# ATHLETIC RELATED POLICIES

## 1. Multi-Region Conferences

A. Establishment: The Board of Directors has established athletic conferences:

1. to provide competitive opportunities for its member schools when they are limited,
2. to provide for the equitable administration of these activities throughout the state,
3. and to provide a post season qualification process for those teams which must compete against teams outside of their assigned regions.

The Board has established multi-region conferences in Baseball, Basketball, Football, Hockey, Soccer, Softball, Swim & Dive, Volleyball and Wrestling. The board may establish additional conferences or eliminate conferences as it determines.

B. Decision Making: The Board of Directors grants decision making authority to each multi-region conference to manage its own affairs. A decision of such a conference is subject to board oversight to ensure the decision serves the best interests of member schools and ASAA.

1. Multi-region conferences should adopt written bylaws and policies. Copies of these bylaws and policies must be on file at the ASAA office, or be currently available on the web.
2. Multi-region conferences must make every effort to make decisions which fairly represent the interests of each conference member. A school in a multi-region conference which determines that a conference decision is not in the school's best interest, may bring the complaint to the Board for resolution.
3. Fees imposed by multi-region conferences, or by regions within a conference, must be fair and equitable to all conference members.

C. Conference Placement: The Board of Directors places schools in multi-region conferences for the sports listed in the Establishment section above. Schools requesting conference placement, or change in conference placement, must submit their requests in writing to the Executive Director in a timely manner. Although input from other conference members will be considered, final conference placement will be determined by the Board. ASAA will print a list of multi-region conferences and members each year in the Directory section of the Handbook. Any errors or omissions should be immediately reported to ASAA.

D. Conference Administration: The Board of Directors has determined that a Conference Commissioner, or contact person, must be selected by each multi-region conference. This person must be willing to assume the administrative duties of the conference and to communicate conference business to ASAA. It is crucial that ASAA staff have complete contact information for the Commissioner to ensure that state tournament qualifying information is received in the office in a timely manner, and to have a resource when seeking other information on the conference.

## 2. Taunting Policy

Any school wishing to incorporate a celebratory or motivational routine into an interscholastic activity (i.e. Haka Dance) must adhere to the following guidelines:

- may only be performed as part of a pre-game or post-game activity,
- may only be performed on the sidelines facing its own fans,
- may not include taunting, disrobing or other inappropriate behaviors, and
- must conform to sportsmanship values established by school districts, ASAA and the NFHS.

Penalties for failing to adhere to the above guidelines will be imposed by the contest officials using NFHS rules. The Head Official for the game will notify ASAA of any infraction of the rule. ASAA and school districts may impose additional sanctions for violations.

### **3. Out-of-Season Participation Policy**

Students may participate in camps and travel teams only during the months of May, June, July and August. “Open facility” activities may be run outside the regular season. Use of school equipment, supplies, and name shall be determined by the school administration.

The coach or other personnel representing the school is prohibited from requiring any athlete to participate in an out-of-season sport, training program, or travel team as a condition of selection for the in-season team.

All team camps run or organized by a school coach or school outside of the defined high school season must be advertised and open to students beyond that school.

Policy Definitions:

“Prospective Player” - A Prospective Player is any student enrolled in a specific coach’s school, or any student who will be enrolled in that school during the next school year.

“Camps” - there are two types of “Camps” - team camps and commercial camps.

Team Camps - may be attended only during the months of May, June, July and August. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team. A camp is considered a “team camp” if any of the following criteria are met:

1. students, as a team, are housed and/or fed at the school.
2. students, as a team, are housed and/or fed away from the school.
3. students, as a team, are taken on outings

Commercial camps – Students may voluntarily attend commercial camps during the months of May, June, July and August upon approval of their parents. Attendance may not be mandated. Service clubs, school organizations or schools may pay fees for participation according to their own school/ district policies. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

“Clinics” – With prior approval of the Executive Director, a school may conduct a clinic during the school year. Clinics must be advertised in advanced and open to all students in the school and/or community. Clinics are limited to 3 days in length.

“Conditioning” – Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and /or exercise. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds, and other implements related to

specific ASAA activities. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

“Travel Teams” – Travel Teams may be put together by a coach for competition during the months of May, June, July and August, either in or out of the state. Although the team is not affiliated with a member school, it may include students from one or more member schools. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team. For restrictions see (Article 12, Section 5, B) “A student who participates as a member of an out- of-school team coached by another school’s coach, and who subsequently transfers to that coach’s school, will be ineligible in that sport for one full season at the receiving school.”

“Out-of-Season” – Out-of-Season is any time other than during the established high school season in a particular sport.

“Practice” – Practice is a regularly scheduled team physical activity designed for the preparation of athletes for the ensuing sports season and conducted under the supervision of the school coach during the season established by the Board of Directors. A “practice” is further defined as any attempt by the coach of a school team (paid or volunteer) to teach any phase of a game or activity to his or her squad, or have the squad or part of the squad engage in drills under the supervision of that coach, or from directions provided by that coach. Under this definition, “school team” also applies to students and coaches of “individual sports.”

The “out of season” participation policy is suspended from May 20 through July 31st. This means a coach of a team sport can coach his/her players anytime, anywhere, during this period. During this time period the coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

“Coach” – A Coach is an adult hired or approved by the school (either paid or volunteer) to conduct the usual duties of a coach under the guidelines established by ASAA and the school/district.

“Non-School Teams or Leagues”

1. During the school year, a school coach may not coach his or her school team in any out-of-season games.
2. Players from school teams may play in out-of-season leagues or games outside the season, but may not be school sponsored in anyway. These non-school teams may not use school equipment or uniforms. School transportation and facilities may only be used in accordance with school board policies as they relate to any other non-school groups using facilities or transportation.
3. A school team is defined as a team composed solely of players from one member school.
4. The definition of a non-school team includes one or more of the following:
  - a. A team affiliated with and scheduled for participation in an organized league.
  - b. A team participating against a team that meets criterion (1.) above.
  - c. A team identified by a name or a uniform, and which participates in contests independent from league affiliation.

    - Baseball, Cheer, Flag Football, Softball and Wrestling
  3. Individual Instruction (coaching) is acceptable on a seven to one basis, i.e. seven athletes per coach(es). This means that one or more coaches could instruct up to seven athletes (in no cases can the instruction involve more than seven athletes, i.e. two coaches working with fourteen athletes) in the activities of:
    - Football and soccer
- D. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

The philosophy of the open facility is that students may voluntarily attend for wholesome recreation or for purposes of improving their skills.
