History of ASAA

(Condensed Version • Revised June 2014)

ASAA's roots predate statehood. In the early 1950s, school leaders in the Territory of Alaska recognized the need to separate the high school basketball program from the local town business leagues. William Zahradnicek of Palmer, and W.W. Lahnum and Gordon Guffey of Anchorage, joined forces to organize the Western Alaska High School Activities Association with a mandate to ensure the necessary educational leadership. Sterling Sears of Juneau and Les Wingard and J.E. Danielson of Ketchikan were moving ahead at the same time to form the Southeast Alaska Activities Association.

In 1956, the Territorial Department of Education Superintendents Advisory Commission determined the need for an organization that could establish common rules and regulations to guide the activities of the two associations. In the Fall of 1957, the commission approved the Constitution and Bylaws of the Alaska High School Activities Association (ASAA). Officers representing the two divisions were elected. The first Board of Control consisted of William Zahradnicek, Palmer, as Chairman, J.E. Danielson, Ketchikan, Secretary-Treasurer; and members George McMillan, Juneau, Joe Montgomery, Anchorage, and Sterling Sears, Juneau.

This informal arrangement worked very well until the early 1970s, when the State Legislature added a section to the Educational Statutes placing the Association under the Department of Education. School populations and the number of participating schools were increasing. After many meetings, the two original associations became five distinct Regions based on school size and geographic location. One year later, in 1976, Regions increased to six. The new Board of Control consisted of one member from each Region, a representative of the Association of Alaska School Boards, and a representative of the Superintendents Association. In 1978, the board added a representative of the Alaska Association of Student Governments.

Due to the increasing number of schools participating in boys and girls basketball, the need for additional statewide culminating events became evident. This required the formation of a classification system that spanned all of the Regions. This task fell to a committee composed of representatives from all six Regions. It was known as the “Black and Blue” Ribbon Study Commission because of the difficulties faced in satisfying the needs of each Region. In June 1981, the Board of Control adopted the Commission's recommendation to establish four classifications based on school enrollment with some overlap in the two smallest classes due to geographic location. The first statewide event for the smaller classes was an invitational basketball tournament held in Anchorage in 1983-84.

In 1986, the Department of Education eliminated funding for ASAA. The Board of Control voted to incorporate as a 501(c)(3) non-profit corporation, beginning July 1, 1987. Because of ongoing jurisdictional issues between the Association and the State of Alaska, both entities sought a legal resolution. This resulted in the 1995 repeal of the Legislative Statue that had placed ASAA under the Department of Education.

In 2007, in order to ensure consistent tobacco, alcohol and controlled substances policies by member schools and districts, the Board of Directors adopted the “Play for Keeps-Win for Life” program for all student participants.

In 2011, the Alaska Legislature passed House Bill 15, (amended in 2012 under Senate Bill 119), that sets standards for concussion awareness, education, treatment and return to participation protocols. ASAA developed recommended policies and procedures to assist in the implementation of the law.

In 2013, the Alaska Legislature passed Senate Bill 41 that addressed interscholastic participation by “alternative education program students.” ASAA developed bylaws and policies to assist schools, students and families in the implementation of the statute.

M. The Board of Directors shall report annually to the Commissioner of Education, the State Board of Education, and the Alaska Association of School Administrators for the purpose of receiving advice and comments. The report will show programs carried out.

ARTICLE 1 - BOARD OF DIRECTORS, ORGANIZATION & OPERATION DEFINITION

Section 1 - Organization and Terms of Members

A. The administration of the Association is vested in the Board of Directors composed of representatives elected by the member schools of each regional association and one representative each from the Alaska Association of School Boards and the Alaska Association of School Administrators. Each selected member of the Board of Directors shall have one vote. The Alaska Association of Student Governments (1978) is invited to appoint one non-voting ex-officio representative to the Board with terms not to exceed two years. Requests for additional ex-officio membership on the Board of Directors must be approved by the Board and member schools.

B. The term of office expires December 31.

Section 2 - Dates of Election and Replacements

Members of the Board of Directors shall be elected by December 1st of the year in which the term for the regional representative expires. A person may not serve more than six consecutive years. The Board of Directors will certify new Board members. If an incumbent ceases to be a member of the Board of Directors because of death, resignation, incapacity, change of a member school's or organization's designation of its Board representative, or because of moving out of the region in which elected, the member schools of the regional association or the governing body of any other association with a representative on the Board of Directors shall elect or appoint a replacement to serve on the Board of Directors for the remainder of the term.

Section 3 - Alternate Regional Representative

A regional association, the Alaska Association of School Boards, the Alaska Association of School Administrators, and the Alaska Association of Student Governments may elect an alternate member to sit on the Board of Directors in place of the regular member for only the following instances: weather and transportation problems, medical illness, or other excusable and acceptable reasons as approved by the majority of the other members of the Board of Directors.

Section 4 - Meetings

The Board of Directors shall meet not less than four times annually. It may otherwise convene upon the call of the president or upon the request of a majority of the Board of Directors, the call to be issued by the Executive Director. The membership will be informed of the meetings in a timely manner. Board members may attend and vote at the Board of Directors meetings, including its meetings as an appeals board, by teleconference. Meetings will be conducted according to the new Robert's Rules of Order.

Section 5 - Officers of the Association

The officers of the Association are a president, vice-president, and a secretary/treasurer. The president and vice-president shall be elected from among the members of the Board of Directors, each to be
elected annually for a term of one year. No one individual may serve as president for a period longer than a total of five years. If the offices of either the president or the vice-president become vacant because of death, resignation, or other emergency, it shall be filled for the remainder of the term by election by the Board of Directors at its next meeting.

**Section 6 - Secretary/Treasurer**

The secretary/treasurer is the Executive Director and serves at the pleasure of the Board of Directors. The duties and functions of the secretary/treasurer are the responsibilities of the Executive Director.

**Section 7 - Association Funds**

To the extent applicable, the secretary/treasurer shall comply with accepted fiscal procedures. The secretary/treasurer shall, under the supervision of the Board of Directors, have charge of funds of the Association. The secretary/treasurer shall make complete financial statements to the Association members at the time of the fall meeting. The accounts shall be audited at least annually and the cost of the audit will be paid by the Association. The financial year for the Association shall be August 1 to July 31.

**Section 8 - Definitions**

As used in these bylaws, the following definitions apply:

1. “Student,” whether in the singular or plural, means:
   a. Students enrolled in grades 9-12 attending a public school district's brick and mortar member schools and those enrolled in a public school district's non-member charter schools, alternative schools or programs (including district correspondence programs);
   b. Students in grades 9-12 attending an alternative education program, as defined in this section;
   c. Students enrolled in grades 9-12 in a member private or religious school and those enrolled in a correspondence program administered by such private or religious school, and
   d. Students enrolled in a junior high school or middle school which becomes a member of the Junior High /Middle School Division of the Association, pursuant to Article 17, Section 1, provided, however, that the only eligibility and participation rules of these bylaws applicable to such students are those contained in Articles 16 and 17.

2. “Alternative Education Program”: The Association adopts the statutory definition, in AS 14.30.365 (c) (1), of “alternative education program” as a public secondary school that provides a nontraditional education program, including the Alaska Military Youth Academy; a public vocational, remedial or theme-based program; a home school program that is accredited, as defined in this section; a charter school authorized under AS 14.03.250-14.03.290; and a statewide correspondence school that enrolls students that reside outside of the district in which the student resides and provides less than 3 hours a week of scheduled face-to-face student interactions in the same location with a teacher who is certified under AS14.20.020.

3. “Accredited”: For purposes of determining whether a home school program is "accredited" such as to qualify as an alternative education program herein, the State Department of Education and Early Development (DEED) has identified Cognia as the sole recognized body to accredit home school programs that have standards similar to Alaska’s standards; the Association shall regard as "accredited" those home school programs that have been accredited by Cognia.
ARTICLE 2 - MEMBERSHIP DUES

Section 1 - Member Schools

Each participating school for which a member school district has paid dues is a “member school” as that term is used in these Bylaws. This may include statewide correspondence schools. Note: See Application for Membership Form in the Table of Contents. Applications for membership from non-member schools must be received by ASAA prior to the Fall meeting of the Board of Directors, when those schools wish to engage in athletic competition during that respective school year.

Section 2 - Scale of Dues

A. Annual Association membership dues and student surcharges for school districts and private and religious schools shall be determined as the sum of the dues for each participating member school based on the actual enrollment in grades 9-12 shown on the Department of Education and Early Development first student count report for the prior school year for each school. For schools other than public schools, dues shall be based on the actual enrollment at the beginning of the present or prior school year, whichever is greater.

B. Based on enrollment in grades 9-12, school dues are as follows:

- 1-100. . . . . . . $250
- 101-500. . . . . $500
- 501-1,000 . . . $950
- 1,001-up . . . . $1,400

In addition to school dues, a surcharge of $10.00 per student is levied.

