Sportsmanship Creed

“This contest is being played under the authority of the Alaska School Activities Association. ASAA rules provide for fair play and good sportsmanship among athletes and coaches. Since booing and jeering do not support anyone, we expect fans to be positive in supporting their favorite team with encouraging comments and cheers. Please refrain from words or actions that would reflect negatively on your school and team. In other words, BE A FAN—NOT A FANATIC.”

I was born and raised in Alaska, but in high school, I was just as uncertain about the future as my classmates.

Thankfully, I was blessed to participate in several ASAA activities and sports that helped put my future on the right track.

As a participate of East High School Student Government and soccer team, I learned the value of teamwork and proactive participation. Today, as Princess Guest Services Manager for the Anchorage Transportation and Guest Services Division, my life is still right on track.

I’m proud to work for a company who sponsors the Alaska School Activities Association (ASAA), providing today’s young Alaskans with 22 sports and activities to enrich their lives and ensure Alaska’s future.

Over HALF of all teen driving deaths involve alcohol! Here are three sobering facts you will never see in a beer commercial:

- 80% of alcohol-related fatalities are caused by beer consumption
- 11,769 impaired drivers DIED in 2009, over 700,000 injured.

Ravn Alaska is proud to support Alaska’s youth and ASAA.
History of Softball in Alaska

As more schools began having softball teams, ASAA created the first state tournament in 1996. All schools were in one classification and, since it was an emerging sport, qualification to the state tournament was dependent on a team's season record. If a team had a .500 average or higher, regardless of the number of games they played, they qualified for a berth. This meant that no one knew how many teams would actually compete until the last week. Sometimes as few as eight but as many as fourteen teams might attend the state tournament. The tournament bracket was a double elimination format which might require some teams to play as many as four or five games within 24 hours.

In 2005, with twenty-five schools now having softball as a varsity sport, it was time to divide into a Large Schools Classification (850+ enrollment) and a Small Schools Classification (under 850 enrollment). This change not only addressed the growth in the number of smaller schools playing softball, but also the inequity of playing in one tournament against schools much larger. Schools could still qualify by having a .500 record against teams only in their own classification. However, in 2006, schools were grouped into conferences with a certain number of berths assigned to each conference. Presently, there are 13 schools in the large school classification and 15 schools in the small school classification with each classification assigned six berths.

History of Baseball in Alaska

For many years, baseball was played as a preparation for American Legion Baseball. Teams in Anchorage and Fairbanks were basically feeder programs for the summer long club programs. As interest developed in more schools, ASAA created the first state tournament in 2000. At that time, there were about twelve schools in four regions in the state. Since then, the sport has been adopted by more schools— in many cases as an “outsourced” program as schools were unable to fund additional sports.

The first six state tournaments involved only the top team from four different conferences to play two semi-finals, a third place game and a championship. Starting with 2007, the tournament expanded into a regulation eight-team championship that included two teams from each of the four conferences. Presently, there are 28 schools with baseball programs throughout Alaska.
