➤ **Alternative Education Program – Good Cause Determination Policy:** motion and second “to adopt the presented Alternative Education Program – Good Cause Determinations Policy as presented.”

(Motion Carried - Unanimous Consent)

Note: The adopted policy reads:

“Alternative Education Program – Good Cause Determinations Policy

The purpose of this policy is to promote consistent statewide application of the “good cause” standard set forth in ASAA Bylaw Article 12, Section 2.b.2.

The authority to determine whether good cause exists rests solely with the boundary school, the requested school, and, where applicable, the local district governing body. ASAA does not make initial determinations of good cause. Nothing in this policy shall be construed to transfer decision-making authority from member schools to ASAA.

For purposes of Article 12, Section 2.b.2, good cause means a legitimate, documented, and non-athletic reason supporting a student’s participation in interscholastic activities at a school other than the student’s boundary school. Good cause should not include reasons based on athletic advantage, team preference, or competitive opportunity.

The following examples identify circumstances under which ASAA would generally concur that a school’s determination of good cause is consistent with the intent of Article 12, Section 2.b.2, provided appropriate documentation exists and both schools approve participation. These examples are illustrative and not exhaustive:

- Documented family or personal hardship, including custody arrangements, transportation limitations, or similar circumstances that render participation at the boundary school impractical.
- Verified safety or student well-being concerns, including bullying, harassment, or related issues, where participation at another school supports the student’s welfare.
- Scheduling or logistical conflicts arising from the structure or schedule of an alternative or online education program that prevent participation at the boundary school but permit participation at the requested school.
- Program availability where the requested school offers an interscholastic activity not available at the boundary school.

4048 Laurel St. #203, Anchorage, AK 99508 / Phone: 907-563-3723 / Web: www.asaa.org

(Motion Carried - Unanimous Consent)

Note the adopted policy reads:

ASAA Awards Ceremonies Policy

1. Purpose

The Alaska School Activities Association (ASAA) is committed to upholding the integrity, professionalism, and sportsmanship of all championship events. The purpose of this policy is to establish clear standards for student-athlete attire and conduct during official awards and podium photo ceremonies at ASAA-sanctioned state tournaments. These standards are intended to ensure that all participants represent their schools and communities with respect, dignity, and pride.

2. Scope

This policy applies to all school personnel and student-athletes participating in ASAA state championship events who appear on the awards podium, during official awards ceremonies, or in associated ASAA photographs.

3. Acceptable Attire

Student-athletes shall appear in attire that reflects the standards of their school and the Association. Acceptable attire includes:

1. The official competition uniform as worn during the event.
2. School warm-up suits, jackets, or team-issued apparel representing the athlete's school.
3. Clothing permitted under the school district's regular dress code for the school day.

All attire must be clean, neat, and worn in the manner intended by the manufacturer.

4. Prohibited Attire

The following are expressly prohibited during podium or awards presentations:

4048 Laurel St. #203, Anchorage, AK 99508 / Phone: 907-563-3723 / Web: www.asaa.org

1. Clothing, symbols, or accessories that promote or reference alcohol, drugs, tobacco, vaping products, or other controlled substances.
2. Clothing containing vulgar, obscene, discriminatory, or otherwise unsportsmanlike language or imagery.
3. Clothing or accessories that fail to meet school-appropriate standards.
4. Altered uniforms or garments modified in a way that violates competition or dress standards.

5. Podium Conduct and Decorum

Athletes are representatives of their schools, communities, and the Association. During official ceremonies:

1. Athletes shall conduct themselves with decorum, sportsmanship, and respect.
2. Attire must present a professional and unified appearance consistent with team identity.
3. Unsportsmanlike behavior—including inappropriate gestures, signs, language, or actions—is strictly prohibited. This includes, but is not limited to, obscene gestures, taunting other athletes, or displaying any conduct that disrespects the event, fellow competitors, officials, or spectators.
4. Athletes should demonstrate positive sportsmanship and respect during the entire ceremony and photo session.

6. Enforcement

ASAA staff are authorized to review attire and conduct prior to and during the awards ceremony.

1. ASAA will make every reasonable effort to notify the student and/or coach of a violation prior to the awards presentation to provide an opportunity for immediate correction.
2. However, ASAA may, at its discretion, allow the presentation to proceed in order to maintain the orderly flow of the ceremony or to avoid publicly calling attention to a student-athlete.
3. Schools will be notified of any violations and may be subject to disciplinary review.
4. A fine of \$500 per occurrence shall be assessed to the school of any athlete or team found to be in violation of this policy. Each separate violation during a championship event will be considered an independent occurrence.