C. Alternative education program students who participate in a member school’s interscholastic activity program under AS 14.30.365 will be added to the school’s enrollment to determine school dues, beginning in 2014-15.

Section 3 - Date of Payment

ASAA will invoice for school dues August 1 for the current school year. Unpaid school dues are delinquent October 1. School Districts whose member schools are delinquent in paying the dues will be charged a penalty of $250 per invoice after October 15.

Section 4 - New Member Schools

New member schools will not be assessed the penalty for the first year of membership.

ARTICLE 3 - VIOLATIONS OF BYLAWS & RULES

Section 1 - Conduct of Activities

A. All school sponsored interscholastic sports, events and activities of member schools must be conducted in accordance with the Association’s Constitution and Bylaws, sport or activity rules and policies, the Activities Guide and Championship Handbook, the Music Handbook, and the Debate, Drama and Forensics Handbook.

B. Member schools shall follow the Bylaws and rules as adopted and set forth by the Association.
Section 2 - Conforming to Rules

A. Bylaws, including eligibility rules, contest rules, and Board of Directors policies may not be waived by consent between or among member schools.

B. As used in these Bylaws, “rule” includes the Bylaws.

Section 3 - Violations and Disputes

A. All cases in which there exists a reasonable belief that a rules violation has or will occur must be reported to the Executive Director in writing. All materials pertinent to the case shall be submitted for consideration. Any requests by the Executive Director for additional information pertaining to rule violations shall be promptly supplied by affected students, coaches, and member schools. In considering evidence provided in favor or opposed to the determination of a rule violation, and in investigating the matter, the Executive Director shall not be bound by the technical rules relating to evidence and witnesses. Relevant evidence will be considered if it is the sort of evidence on which responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of a common law or statutory rule that makes improper the admission of the evidence over objection in a civil action. Written decisions will be made by the Executive Director setting forth findings of fact, conclusions based on the Association’s Constitution and Bylaws, other relevant Federal or State law, and shall include any resulting order. Such findings, conclusions and orders shall be submitted to all appropriate and relevant parties within twenty-one (21) calendar days after the receipt of all materials.

B. All questions in dispute must be submitted to the Executive Director. The Executive Director’s decision is final unless appealed to the Appeals Board.

C. Self-Reporting: A member school shall report its own violation for any infraction of the Bylaws or policies. Some degree of leniency, including waiver of minimum mandatory financial and other penalties, may be made in self-reporting cases since the majority of such infractions may not otherwise come to light. Game or contest forfeitures as stated in Article 12, Section 1, shall not be waived in cases of self-reporting.

D. A protest by a member school under Section 4, A. of this Article constitutes a report of a rule violation under Section 3 and is governed by the procedure under Section 3, in addition to those in Section 4.

Section 4 - Protests Against Member Schools

A member school entering a protest against another school shall submit to the Executive Director, in writing, a full statement of the facts relating to the alleged violation committed by the offending school. A protest must be accompanied by written authorization from the superintendent of the protesting school or district. The Executive Director shall submit copies of the complaint to the superintendent or principal of the accused school. The accused school shall present its case in writing to the Executive Director within twenty-one (21) calendar days after receipt of the complaint. After reviewing the submitted materials, the Executive Director shall render a decision within twenty-one (21) calendar days.

ARTICLE 4 - APPEAL PROCEDURE

Section 1 - Appeals from Executive Director Decisions to Appeals Board

A. Within twenty-one (21) calendar days of receipt of a decision of the Executive Director, a member school or an individual may appeal such decision by requesting, in writing, that the case be presented to
the Board of Directors, which shall act as the Appeals Board. When requested by an individual student or by the parent or guardian of the student, the student's school shall submit the student's appeal to the Appeals Board.

B. The written appeal shall specifically set forth the grounds for the appeal, and include all relevant factual matters and citations to applicable provisions of the Association's Constitution and Bylaws, and to State or Federal statutes or constitutions.

C. The Appeals Board shall not be bound by the provisions of this section in an appeal of a game suspension of a player, or of a coach, when the suspension resulted from a game ejection which was based on the judgement call of a contest official. The Appeals Board will hear an appeal of a game suspension under this section, only, if the game ejection which caused the suspension, was a result of a misapplication of a rule. A misapplication of a rule which results in a game ejection, must be reported to ASAA by the contest official, by no later than noon of the next business day following the end of a contest, with a subsequent follow-up in writing.

Section 2 - Appeals Board Procedures

A. Upon receipt of an appeal, the Executive Director shall promptly transmit to Appeals Board members a copy of the Executive Director’s decision from which the appeal is taken, all relevant documents upon which the Executive Director’s decision was based, copies of the applicable provisions of the Association’s Constitution and Bylaws, State or Federal statutes or constitutions upon which the Executive Director’s decision was based, and copies of all written materials provided by the appellant in support of the appeal. The Appeals Board may receive additional evidence not considered by the Executive Director. All additional evidence submitted by the appealing party, including evidence submitted in response to any requests by the Appeals Board for additional information pertaining to the appeal, shall be promptly supplied by the affected student, member school or school personnel.

B. The Appeals Board may review the appeal and render a decision thereon on the basis of only the written materials provided to it in connection with the appeal. Oral hearings are not a matter of right, but may be granted, in the discretion of the Appeals Board, upon request by the appellant student or school, by the Executive Director, or by the Appeals Board itself, for good cause shown. A hearing, if granted, will be held during the next regular meeting of the ASAA Board of Directors, unless an expedited hearing is granted.

C. The appellant may request that the Board of Appeals conduct an expedited oral hearing. Such a request will be promptly reviewed by the Chair of the Appeals Board, who will approve or deny the request. If approved, an expedited oral hearing will be scheduled at the earliest available time consistent with the requirement that a quorum of the Appeals Board be present. An expedited hearing may be conducted by teleconference. When an expedited hearing is requested, the Appeals Board may assess the costs of the appeal against the member school or individual. Assessable costs may include travel, telephonic and copying costs, including teleconferences, and other related expenses. If the decision of Executive Director is overturned by the Appeals Board, these costs may be waived.

D. All hearings conducted by the Appeals Board will be held in executive session, unless an open public session is requested by the school or by the individual bringing forth the appeal. Audio recordings of hearings will be made by the Association. Deliberations of the Appeals Board following hearings will be in executive session, which will not be recorded.

E. The Executive Director will participate in the hearing for the purpose of providing information but will be excluded from participating in deliberations. Once the Appeals Board has reached its decision, it may invite the Executive Director to join the Board prior to moving out of Executive Session, if the Board decides that it needs assistance with the wording of the decision.
F. In considering evidence provided in favor of or in opposition to the appeal, including written documents, and, if applicable, testimony at any hearing, the Appeals Board shall not be bound by the technical rules relating to evidence and witnesses. Relevant evidence will be considered if it is the sort of evidence upon which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of a common law or statutory rule that makes improper the admission of the evidence over objection into civil action. Issues regarding consideration of evidence will be resolved by the Chair of the Appeals Board, unless a member of the Board objects to the Chair’s ruling, in which case the evidentiary issue will be resolved by majority vote of the Appeals Board. Any such ruling pertaining to evidence or testimony submitted at a hearing shall be made during the hearing.

G. Following its deliberations, the Appeals Board shall make a written decision setting forth its findings of fact, conclusions based on the Association’s Constitution, Bylaws and/or any other relevant Federal or State law, and shall include any resulting order. Such findings, conclusions and order shall be entered no later than twenty-one (21) calendar days after the Appeals Board’s receipt of all materials and any additional information submitted in response to a request by the Board, and shall be signed by the Chair or, in the Chair’s absence, by an alternate Chair selected by the Appeals Board.

H. All decisions of the Appeals Board will be promptly transmitted by facsimile to the affected school and mailed to the home addresses, as provided by the school, of the affected student and the student’s parent or guardian. The decision shall contain an express notice that it constitutes a final decision of the Appeals Board and that any party wishing to appeal the decision to the Superior Court for the State of Alaska must file such an appeal within thirty (30) days from the date of the decision.

Section 3 - Appeals Concerning Students in Alternative Education Programs:

For purposes of Article 4 and appeals procedures, references to the “student’s school” or the “affected school” shall include the public school, or the private or religious school wherein an alternative education program student participates in interscholastic activity pursuant to Article 12, Section 2 (C).

ARTICLE 5 - PENALTIES

Section 1 - Nature of Penalties

A. Penalties assessed by the Executive Director or by the Board of Directors upon member schools or individuals for violations of the Bylaws will vary depending upon the nature and character of the violation. Penalties assessed may include one or more of the following and will be in effect for the entire current school year.

