, the same process is applied until one player is separated (either selected as seed, or eliminated.) The process returns to step one to assess the remaining players:

1. In-Season Head-to-Head Results

a Win-loss record between players

b Percentage of sets won (all matches directly between players considered)

c Quality/decisiveness of wins between players, if split.

2. Common Opponents

In general, apply 1a-1c criteria considering all matches played between players under consideration and the common opponent(s).

3. Notable Wins and Losses

This criterion considers match results against players other than common opponents included in criterion #2. Notable wins include those over generally-accepted strong players/teams who are not otherwise being considered for seeding in this event. Conversely, notable losses include those to players/teams who are generally considered significantly weaker than the teams being considered for seeding.

4. Region Tournament Results

Performance in a region tournament does not necessarily provide comparative data, but typically does indicate a minimum level of accomplishment. Preference is limited to those who reach at least the quarter-finals of their region tournament.

5. Overall Season Win-Loss Record

Due to the difference in number of matches each player may have in a season, a win-loss differential is more important than the raw win-loss record.

6. Previous Year's State Tournament Results

This preference is reserved for players who were champions or runners-up of the previous year's state tournament.

7. Out-of-Season Head-to-Head Results

Out-of-season matches includes matches played before the season started, or outside ASAA sanctioned events (e.g senior tournaments held during the season.) Preference is given to sequence – matches played closer in time to the ASAA season are given greater weight.

d. Doubles Seeding Criteria

1. Doubles resumes with different partners (both players)

2. Singles resumes (both players)

3. Overall win-loss differential in general, all else being equal, preference should be given to teams that have an established record playing together.

5. STATE POLICIES & PROCEDURES DOCUMENT

Mini-matches that are limited to 1, 2 or 3 games are not considered full matches and do not count against the 22 match limit. During the regular season, each day of a tournament involving mini-matches (pool play) counts as one full match and is counted as part of the 22 match limit.

H. ENDOWMENT MATCH

ASAA encourages each school's team to play Endowment Matches during the season above and beyond the 22 match limit. Two additional Endowment Matches may be played each season. The Endowment Match is a fund-raiser for the Alaska Endowment for Youth Activities. School teams may play Endowment Matches at any time during the regular season, beginning with the date of the first contest and extending through the time period between the conference qualifying tournament and the state tournament. Endowment Matches do not count in a team's overall season record for seeding purposes. Schools wishing to host Endowment Matches must apply in writing to ASAA by submitting the "Endowment Game Application Form" no later than one week prior to the match. Under no circumstances may an Endowment Match be played until this form has been signed by ASAA and returned to the participating schools. ASAA will invoice the host school \$100 for each match.

I. JAMBOREE REGULATIONS

1. Two sets maximum against each team.
2. All players must have 10 separate days of practice prior to the day of the jamboree.
3. Each team may play in only one jamboree each season. Jamboree matches do not count against the 22 match limit.

4. SEEDING QUALIFICATIONS

- a. Up to 6 wrestlers per weight class will be seeded using the Track Wrestling system. All other qualifiers will be randomly drawn in.
- b. Wrestler must have winning record.
- c. Wrestler must have wrestled at least 8 varsity matches.
- d. All matches must have been entered into Track Wrestling, including dual and tournament matches.
- e. Matches must have been designated as either Varsity or Junior Varsity.

5. SEEDING PROCESS

The Track Wrestling round robin algorithm goes through each wrestler to compare that wrestler to every other seedable wrestler in that weight class. When comparing the wrestlers, it goes through the criteria in order. If one wrestler is better than the other based on the criteria, that wrestler receives a point, otherwise it goes to the next criteria. If all criteria is exhausted, each wrestler receives ½ point. Once every wrestler is compared to every other wrestler, the wrestlers are sorted by the points they accumulated during that process. If two wrestlers are tied on points, it goes to the head to head comparison between those two wrestlers. If more than two are tied based on points, it sorts them by the criteria until they are separated or a two-way tie occurs at which point the head to head comparison is used. If two wrestlers remain tied after a head to head comparison, there will be a coin toss at the ASAA office to break the tie.

Coaches will continue to utilize Track Wrestling to enter regular season and conference results. After the conference tournaments and scratch deadline, ASAA will release the seeds as determined by Track Wrestling's running the ASAA Seeding criteria. ASAA will post those results and the seeding report online by 8:00 PM Tuesday.

Coaches have until 8:00 AM Thursday to notify ASAA of issues with the seeds. A committee composed of knowledgeable wrestling people will then review all the seeds, and those that coaches have questioned. This committee will have the authority to re-seed the tournament; if it is determined information was not entered correctly on Track Wrestling. Those coaches failing to utilize Track Wrestling properly will be issued a warning. If a "warned" coach makes the same mistake in future years, then the school is fined \$250.