2. Props, signs, or gestures that detract from the dignity of the awards ceremony are not permitted.
3. Coaches and administrators are responsible for ensuring that student-athletes are informed of and comply with this policy prior to state competition.

The volleyball RPI will use only 2-0, 2-1, 3-0, 3-1, and 3-2 scores and combine both 3A and 4A matches. ➤ **State Solo & Ensemble Command Performance Policy:** motion and second “to amend the Solo & Ensemble Command Performance Policy to read: The State Solo & Ensemble Festival will close with a Command Performance Concert by selected students nominated by the adjudicators on both Friday and Saturday evenings. (Motion Carried - Unanimous Consent)

Board Directives and Discussions: The Board of Directors engaged in discussions and provided direction as follows:

➤ **Student Eligibility Committee**: directed the Executive Director to send out the member schools a proposed bylaw amendment to the Article 12 Section 7 bylaw. This amendment would create a system in which some students failing to pass the required courses to be eligible could participate at the sub-varsity level and possibly regain varsity eligibility by the end of the first and third quarters of the school year.

➤ **State Berth Analysis of Team Sports Berths** The Board discussed the proposed changes to the allocation of Flag Football berths, which would reduce the CIC from 4 to 3 berths, with the reduced berth becoming an at-large berth to be determined by the RPI formula. In addition, the Board reviewed a proposal to change the berths in 3A/4A basketball to the four conference champions and four at-large berths as determined by the RPI. Finally, the Board reviewed the current Mix-6 berths feeling the Denali and Southeast conference should drop from two to one berth.

➤ **TAD Policy**: The Board discussed revising the policy to focus on consequences for violations while allowing schools to develop educational programs that could reduce suspension lengths.

➤ **Soccer Mercy Rule**: The Board discussed continuing to monitor the scores in soccer games to determine the need to impose a mercy rule.

➤ **Ketchikan DII Soccer Conferences Proposal**: Ketchikan, currently the only DII soccer program in Region 5, proposed creating two conferences with Kodiak and Ketchikan as separate groups. Ketchikan offered to subsidize visiting team travel costs. This proposal was reviewed. The Board requested the schools to work on a multi-year rotation to make sure this concept would work, prior to adoption during its next meeting.

➤ **Solo & Ensemble Venue Issue**: discussed how a miscommunication in the reservation process resulted in the UAA Fine Arts Building being booked by another outside group during the dates of the state event. The building is uniquely suited to this event due to its multiple

4048 Laurel St. #203, Anchorage, AK 99508 / Phone: 907-563-3723 / Web: www.asaa.org

equipped performance spaces, and rescheduling to later weekends is not feasible because of statewide conflicts with graduations, finals, and other end-of-year academic commitments.

The ASAA staff is actively working with UAA leadership to identify alternative solutions that preserve the integrity of the event and minimize disruption for students and schools.

➤ **State Bid April 1, 2026 Deadline:** discussed that the state bids for Track & Field, Soccer and DI Baseball are due to ASAA by April 1, 2026.

➤ **Baseball Stats Platform:** discussed the ASAA is looking into a baseball stats program (Athletes GoLive) which could help track pitch counts statewide. ASAA understand most teams utilize Gamechanger to score their games, but that it does not have a pitch count component. ASAA is currently under contract with Gamechanger so there will be plenty of time to get schools' input.

➤ **Impact on allowing students to play on varsity teams, when the school does not have sub-varsity:** discuss a possible issue regarding schools with no sub- varsity team sports, being allowed to have a student participate on the varsity team during the regular season, but not at either conference or state tournaments. While this does allow for participation, the student could possibly impact the selection of an at-large berth and/or seeding at conference events.

➤ **State Event for Rifle:** discussed the desire of some high school rifle teams to have a state championship. Currently it is not believed the activity meets the ASAA policy for a state championship. ASAA will contact schools to see if they are offering rifle.

➤ **Shot Clock Issues:** discussed some unique situations that have arose during the year. ASAA will ask schools and officials to send in any situations that have happened this year. Overall, the implementation has gone well.

➤ **State Bids:** discussed the pro and cons of mixing state bids verse only awarding a bid to one school. Also discussed, not going beyond three years in the future when bids are awarded.

Executive Session – The Board went into Executive Session to discuss personnel and financial matters.

Hearings –

- an appeal was held during the meeting