1. Warning — A member school is placed on notice. After a member school is given a warning, all member schools will be notified. A like or similar violation within a school year will be the basis for placing the school on probation and/or the withholding of play-off privileges.

2. Forfeiture — To forfeit is to give up something because of error or rule violation through intent, neglect or oversight. Forfeiture always takes away a win and denotes a loss. Forfeiture may be used in conjunction with other penalties.

3. Probation — Probation is a testing or trial period for a school or team. Probation is tantamount to a larger penalty should the probation not be carried out in good faith and with due respect to all concerned.
a. The action is spread on the records and published in the Association’s official communications.

b. This penalty may carry one or more requirements for action & reports.

c. This penalty may be used in conjunction with other penalties.

4. Fines — A fine of up to $2,500 may be levied upon member schools for rule violations.

5. Prohibition — A member school placed on prohibition is ineligible to participate in state level competition in that sport.

6. Suspension — A school is suspended from an interscholastic activity for regular season and post season participation. An individual is suspended from practice and competition for a specified time period.

7. Suspension from the Association — A member school is suspended from Association membership for a period not to exceed 365 calendar days and forfeits any dues paid for the current school year.

8. Restitution — In addition to the above penalties, any one or more of these additional actions may be taken: 1) individual or team records achieved during participation by an ineligible player be vacated or stricken; 2) team or individual awards earned by an ineligible player be returned to the Association. If an ineligible student competes in a meet, match or tournament in violation of any Association Bylaws, all points earned by that student, or by a relay team of which the student is a member, will be declared forfeited; and in team sports (including wrestling), the entire contest is forfeited. The intent of this rule is to deter future violations and to ensure fairness to other individuals or teams with which that student or teams competes. When the Association is involved in legal cases, it may seek to recover attorney costs when it is found to be the prevailing party.

9. Failure to Pay a Fine — A member school that refuses to pay an assessed fine may be suspended from the Association.

ARTICLE 6 - CONTEST RULES

Section 1 - Contracts/Schedules for Contests and Events

A. Final agreements relating to contests or events between or among member schools must be incorporated into written contracts (may be on forms provided by the Association) or on league schedules. These contracts or league schedules must be executed by mutual consent of the representatives of the respective schools and exchanged or established not less than ten (10) calendar days prior to the contest. The contract or schedule may not be canceled or altered except by mutual consent of the schools involved. Breach of contract or league schedule will be considered a rule violation.

B. Contract Violation: A contract violation is a unilateral breaking of a game event contract which was agreed upon in writing or by league schedule with another school. A contract signed by the previous administrator of a school is enforced unless nullified by agreement of both schools’ administration. Pulling a team off the floor or field is an intentional contract violation.

C. Penalty: The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A member school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.
1. First Offense: The member school receives a $200 fine. If the Association determines that the violation involved intentional conduct by a member school representative, the member school is placed on probation and receives a $500 fine, and can be assessed with costs of reimbursement for financial loss by the aggrieved member school as determined by the Board of Directors.

2. Second Offense: The member school will be placed on probation/suspension, loses playoff privileges, receives a $500 fine, and can be assessed with costs of reimbursement for financial loss by aggrieved member school as determined by the Board of Directors.

Section 2 - Non-Member School, Suspended School, and Out-of-State Competition

A. As a condition of membership, members expressly agree that they and their member schools will not take part in any interscholastic activities or contests with schools eligible for membership but who are not member schools of the Association, nor will they take part in any activities or contests with clubs or other non-school entities (alumni & faculty contests excepted). Upon request, a waiver may be granted by the Executive Director to participate in interscholastic activities with a non-member school. A member school may participate in interscholastic activities with a non-member school of less than twenty-five (25) students on an intermural basis as long as the schools are in the same school district and as long as they are in compliance with all other Association athletic eligibility regulations.

B. A member school may not participate in any contest or event with an out-of-state school unless a sanction has been granted by the Board of Directors. The Executive Director may approve such contests or events that occur in-season. Other requests for approval of such contests or events occurring during the school year must be submitted to the Board of Directors.

C. Participation without a waiver under paragraph A or a sanction under paragraph B of this section will result in disciplinary action for the member school.

D. A member school may not participate in any contest or event with a school that is under suspension from the Association.

E. A member school may not play a Non-Member School, Non-school Entity, Suspended School or Unauthorized Out-of-State Travel.

F. Penalty: The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A member school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

   1. First Offense: The school receives a fine of $200 minimum. If the Association determines that the violation involved intentional conduct by a school representative, the school will be placed on probation, and will receive a fine of $500.

   2. Second Offense: School will be placed on probation/suspension, will lose playoff privileges, and will receive a fine of $500.

Section 3 - Use of Ineligible Students

A. A member school may not permit students who are ineligible under the Bylaws to represent the school in interscholastic activities in or otherwise appear on the field or floor in uniform during any contest between itself and other member schools.
B. Penalty: A student deemed to be ineligible and the member school which permitted the student to participate under the rules set forth in the Bylaws will be subject to the following penalties. The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

1. First Offense: Member school forfeits game or meet and receives warning. If the Association determines that the violation involved intentional conduct by a member school representative, the school will be placed on probation/suspension and will receive a fine of up to $2500.

2. Second Offense: School forfeits game or meet and receives a $200 fine. If the Association determines that the violation involved intentional conduct by a school representative, the school will be placed on probation/suspension and will receive a fine of up to $2500.

3. In addition to the above penalties, one or more of the actions below may be taken:

   A. that individual or team records achieved during participation by an ineligible player be vacated or stricken;

   B. that team or individual awards earned by an ineligible player be returned to the Association.

   C. that if an ineligible student competes in a meet, match or tournament in violation of Association Bylaws, all points earned by that student, or by that student's team, or by a relay team of which the student is member, are to be declared forfeited; and in team sports (including wrestling), the entire contest is forfeited. Records earned by other team members will stand.

Section 4 - Contest & Event Supervision

A certified staff member, or other person approved in advance by the principal or superintendent of a member school or district, must be in charge of participants. For athletic events this person must be certified through the Alaska Coaches education Program. Host schools must have an administrator or designee in attendance.

Section 5 - Personal Conduct/Sportsmanship

A. All Association contests or events must feature high standards of courtesy, fair dealing and sportsmanship.

B. In matters pertaining to personal conduct, such as gross violations of sportsmanship, attacks on officials and other gross misconduct by any student, school staff member, coach or school community member, the Association will determine appropriate penalties and whether or not the student, coach or school will be suspended or barred from future contests or events.

C. No student or coach may physically attack a contest official or coach. Notwithstanding any other penalty schedule described in this Article, where such attack includes physical contact determined by the Association to have seriously threatened the health or safety of the official or coach, any student committing such an offense will lose all eligibility for one calendar year from the date of the attack; and any coach committing such an offense will be suspended from practicing and coaching in any Association sanctioned activity for one calendar year from the date of the attack.

D. All suspension penalties imposed by the Executive Director under Section 5 will take effect immediately upon determination of the penalty. Notwithstanding the provisions of Article 4, Section 2 (C), a member school or individual subject to a suspension penalty may request an expedited appeal, in which
case the Appeals Board shall make a written decision within four (4) calendar days after receipt of the written appeal and all materials and other additional information submitted by the appellant. In such case, an oral hearing may be requested, but will be granted only for good cause shown. Officials' decisions can't be appealed to ASAA except in the case of misapplication of rules. The board does not intend to review officials' decisions or judgement calls.

Section 6 - Penalty For Violation of Section 5

A. Penalty: The following penalties assume that a member school is in good standing and has not been warned or is not under other penalty at the given time. A member school under warning or other penalty status may have additional penalties than those listed below.

B. Poor Sportsmanship, Gross Misconduct and/or Loss of Control of an Event: Aggrieved school or party must report by phone to the Association or regional representative on the Board of Directors within seventy-two (72) hours. This must be followed by a full written statement.

1. First Offense: The member school will be placed on probation and will receive a fine of $500 minimum. The coach and/or student may be suspended from practice and competition for a period of time to be determined by the Association, based on the circumstances of the incident.

2. Second Offense: The member school will be placed on probation/suspension and will receive a fine up to $2,500 maximum. The coach and the student may be suspended from practice and competition for a period of time to be determined by the Association, based on the circumstances of the incident.

C. Student Ejection (see specific Supplementary Rules for Hockey): Team Sports

1. An ejected player must leave the bench and be supervised by another adult. In the event there is no other adult to supervise, the player may remain on the bench. Player must refrain from participating in any scheduled contest in the same activity (game suspension) until the completion of the suspension period at the same level (ie. JV, Varsity). This means that a Varsity player may not participate in a JV game while waiting for the next Varsity game in which he/she is suspended. Schools may not schedule additional contests to circumvent this provision.

2. First Ejection - For a first ejection during a respective sport season, a student shall be removed for the remainder of the contest and shall serve a one game suspension.