6. SEEDING CRITERIA

The following national criteria was adopted by the Board of Directors.

- a. Head to head – strictly head to head record
- b. Record Against Common Opponents – based on winning percentage against an individual common opponent.
- c. Previous State Champion or Runner Up – first or second place from the previous year, state champion first – then runner up.

“MINIMUM WEIGHT” WEIGH-IN POLICY AND INTERPRETATION

1. Interpretation of State Tournament Weight Class

Each wrestler is required to have at least one-half of his/her weigh-ins during the season at the minimum weight he/she will wrestle during the state tournament series.

2. Interpretation of “Minimum Weight”

After certification, a wrestler may not weigh-in and wrestle at more than one weight class above the weight of certification without recertifying at a higher weight.

NFHS Rule 4, sec. 4, art. 2 “A contestant shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh-in, qualifies the competitor.

NFHS Rule 4, sec. 5, art. 8 “Any contestant failing to make weight during the weigh-in period shall be ineligible for that weight class. That contestant may weigh-in at a higher weight class.”

Question #1: A wrestler, certified at 125 pounds, has 75% of his/her weigh-ins at the 125 pound weight class during the majority of the season. He/she chooses to go up a weight class and 25% of his/her weigh-ins are at the 130 pound weight class for the remainder of the regular season. What weight class can this wrestler compete in legally at the State Tournament?

Answer #1: The wrestler may wrestle at the 125 weight class and no lower; or at 130 or 135 pound weight class provided he/she abides by NF Rule 4-4-2, which states that a contestant shall not wrestle more than one weight class above the class for which the actual weight, at the time of weigh-in, qualifies. This wrestler could legally wrestle at 125 pounds because of the “one-half rule” or at a higher weight class without regard to the “one-half rule.”

Question #2 : A wrestler, certified at 125 pounds, weighs in and makes weight for the 130 pound weight class. What weight class can this wrestler compete in legally and how does it effect his/her weight certification?

Answer #2: The wrestler may wrestle at the 130 or 135 pound weight class This has no effect on the wrestler’s weight certification.

Question #3: A wrestler, certified at 125 pounds, weighs in and makes weight for the 135 pound weight class. What weight class can this wrestler compete legally and how does it effect his/her weight certification?

Answer #3: The wrestler may wrestle at the 135 or 140 pound weight class. The wrestler would automatically be recertified at 130 pounds (one weight class below that which he/she weighed in.)

3. Interpretation of “one-half of that wrestler’s weigh-ins”

Only actual certified weigh-ins will count toward the one-half rule, not number of matches wrestled.

Example: A wrestler participates in a 2-day tournament on Friday and Saturday. He/she weighs-in both on Friday and on Saturday for a total of two weigh-ins. He/she wrestles a total of four matches during the tournament. This wrestler may count only the two individual weigh-ins toward the “one-half rule.”

4. Conference Tournaments

Conference tournaments count toward the “one-half rule”.

RINGWORM POLICY

Ringworm infection among Alaska high school wrestling teams the past few years has been a continuing problem. To help schools, coaches and officials in dealing with this problem, ASAA has officially adopted the following position based on two primary sources of authority; the National Federation Wrestling Rule Book and the State of Alaska, Department of Health and Social Services, Division of Public Health, Section Epidemiology.

1. NF Wrestling Rule Book states in Rule 4-2-3:

“If a participant is suspected of having a skin disease or any other condition that may be communicable, his coach shall provide current written documentation from a physician stating that the suspected disease or condition is not communicable and that the athlete’s participation would not be harmful to his opponent. This document shall be furnished at the weigh-in or upon arrival at the site of the dual meet or tournament. Covering a communicable condition shall not be considered acceptable and does not make the wrestler eligible to participate.”

2. State of Alaska, Department of Health and Social Services, Division of Public Health, Section of Epidemiology (907-269-8000) Recommendations

- a. Coaches should examine their wrestlers for the development of any ringworm-like rash. Any identified wrestler should be referred to the school nurse or other health care provider for further evaluation.
- b. A qualified trainer or health care provider familiar with the appearance of ringworm should be appointed as medical officer for each competition or tournament. All wrestlers should be examined on the day of competition by the medical officer. The medical officer's determination is final and not subject to appeal.
- c. Wrestlers with ringworm can continue to train with the team in activities that do not have body contact, e.g., weight training, aerobic conditioning.
- d. Wrestlers can resume training involving body contact and wrestling competition only when the ringworm lesions have completely healed.
- e. Wrestlers with ringworm should continue treatment for a minimum of 4 weeks.
