Sportsmanship Creed

"This contest is being played under the authority of the Alaska School Activities Association. ASAA rules provide for fair play and good sportsmanship among athletes and coaches. Since booing and jeering do not support anyone, we expect fans to be positive in supporting their favorite team with encouraging comments and cheers. Please refrain from words or actions that would reflect negatively on your school and team. In other words, BE A FAN—NOT A FANATIC."

PERSONAL AND BUSINESS PLANNING

Teamwork provides perfect backdrop for working at home in Alaska

I was born and raised in Alaska, and have come to appreciate the amazing natural beauty of the 49th state.

As a high school student, my future was just as uncertain as anyone else, but participation in ASAA activities helped point me in the right direction.

Teamwork, camaraderie, and dedication were valuable skills I learned through participation in East High School's tennis team.

Today, as a Guest Services Supervisor, I put those skills to use everyday. I'm proud to work for a company who sponsors ASAA, and their investment in the future of Alaska's youth.

History of Softball in Alaska

As more schools began having softball teams, ASAA created the first state tournament in 1996. All schools were in one classification and, since it was an emerging sport, qualification to the state tournament was dependent on a team's season record. If a team had a .500 average or higher, regardless of the number of games they played, they qualified for a berth. This meant that no one knew how many teams would actually compete until the last week. Sometimes as few as eight but as many as fourteen teams might attend the state tournament. The tour-

namment bracket was a double elimination format which might require some teams to play as many as four or five games within 24 hours.

In 2005, with twenty-five schools now having softball as a varsity sport, it was time to divide into a Large Schools Classification (850+ enrollment) and a Small Schools Classification (under 850 enrollment). This change not only addressed the growth in the number of smaller schools playing softball, but also the inequity of playing in one

tournament against schools much larger. Schools could still qualify by having a .500 record against teams only in their own classification. However, in 2006, schools were grouped into conferences with a certain number of berths assigned to each conference. Presently, there are 15 schools in the large school classification that get eight berths to state. And there are eleven schools in the small school classification that are assigned six berths.

History of Baseball in Alaska

For many years, baseball was played as a preparation for American Legion Baseball. Teams in Anchorage and Fairbanks were basically feeder programs for the summer long club programs. As interest developed in more schools, ASAA created the first state tournament in 2000. At that time, there were about twelve schools in four regions in the state. Since then, the

sport has been adopted by more schools—in many cases as an “outsourced” program as schools were unable to fund additional sports.

The first six state tournaments involved only the top team from four different conferences to play two semi-finals, a third place game and a championship. Starting with 2007, the tour-

namment expanded into a regulation eight-team championship that included two teams from each of the four conferences. Presently, there are 30 schools with baseball programs throughout Alaska.

Is your future

going up in smoke?

What if someone offered you a highly addictive, slow-death poison that made you look foolish and insecure? Would you even THINK about trying it?

Cigarette smoke is loaded with toxins and hundreds of harmful additives. It contains much higher levels of carbon monoxide than car exhaust! And the price an average pack-a-day smoker pays to feed their addiction to these toxins is about \$300 a month!

If you are addicted to tobacco, it's never too late to quit. Please get help before your future goes up in smoke.

Tobacco is poison. For real.

WE'RE TEAMING UP!

Giving all Alaska students the opportunity to join in activities and reach their goals.

Thanks to our loyal customers and committed employees, ACC has grown to 35 retail stores throughout the state. Together with our meat processing plant, North Star Quality Meats, and our wholesale division, Pacific Alaska Wholesale, we strive to meet the food and merchandise needs of the communities we serve.

Sponsoring ASAA provides ACC with great opportunity to extend that same dedication to the youth of our villages.

Alaska Commercial Company, serving rural Alaska since 1867

A pitch for success

For nearly a century, our success has reflected a belief in Alaska's youth. We're proud to support the Alaska School Activities Association and students in communities throughout the state.

Congratulations to all the 2014 ASAA/First National Baseball and Softball State Championship participants.

Together, we'll build Alaska's bright future.