3. Second Ejection - For a second ejection during a respective sport season, a student shall be removed for the remainder of the contest and shall serve a two game suspension. Prior to returning to competition, the student must complete the on-line NFHS Course entitled, “Sportsmanship.” At http://www.nfhslearn.com/

4. Third Ejection - For a third ejection during a respective sport season, a student shall be removed for the remainder of the contest and becomes ineligible for the remainder of that sport season.

NOTE: A jamboree/pool play does not count as a contest for the purpose of meeting the suspension requirement. Should a student be unable to complete a suspension during the sports season in which the ejection occurs, the suspension shall be carried over into the student’s succeeding season of participation. In order for the suspension in the succeeding season of participation to meet this requirement, the student must be a member of the team for the entire season for that sport.

D. Coach Ejection: Team Sports
1. Immediately upon being ejected from a contest, the coach shall be removed from the vicinity of the playing area (out of sight and sound) and will be prohibited from any further contact (direct or indirect) with the team during the remainder of the game. For failure to comply, the referee may forfeit the game. Coach must refrain from coaching in any scheduled contest in the same activity (game suspension) until completion of the next regularly scheduled contest at the same level. Schools may not schedule additional contests to circumvent this provision. Implementation of this penalty will be delayed for a coach who is traveling with his/her team when the game ejection occurs, and who has no assistant coach or other authorized individual available at the site of the contest to supervise the team during the period of suspension. In such case, the ejected coach must serve the suspension during the next regularly scheduled contest after returning to the home community.

2. Coach may not be physically at the site of any contest, nor may he/she have any contact, direct or indirect, with their teams during a contest while suspended

3. First Ejection: For a first ejection during a respective sport season, a coach shall be removed for the remainder of the contest and shall serve a one game suspension.

4. Second Ejection: For a second ejection during a respective sport season, a coach shall be removed for the remainder of the contest and shall serve a two game suspension. Prior to returning to coaching, the coach must complete the on-line NFHS Course entitled, “Teaching and Modeling Behavior” at [http://www.nfhslearn.com/](http://www.nfhslearn.com/)

5. Third Ejection: For a third ejection during a respective sport season, a coach shall be removed for the remainder of the contest and becomes ineligible for the remainder of that sport season.

NOTE: A jamboree/pool play does not count as a contest for the purpose of meeting the suspension requirement.

E. School Penalty: The principal of a school whose students and/or coaches accumulate 5 or more ejections during a school year (10 if participating in boys football or hockey, 15 if participating in boys football and hockey) will be expected to explain to the ASAA Board of Directors, a Plan of Action to reduce the number of ejections. This explanation must be presented at the next Board meeting.

F. Appeal of a Game Suspension: The Board of Directors will not hear an appeal of a game suspension under this section, from either a player, a coach or other affected individual, if the contest ejection which caused the suspension was based on a judgement call of an official. The Executive Director will waive a game suspension under this section only if the game ejection was a result of a misapplication of a rule by a contest official. Any misapplication of a rule which results in a game ejection must be reported by the calling official, by no later than noon of the next business day following the end of a contest, by notifying ASAA verbally and by following up in writing.

G. Reporting an ejection: The head coach is responsible for reporting an ejection within 24 hours to his/her administrator. A player or coach who fails to serve a required game suspension under this rule will be subject to penalty. Schools and officials must notify the Association whenever a player or a coach is ejected from a game or contest by submitting a Contest Ejection or Hockey Penalty Incident form.

H. Failure to Serve a Game Suspension: A player or coach who is required to serve a game suspension subsequent to a game ejection will be subject to the following penalty for failure to do so:

1. First Offense: The member school will be placed on probation and will receive a fine of $250 minimum. The player or coach may be suspended from practice and competition for a period of time to be determined by the Association based on circumstances of the incident.
2. Second Offense: The member school will be placed on probation/suspension and will receive a fine of $1000 maximum. The player or coach may be suspended from practice and competition for a period of time to be determined by the Association, based on the circumstances of the incident.

**Section 7 - Sunday Contest or Event Rule**

A. Interscholastic events or contests may not be held on Sunday. If inclement weather, transportation difficulties or equipment failure forces the cancellation of one contest of a scheduled series, and the series cannot be rescheduled at a later date, the host school may request of the Executive Director that a Sunday contest be sanctioned. Transportation difficulties (in scheduling games) is a reason for allowing schools to schedule a Sunday contest or event. Sunday contests or events require a waiver.

B. Sunday Contest or Event Waiver: The host school may apply for a waiver because of a visiting team's inability to arrive at the contest site because of inclement weather or equipment failure.

Procedure to Request Waiver:

1. Principal or superintendent of each school must approve contest.

2. Host school must complete and send Sunday Contest/Event Waiver Form to the Executive Director after the event occurs.

C. Playing Unauthorized Sunday Sport Contests/Interscholastic Events:

B. Use of Certified Officials: The Alaska School Activities Association encourages individuals from throughout the state to pursue their interest in officiating high school contests. Only officials certified by the Association shall be eligible to officiate in regularly scheduled Association contests for all sports listed in paragraph (A) above (exception C below).

C. Use of Non-Certified Officials: Member schools in remote areas, unable to provide certified officials, may use non-certified officials under the following conditions:

1. The host school shall notify the visiting school when non-certified officials are to be used.

2. The responsibility and liability for selection and use of any non-certified official becomes that of the host school.

D. Penalty: The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

Use of Non-Certified Officials Except as in Article 6, Section 9, C:

F. Standards for Officials: While officiating ASAA sanctioned contests, officials shall conduct themselves in accordance with standards of good sportsmanship, professional competence, fairness and integrity, including but not limited to the standards set forth in the National Federation Officials’ Code of Ethics.

1. Decertifying or Denying Certification — the Executive Director may decertify or deny certification to a contest official for gross or repetitive violations of these standards. Requests to decertify or to deny certification must be filed in writing to the Association. Only requests from member schools, districts, regional associations or officials’ associations will be considered. The Executive Director may, on his own initiative or on written request, decertify or deny certification to a contest official who is a registered sex offender or child kidnapper under the statutes and regulations of the State of Alaska.
2. Right-of Appeal — The affected official may appeal the Executive Director’s decision in accordance with Article 4, Section 1 of these Bylaws. Evaluation by the Executive Director of a potential decertification shall be conducted in accordance with the procedures set forth in Article 3, Section 3, of these Bylaws including providing opportunity for the affected contest official to submit information in writing.

ARTICLE 7 - SANCTIONED ACTIVITIES

Section 1 - Compliance with Title IX

A. The Association will comply with the provisions of Title IX of the Education Amendments of 1972, Alaska Statute Chapter 18.80, and all amendments thereto. No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any activities regulated by the Association.

B. Separate Teams, Gender Determination and Contact Sports: Separate teams for each sex are permissible in contact sports or where selection for teams is based on competitive skill. The Association will rely on a gender determination made by the student's member school where the determination is based upon prior written and objective criteria adopted by the school; ASAA will not make separate gender identity determinations. However, once a member school determines a student may participate in an interscholastic activity, which does not match the gender assigned at birth, the determination shall remain in effect for the duration of the student's high school eligibility. A student attending a member school which does not have a prior written objective policy used to determine gender identity may only participate based upon the gender assigned at birth. Contact sports include wrestling, ice hockey, football, basketball, and any other sport “the purpose or major activity of which involves bodily contact.”

C. Single-Team Sports: Whenever a school has a team in a given sport for one sex only, and athletic opportunities for the other sex have been limited, members of both sexes must be allowed to try out for the team.

D. Equal Opportunity: A school must provide equal athletic opportunity for both sexes in numbers that are “substantially proportionate” to enrollment. In determining whether athletic opportunities are equal, the United States Department of Health, Education and Welfare (HEW) will consider whether the selection of sports and levels of competition effectively accommodates the interests and abilities of members of both sexes. HEW will also consider (among other factors): locker rooms, practice and competitive facilities, medical and training facilities and services, equipment, supplies, game and practice schedules, travel, per diem allowances, coaching (including assignment and compensation of coaches), academic tutoring, housing, dining facilities, publicity and support services. Equal expenditures are not required, but HEW “may consider the failure to provide necessary funds for teams for one sex in assessing equality of opportunity for members of each sex.”

Section 2 - Compliance with Section 504 of the Rehabilitation Act of 1973

A. The Association will comply with the provisions of Section 504 of the Rehabilitation Act of 1973 (29 USC §794 (a) and (b)), and all amendments thereto. No student shall, on the basis of a disability as defined in Section 504 and regulations thereunder, be denied an opportunity to benefit from participation in or otherwise be discriminated against in any activities regulated by the Association. This does not mean that a disabled student must be allowed to participate in any selective or competitive activity, but that the selection or competition criteria not be discriminatory on the basis of a disability.
B. The Association’s eligibility rules shall not operate, on the basis of disability, to render a student ineligible to participate, or to limit the eligibility of a student to participate in any activities regulated by the Association.

so. Requests to suspend sanctioning may be directed to the Association by member schools or districts, the Executive Director or any Board member.

**Section 6 - Seasonal Competition**

A. The Board of Directors adopts the calendar. The first (Fall) season begins in July. Spring season ends no later than the second week of June. Students who participate in activities that begin or end at times other than during the regular school term are considered to be eligible for participation if they were or will be eligible during the regular school term.

B. Specific seasonal dates cannot be changed without Board of Directors approval. Minor adjustments may be made as needed to fit calendar needs.

C. Definition of Season - For an activity that is confined to a season, the season is established by the Board of Directors and may begin with the first day of practice and end at the conclusion of the state championship event. From time to time, the Board of Directors may grant a post season extension when requested in a timely manner by a member school, for the sole purpose of out-of-state competition. Additionally, cheer squads may request a pre-season extension for the sole purpose of cheering at the Great Alaska Shootout.

D. Penalty: The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

**Section 7 - Practice**

A. All players must have ten (10) separate days of physical practice in the same sport activity prior to the 1st day of competition. For the purpose of this bylaw, a “practice” is defined as a regularly scheduled team physical activity designed for the preparation of athletes for the sports season and conducted under the supervision of a certified school coach during the season established by the Board of Directors. In order to qualify as practice the student must participate in at least an hour of physical activity

B. When a student is participating in an ASAA sport that overlaps the beginning of another ASAA sport, up to five practices may be waived. In addition when a student is participating in a nationally recognized activity (or the Arctic Winter Games) that overlaps the beginning of an ASAA sport season, the Executive Director may waive up to five practices. For purposes of this section, a “nationally recognized activity” is a non-school athletic competition and/or practice, in a sanctioned ASAA sport, conducted under the auspices of a national sports governing body as part of an Olympic Development Program. This activity will usually be conducted outside of the state of Alaska.
C. Scrimmages: A scrimmage is a practice and should be treated as such. Scrimmages with other teams or schools do not count as games. Coaches should stop the play at will to give instructions. Scrimmages may not involve:
   1. official game clock or score book
   2. admission charge
   3. advertisements or announcements about the event.

D. If a student has completed the required practices but has not competed or practiced for whatever reason for less than two weeks, no additional practices are required before returning to competition with the concurrence of the coach. If a student misses between two and four weeks of practice and competition, five additional days of practice and the concurrence of the coach are required before returning to competition. If more than four weeks have been missed, the student must have ten (10) additional days of practice and concurrence of the coach before returning to competition.

E. Member schools permitting a student to participate in interscholastic competition without meeting the practice requirements of this section will be considered to be using an ineligible player and will be subject to penalty under Article 12, Section 1.

**Section 8 - Number of Games or Periods of Play per Day or Week**

A. Boys and Girls Basketball and Flag Football: When playing at two different levels (i.e. varsity and jv) players are limited to 6 periods of play per day exclusive of invitational, conference and state tournaments. When playing at the same level, there must be a two-hour time lapse between the end of one game and the beginning of the next game. The maximum amount of games a player may participate in a given day is three.

B. Football: A school may have its players participate in six (6) quarters of play per week, except that a kicking specialist may play in up to eight (8) quarters per week, providing that in four (4) quarters the player does no more than kick.

C. Hockey: When playing at the same level, students may participate in 6 periods of play per day or two games and there must be a two (2) hour time lapse between the time the athlete played in the first game and the time he/she plays in the second game. Section 11- Girls and Boys Joint Participation and Cooperative School Programs

A. Coed Teams: Prior to the first contest of the season for a specific sport, a school may declare a team as a coed team. If a school chooses to have a coed team, then it may not have a separate girls or separate boys team in that sport. Any school declaring a coed team may compete in any district, regional or state competition in the boys’ playoffs. An exception to the playoff rule is made for mixed-six volleyball when a separate playoff category is provided by the Board of Directors.

B. Cooperative School Programs for 1A and 2A Schools: All member schools classified as 1A or 2A are eligible to participate in the Cooperative School Program when timely application is approved by the Executive Director. The purpose of this rule is to provide adequate numbers of participants to make a team for competition in the smaller high schools in Alaska. It is not the intent of this rule for schools to be
able to form “All Star” teams. For the purposes of this section, team sports are defined as football, basketball, volleyball, mix six volleyball, hockey, baseball, softball and soccer. Cooperative School Programs are defined as a union of two or more member schools who do not have sufficient players (as defined by names on the School Activities Reporting System (SARS)) to field a team and elect to join another school or schools who do not have sufficient players to form a team. Cooperative sponsorship of any activity by two or more member schools will be considered under the following conditions:

1. Schools are located in the same geographical area.

2. Combining School Enrollments — When schools are involved with the cooperative sponsorship of any activity and the combined enrollments of the schools involved exceeds the classification number in grades 9 through 12, these schools will compete at the next higher classification in that activity.

3. Cooperative sponsorship agreements must be in affect for a minimum of an entire season.

4. The participating member schools must jointly submit the Application for Cooperative Sponsorship Form to the Executive Director.

5. Applications must be submitted to the Executive Director for fall activities by August 1; winter activities by October 15; and spring activities by January 15. The Executive Director may at his/her discretion act on applications after these dates.

6. The Executive Director may approve an application to participate in the Cooperative School Program where it is shown that such a program is necessary to afford full opportunity for participation by students in the affected schools.

C. Other Cooperative School Programs: All member schools whose enrollments are less than 500 students in grades 9-12 that are unable to participate in the Cooperative School Program under Section B may participate in the Cooperative School Program in a team sport with another member school whose enrollment is also less than 500 when timely application is approved by the Executive Director. The purpose of this rule is to provide adequate numbers of participants to make a team for competition in the smaller high schools in Alaska, not to enable the formation of “All Star” teams. Applications will be considered under the following provisions:

1. Schools may form cooperative teams only in the sports of football, tennis, volleyball, hockey, basketball, softball, baseball and soccer. Schools may not cooperate for the individual sports of cross-country running, swim & dive, wrestling, nordic ski, and track & field.

2. All but one of the schools requesting to coop do not have sufficient numbers of players interested in forming a team.

3. All schools involved in a cooperative school agreement must be members of the same school district. Administrators of involved schools and the superintendent must approve this agreement.

EXCEPTION: The Executive Director also may approve cooperative school programs of single site school districts

4. When the combined enrollments of all schools involved exceeds their classification cutoff levels, the cooperative team shall compete in the next higher classification for state tournament qualifying purposes.

EXCEPTION: If the combined enrollments in grades 9 through 12 causes the cooperative team to qualify for a higher classification, the schools requesting permission for a cooperative team may petition the Board of Directors for an exception to this provision. Factors that may be considered by
the Board of Directors when evaluating a petition for an exception may include, but are not limited to, number of participants from each school, how much the combined ADM exceeds the classification cutoff point, and geographic considerations.

5. No students may be cut or displaced by the additional students from the cooperative school(s).

6. Cooperative agreements must be in effect for a minimum of an entire season and may be renewed on an annual basis.

7. Deadlines for applications: Fall Sports, Winter Sports, Spring Sports – first official day of practice in that specific sport season according to the ASAA calendar. Football – the December board of directors meeting.

8. The Executive Director may approve this application if the above conditions are met.

D. The Board of Directors may also approve cooperative school programs for member schools who do not otherwise qualify under these sections. Request will only be considered at regular Board of Directors meetings. Schools are encouraged to consult with the Executive Director as how to best submit request.

E. Joint Participation Program for 1A and 2A Schools: If a member school classified as 1A or 2A is unable to field a team and is also unable to participate in a cooperative program with another 1A or 2A member school, it may petition the Executive Director for permission for its students to participate on another 1A or 2A member school’s team in the same geographical area. In this section, team has the same definition as stated in Section B. above. The schools' enrollments will not be combined in determining the team’s classification under the Joint Participation.

F. ESSS Designation: All member schools classified as 1A are eligible to participate in the ESSS Designation system when timely application is approved by the Executive Director. The purpose of this rule is to provide adequate numbers of participants to ensure and make possible competition in the smallest high schools in Alaska. It is not the intent of this rule for schools to be able to form “All Star” teams. Rather it is to help the smallest of member schools be able to consistently conduct activities. ESSS Designation schools are defined as the permanent union of two or more member schools who typically do not have the sufficient number of students to provide meaningful participation and elect to join a similar sized school. School choosing to take part in the ESSS Designation system must meet the conditions of Article 7 Section 11 B.

G. Affiliate Schools:
Students attending non-member schools within school districts that does have member schools may register with both a “school of eligibility” for sports and an “affiliate school” for the activities:

- All-State Art
- All-State Music Festival
- E-sports
- Solo & Ensemble Festival

This rule may be waived for students participating as members of official United States Olympic Teams.

B. A student-athlete forfeits amateur status and eligibility in a sport sanctioned by the Association by:

1. entering into a competition for which the student-athlete is either paid to participate or is competing to win monetary compensation (allowable travel, meals and lodging expenses may be accepted); or

D. Penalty: A student-athlete deemed to be ineligible and the school which permitted the student-athlete to participate under the rules set forth in this section will be subject to the following penalty. The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

1. Amateurism: This violation applies to a student-athlete and the member school.

3. Student-Athlete-Each Offense: The student-athlete loses eligibility in that sport for 365 days and until reinstatement according to the following subsection.

E. A student-athlete who violates his/her amateur standing as set forth by these Bylaws may apply to the Board of Directors for reinstatement as an amateur, if 365 days have elapsed since the date he/she was declared ineligible, and if he/she has been in regular school attendance and has not competed as a professional in that sport during the intervening period. An application under this paragraph must be in writing and must be signed by both the student and the principal or superintendent of the school.
Section 2 - Other Amateurs

A. A student who represents a member school in a non-athletic interscholastic competition shall be an amateur in that discipline. An amateur is one who engages in that discipline solely for the physical, mental, social and pleasure benefits derived therefrom.

B. A student forfeits amateur status and eligibility in non-athletic interscholastic competition in a discipline by:

1. receiving any award, merchandise or prize whose aggregate value exceeds $1000 which has not been listed on the approved list by the NASSP or approved by the school's principal (this section does not apply to awards given by the Association);

2. capitalizing on fame by receiving money or a gift of monetary value (scholarships paid directly to institutions of higher learning are specifically exempted);

3. signing a professional contract in that discipline.

C. Reasonable compensation for giving private lessons is permissible by the Association.

D. A student is ineligible if he or she competes or participates under an assumed name for the purpose of concealing his or her status as a professional.

E. Penalty: A student deemed to be ineligible and the school which permitted the student to participate under the rules set forth in this section will be subject to the following penalty: The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

1. School: Member schools who permit a professional student non-athlete to compete in an interscholastic competition will be deemed to have been using an ineligible student and will be penalized as specified in Article 12, Section 1.

2. Student Non-Athlete-Each Offense: The student non-athlete loses eligibility in that specific discipline for 365 days and until reinstated according to subsection F:

F. A student who has violated his or her amateur standing as set forth by these Bylaws may apply to the Board of Directors for reinstatement as an amateur, if 365 days have elapsed since the date he or she was declared ineligible, and if he or she has been in regular school attendance and has not competed as a professional in that discipline during the intervening period.

An application under this paragraph must be in writing and must be signed by both the student and the principal or superintendent of the school.

Section 3 - Professional and College Try outs

Professional and college try outs that interfere with a high school student's work or involve a game in violation of Association rules may cause that student to be ineligible for further interscholastic athletic competition.
ARTICLE 9 - AWARDS

The Board of Directors designates, gives, and controls ribbons, medals, and trophies to be awarded to schools and individuals.

Section 1 - Principal Approval

Awards must have symbolic value only, awards may be accepted by a student only if granted through the school with prior approval of the school principal or school district superintendent.

Jackets or sweaters may be presented to championship teams or groups by a school or non-school organization or individual(s) with prior approval of the school’s principal within the limits established in Article 8, Section 1, Subsection B-2.

Section 3 - Invitational Tournaments

Leagues or schools conducting invitational tournaments or meets under Association rules may make awards to the winning schools or contestants if the awards are within the limits set forth in Sections 1 and 2 of this Article and in Article 15.

Section 4 - Presentation of Awards

No awards other than ASAA sanctioned awards may be given during Association State Championship awards ceremonies, unless approved prior to the event.

ARTICLE 10 - QUALIFICATION OF COACHES AND ADVISORS

Section 1 - Qualification of Athletic Coaches

A. The Board of Directors has adopted the Alaska Coaches Education Program for all high school level athletic coaches who have direct supervision of students. This may include head coaches and assistant coaches at all levels, as well as non paid coaches and coaches of out-sourced programs. The Coach of any team representing a member school in interscholastic athletic competition must have successfully completed the Alaska Coaches Education Program.

B. The Program consists of Five Components
   1. Fundamentals of Coaching: NFHS course.

   2. Alaska State Component: (ASAA Policy and Procedures) Is included in the NFHS Fundamentals of Coaching Course or can be taken independently.

   3. First Aid Requirement: Maintain a current certification in First Aid. The NFHSlearn First Aid Health & Safety course is valid for three years.
4. Concussion Awareness Training: The requirement to maintain current knowledge in concussion management is mandated by Alaska State Law. It is achieved only by successful completion of the current “NFHSlearn Concussion Course”. It is valid for three years.

5. Sudden Cardiac Arrest Training: It is achieved only by successful completion of the current “NFHSlearn Sudden Cardiac Arrest” course. It is valid for three years.

NOTE: For information on specific requirements go to http://asaa.org/coaches/coaches-education/

C. School Request for Waiver of Alaska Coaches Education Program: If requested by a school principal or superintendent, the Executive Director may grant to a coach, on a one-time only basis, a waiver of the certification requirement for the remainder of that sport season on a case-by-case basis. The waiver is good only until the completion of the current sport season and will not be granted without the successful completion of the NFHSlearn Concussion in Sport and Sudden Cardiac Arrest courses.

D. Equivalency for the Alaska Coaches Education Program: Coaches who believe they have completed an equivalent certification program for Fundamentals of Coaching or First Aid may submit that program directly to ASAA for review in order to determine whether that alternate program may be substituted. When an alternate program is approved, the coach will still be required to successfully complete the Alaska State Component. Coaches previously certified under the American Sports Education Program do not need to recertify for Fundamentals of Coaching.

E. Administrative Responsibility: The principal or designee at each member school or district shall ensure that the requirements in Section 1, paragraph A, B and C are met for each coach.

Section 2 - Qualification of Advisors and Volunteers
A. A volunteer is an individual that works with a school’s athletic team in the same manner as a coach but is never in direct supervision of students and is not compensated.

B. An Advisor is an individual that works in a school’s activity program and has direct supervision of students.

C. Volunteers and Advisors must complete the following courses:
   1. Concussion Awareness Training: It is achieved only by successful completion of the current NFHSLearn Concussion Course. It is valid for three years.
   2. Sudden Cardiac Arrest Training: It is achieved only by successful completion of the current NFHSLearn Sudden Cardiac Arrest Course. It is valid for three years.

Section 3 - Reporting of Coaches
A. The principal or designee of each member school or district shall annually report the names of all head coaches and assistant coaches at all levels, non-paid coaches, coaches of out-sourced programs, advisors and volunteers. The individual and their position must be reported within two weeks of the beginning of their respective season using the School Activities Reporting System (SARS). The principal or designee must ensure that the individual has the certifications required under this article or have a current approved waiver of the Coaches Certification rule.

B. Only coaches/advisors/volunteers meeting these requirements and listed on the SARS will be eligible for a Coach’s Pass at any ASAA State Championship event.
Section 4 - Penalty

The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

1. Non-Compliance with Section 1 and 2: School receives a warning and a fine of $105 per coach/advisor/volunteer.

2. Failure to report coaches/advisors/volunteers as specified in Section 3: School receives a warning and a fine of $105 per activity.

ARTICLE 11 - PHYSICAL EXAMINATION, PARENTS’ CONSENT

Section 1 - Medical Examination

A student-athlete may not be permitted to participate in a practice session or in any athletic event (including rifle and cheer) until there is on file, with the superintendent or principal, a statement, signed by a practicing physician, advanced nurse practitioner, physician’s assistant, doctor of chiropractic, certified community health aide or a military medical examiner, and the student’s parents or legal guardians, certifying that he or she has submitted to a history and physical examination within the prior 18 months. The statement must certify that, in the opinion of the examiner, the student is physically fit to participate in strenuous physical activities.

Penalty: A student who practices or participates without a physical exam in violation of this rule will be considered to be an ineligible student. A school who permits a student to practice or participate without a physical exam will be penalized under Article 12, Section 1.

Section 2 - Parental Permission

Prior to each year of interscholastic athletic participation, a student shall furnish a statement, signed by the student and the student’s parent (or other person with whom the student has resided for a period of time approved by the Association) which, in compliance with the Health Insurance Portability Accountability Act (HIPAA) and regulations thereunder, authorizes release to the school in which the student is enrolled or in which the student is participating in interscholastic activities pursuant to the student’s alternative education program, of the student’s medical history and physical examination described herein, disclosure of information which may be made to administrators, the athletic director, the athletic trainer and the coaches of any activity in which the student is to participate. Submission of ASAA’s Authorization to Release Medical Information Relating to Student Health/Review Exam form will satisfy this requirement.

Section 3 - Wrestling Weight Rule

The National Federation Wrestling Rule Book, with some revisions to the weight control program, is followed with respect to student wrestling participants.

A. A wrestler must have his/her certified minimum weight determined within 60 calendar days prior to the first competition of the season. This determination must be in writing and signed by a person authorized to sign the initial medical exam form and/or the medical history review form and the student’s parent. No wrestler may be certified at a lower minimum weight during the season. These minimum weights must be an integral part of the eligibility roster. A student starting wrestling after the start of the season must have
his/her minimum weight determined before his or her first competition. A student deemed to be ineligible,
and the member school which permitted the student to participate, under the rules set forth in this article
will be subject to the following penalty.

B. Penalty: These penalties assume that a school is in good standing and has not been warned or is not
under other penalty at the given time. A school under warning or other penalty status may be assessed
additional penalties than those listed below, up to and including suspension from the Association.

Wrestling Minimum Weight Violation:

1. First Offense: In any meet in which the student competed in violation of this rule, the student will
forfeit his or her match and the team score will be disallowed, resulting in the school forfeiting the
entire meet. Records earned by other members of the team will stand. The school will be placed on
probation.

2. Second Offense: In any meet in which the student competed in violation of this rule, the student will
forfeit his or her match and the team score will be disallowed, resulting in the school forfeiting the
entire meet. Records earned by other members of the team will stand. The school will be placed on
probation/suspension and will receive a fine of $200 minimum.

Section 4 - Concussion Management

Schools and districts have a responsibility under House Bill 15 and Senate Bill 119 to develop a
Concussion Policy. It must include awareness and education for student athletes, coaches and parents,
and return to play and cognition protocols. Recommended policies can be found within the Sports
Medicine section and forms can be found with the handbook section of ASAA's website.

ARTICLE 12 - ELIGIBILITY REQUIREMENTS FOR
ENROLLED AND ALTERNATIVE EDUCATION PROGRAM HIGH
SCHOOL STUDENTS

The member schools of the Association have adopted through their elected representatives an essential
interrelated group of minimum eligibility requirements which establish the threshold for participation for all
students, including managers, within the interscholastic program and which work together to define and
preserve the fundamental nature of the program.

Unless expressly limited, the following rules are intended to be minimum requirements for student
eligibility to participate in all sanctioned interscholastic activities and do not preclude a school, a school
district, or a regional association from imposing additional rules that are reasonable, prudent and not in
conflict with those of the Association.

Section 1 - Penalty

A. A student deemed ineligible under ASAA rules, and the member school which permitted the student to
participate under the rules set forth in this article, are subject to the following penalties. The following
penalties assume the school is in good standing and has not been warned or is not under other penalty at
the given time. A school under warning or other penalty status may be assessed additional penalties than
those listed below, up to and including suspension from the Association.
1. First Offense: School forfeits game or meet and school receives warning. If the Association determines that the violation involved intentional conduct by a school representative, the school will receive a fine of $200 minimum and will be placed on probation.

2. Second Offense: School forfeits game or meet and receives $200 fine. If the Association determines that the violation involved intentional conduct by a school representative, the school will be placed on probation/suspension and will receive a fine of up to $2,500.

   a. In addition to the above penalties, any one or more of the actions below may be taken:

      1. that individual or team records achieved during participation by an ineligible player be vacated or stricken;

      2. that team or individual awards earned by an ineligible player be returned to the Association.

   b. If an ineligible student competes in a meet, match or tournament in violation of any Association Bylaws, all points earned by that student or by a relay team of which the student is a member, are to be declared forfeited; and in team sports (including wrestling), the entire contest is forfeited. Records earned by other members of the team will stand.

Section 2 - Participation Rules

A student is eligible to participate in the interscholastic activities of only one member school per year, except as provided under the Transfer/Residency Rule (Section 9). That school shall be considered the School of Eligibility. A student who is simultaneously enrolled at more than one member school and who wishes to be eligible to participate in the interscholastic activities of one of those schools, must designate that school as the School of Eligibility. The School of Eligibility must ensure that the student meets all eligibility requirements before being permitted to participate.

A. To be eligible during a school semester for participation in interscholastic activities, a student must meet the following criteria:

   1. Be properly registered in a 9-12 or 10-12 high school program or any combination thereof, in the member school where the student will participate or where authorized by a member district, be enrolled in the member district's non-member school or program (including district correspondence), when such district is paying the student surcharge for that student or, in the case of students attending alternative education programs, be registered with their School of Eligibility, as described below.

   2. Students enrolled in an alternative education program, as defined in Article 1, Section 8 herein, are eligible to participate in the interscholastic activities of only one member school per year, except as provided under the Transfer/Residency Rule (Article 12, Section 9). That school shall be considered the School of Eligibility.

      a. The School of Eligibility shall be the public school (1) that, based on the residence of the parent or legal guardian, the student would be eligible to attend were the student not enrolled in an alternative education program; or (2) at which the student requests to participate, if (A) the student shows good cause, as determined by the governing body of the Public School the student would be eligible to attend were the student not enrolled in an alternative education program and (B) the governing body of the school in which the student seeks to participate in interscholastic activities approves; or The School of Eligibility may be a private or religious school that the student would be eligible to attend were the student not enrolled in an alternative education program.
program; and at which the student requests to participate; and if the administrator of the school approves.

b. The School of Eligibility must ensure that the alternative education program student meets all eligibility requirements before being permitted to participate. Alternative education program students who request to participate in the interscholastic activity program of a member public school or district, or a private or religious school, must be properly registered for participation in interscholastic activities with the member school district or School of Eligibility. Schools (districts) may require that alternative education program students who request to participate in interscholastic activities at one of its member schools pre-register either prior to the beginning of the school year, prior to the beginning of a sport or activity season which begins before school starts, or upon moving into the district's boundary.

3. Not be a graduated senior, with the exception that the eligibility of a senior graduating near the end of a regular school year, shall extend through the conclusion of any current school athletic season in which he or she is participating.

4. For all freshmen, sophomores, and junior, as well as seniors who are not on track to graduate, must be enrolled in a minimum of courses needed to receive 2.5 units of semester credit or equivalent at School of Eligibility or supervised by the School of Eligibility or its school district, that lead to granting credit toward graduation from the school district or School of Eligibility.

5. Seniors who are on track to graduate must be enrolled in a minimum of courses needed to receive 2.0 units of semester credit or the equivalent at the School of Eligibility or supervised by the School of Eligibility or its school district that lead to granting of credit toward graduation from the school district or the School of Eligibility. Full time seniors who are on track to graduate, must be enrolled in a minimum of two (2) semester units of credit, or equivalent, at School of Eligibility.

6. Must maintain at least an overall 2.0 GPA during the current semester to remain eligible. Students who do not maintain an overall 2.0 GPA may regain eligibility during the current semester by achieving and maintaining an overall 2.0 GPA within the school's grading system.

7. Must be in regular attendance at school classes in which enrolled or for which credit is granted (or be enrolled in a district or member school correspondence program).

B. Alternative Schools of Member Districts

1. A student attending a non-member charter school, alternative school or program (including district correspondence) during the first semester of ninth grade; and a student transferring from out-of-district who attends a non-member charter school, alternative school or program (including district correspondence) after the first semester of the ninth grade, must designate a member school within the district as the School of Eligibility.

2. The School of Eligibility of a student, other than a first semester freshman, who transfers to a non-member charter school, alternative school or program (including district correspondence), from another school within that district, will be the member school from which the student transferred.

3. A student attending a non-member charter school, alternative school or program (including district correspondence) whom wishes to change his/her School of Eligibility will be ineligible for Varsity, State Qualifying and State Championship interscholastic competition at the new School of Eligibility for one calendar year, from the date of receipt by ASAA of the Application for Changing School of Eligibility form. At schools with no sub-varsity teams, the student could ask for a waiver to participate on the varsity team during the regular season, but would not be able to participate at either conference or state tournaments.
C. Alternative Education Programs:

1. A student in grades 9-12 in an "alternative education program" as defined in Article 1, Section 8, is eligible to participate in interscholastic activities at a member public, private or religious school, as follows:

2. Students enrolled in an alternative education program, may participate in interscholastic activities when such participation is sanctioned or supported by this Association; is conducted outside of the regular school curriculum; and does not involve participation in student government at a school. Such students need not be enrolled in the member public, private or religious school in which they participate in interscholastic activity, except that

   a. in order to participate in the All-State Music and Solo and Ensemble Music Festivals, such students must be enrolled in a corresponding music class at their School of Eligibility, at which they may be selected for participation through a competitive audition process, and

   b. in order to participate in All-State Art or in the World Language Declamation Festival, such students must be enrolled in a corresponding class at their School of Eligibility. ASAA may waive the requirement for students enrolled in alternative education programs or in the event that the individual school of eligibility does not offer Music, Art or World Language classes.

3. Nothing in these bylaws precludes a school or school district from imposing additional eligibility rules upon alternative education program students that are reasonable, prudent and not in conflict with these bylaws or AS 14.30.365.

4. Nothing in these Bylaws or in Association policies prohibits a member school or district from adopting a "fair share" policy as to the equitable charging of fees to alternative education program students who participate in the member school's or district's interscholastic activities.

D. Establishing Eligibility/Residency: For transfer purposes, a student establishes residency at a school by enrolling in and attending that school for fifteen (15) school days and/or eligibility by participating in an interscholastic activity. A student who attends an alternative education program and who participates in interscholastic activities at a member public, private or religious school establishes residency at such school upon participating in interscholastic activity there.

E. Use of Junior High / Middle School Students:

1. High schools of 70 or fewer students may use 7th and 8th grade students as cheerleaders for home high school games upon approval of the principal or superintendent of the school. They may not be used at games during district, regional or state tournaments. Additionally, all member schools may use 7th and 8th grade students, zoned for their school, as managers upon the approval of the principal or superintendent of the school.

2. 7th and 8th grade students are ineligible to participate in high school interscholastic competition except as specified in the following section:

3. 8th Grade Student Participation Authority. Notwithstanding any provisions or restrictions of the Association's Bylaws, Policies or past practices, the Board of Directors has determined that under certain conditions, students enrolled in the 8th grade in a member school district, may be granted eligibility to participate as members of a high school basketball, volleyball, soccer, mix six volleyball team and/or Student Government, when an annual request is submitted in writing to ASAA by the district superintendent. This request must verify that the high school described above is a member school and that there were thirty (30) or fewer students, or fifteen (15) or fewer students per gender,
enrolled in grades 9-12 during the previous school year’s October student count as reported to the Department of Education and Early Development (DEED). If the current school year’s October count is lower than the previous year’s, it may substitute as the official count for purposes of this section.

Alternative education program students who participate in a member school’s interscholastic activities program under AS 14.30.365 will be added to the school’s October count to determine a school’s eligibility to use 8th grade students, beginning in 2014-15.

4. 8th Grade Student Eligibility Guidelines:
8th grade students participating under provisions of this bylaw must:

a. meet the eligibility requirements imposed by the member school district,

b. have a current medical history and physical exam form on file in the school office prior to participation (see Article 11), and

c. participate in and fully comply with all provisions of ASAA’s “Play for Keeps” tobacco, alcohol and controlled substances (TAD) program.

5. Future High School Eligibility of 8th Grade Students Participating Under These Provisions: Nothing in this Bylaw shall limit 8th grade students who participate under the provisions of sections 3 and 4, from enjoying the opportunity for full high school eligibility upon first entering into 9th grade. This includes but is not limited to Article 12, Section 3, Maximum Participation (eight (8) semesters or four (4) seasons of participation).

6. How Classification May Effect 8th Grade Student Participation: Under some circumstances, the forgiveness of ineligible 5th year seniors may effect a school’s classification. As a result of this forgiveness, a school’s enrollment may authorize it to request interscholastic eligibility for 8th grade students. (See Policy 3. Classification – in the Policy section of this handbook).

Section 3 - Maximum Participation

A. No student enrolled in a four (4) year high school program, including a four year alternative education program, may participate in more than four (4) seasons in any specific interscholastic activity. No student enrolled in a three (3) year high school program, including a three year alternative education program, may participate in more than three (3) seasons in any specific interscholastic activity. Participation in any interscholastic contest during a season shall be considered as one (1) season of participation in that activity.

B. No student will have more than eight (8) consecutive semesters of eligibility. Consecutive* semesters include all semesters, including semesters in which the student is not enrolled in any school or is enrolled in another school, after the student’s initial enrollment in 9th grade, including enrollment in 9th grade in an alternative education program.

• Students first entering 9th grade will have eight (8) consecutive semesters of eligibility.

• Students first entering 10th grade will have six (6) consecutive semesters of eligibility remaining.

• Students first entering 11th grade will have four (4) consecutive semesters of eligibility remaining.

• Students first entering 12th grade will have two (2) consecutive semesters of eligibility remaining.
Section 4 - Repeating Grades for Athletic Purposes

A. A student held back in the seventh (7) or eighth (8) grade for athletic purposes shall cause that student to lose one of his or her four years of high school eligibility for each year that he or she is held back.

B. Penalty: Loss of Fourth Year: A student held back one year in the seventh (7) or eighth (8) grade for athletic purposes shall lose his or her fourth year of eligibility after entering the ninth (9) grade. Loss of Third and Fourth Years: A student held back for two years in the seventh (7) and eighth (8) grades for athletic purposes shall lose both the third and fourth years of eligibility after the ninth (9) grade.

Section 5 - Recruiting/Undue Influence

A. Undue influence is defined as the attempt to secure the attendance of a student for athletic reasons. Any verbal or written recruiting contact initiated by a representative of another school will be considered as asserting undue influence. If the contact is initiated by an individual who is not a representative of a school, that individual's name shall be recorded and a warning issued. If a further violation is reported relative to this individual, he/she will be considered to be a representative of the school, and the school may be subjected to the prescribed penalties.

B. A student who participates as a member of an out-of-school team coached by another school’s coach, and who subsequently transfers to that coach’s school, will be ineligible in that sport for one full season at the receiving school.

C. In districts that have multiple high schools and junior high schools, undue influence may not be exerted by anyone on a student who has not yet entered the ninth (9) grade, to enroll in a school other than his or her home school or the one that he or she ordinarily would be expected to attend.

D. In applying this rule to students attending an alternative education program, undue influence is defined as the attempt to secure participation in interscholastic activities at a private or religious school, or at a public school other than the public school the student would be eligible to attend, based on the residence of the parent or legal guardians, were the student not enrolled in an alternative education program.

E. Because it is not feasible to determine whether recruiting was involved, transfer student-athletes who live with any salaried or non-salaried member of the school’s coaching staff are not eligible. In addition, a member of the school’s coaching staff may not arrange for housing for any student who may wish to participate in interscholastic athletics. This rule does not apply if the coach is related to the student within the second degree of kindred defined as: father, mother, brother, sister, son, daughter, spouse, grandparents, grandchild, brother or sister-in-law, son or daughter-in-law, father or mother-in-law, stepfather, stepmother, stepsister, stepbrother, stepson, or step daughter. Students placed in a school under a court order shall be eligible under Article 12, Section 9, C7.

The Board of Directors has authorized a waiver of this rule for foreign exchange students under certain conditions (see Article 12, Section 9, C14-2).

F. Unless reliable evidence to the contrary is presented, the Association shall accept as prima facie evidence of undue influence: the offer of the awarding of tuition, allowance for board and/or room, allowance for transportation, priority in assignments of jobs, cash or gifts in any form, or any other privilege or consideration accorded if not similarly available to students not participating in athletics. Penalty: The member school which permitted the student to participate under the rules set forth in this Section will be subject to the following penalties: The coach will also be subject to the following penalties.

G. The following penalties assume that a school is in good standing and has not been warned or is not under another penalty at the given time. A school under warning or other status may be assessed additional penalties than those listed below, up to and including suspension from the Association.
Recruiting Students: The school and coach will be penalized as follows:

1. First Offense: The school will be placed on prohibition, will receive a fine of $500, and will lose playoff privileges. The coach will be suspended from coaching in all Association sanctioned competition for up to 365 days. A school which permits a coach, suspended under this rule, to coach a team including practices, in violation of this section, will forfeit all contests in which that team competes.

2. Second Offense: The school is placed on suspension and receives a fine of $2,500. The coach will be suspended from coaching in all Association sanctioned competition for up to 365 days. A school which permits a coach, suspended under this rule, to coach a team including practices, in violation of this section, will forfeit all contests in which that team competes.

Section 6 - Age Rule

A student who becomes nineteen (19) years of age, on or before August 1, shall be ineligible for interscholastic competition.

Section 7 - Semester Credit Rule

All first semester freshmen are immediately eligible for the first semester. After the first semester of the freshman year, all students must meet the following criteria to remain eligible for interscholastic competition (Any credited course listed on a student’s transcript may be counted toward the semester units needed for eligibility):

A. Credit
All second-semester freshmen, sophomores and juniors, as well as seniors who are not on track to graduate, must have passed at least 2.5 units of credit, or the equivalent, toward graduation, during the previous semester.

All second semester seniors who are on track to graduate must have passed at 2.0 units of credit, or the equivalent, toward graduation, during the previous semester.

All first semester seniors must have passed at least 2.5 units of credit, or the equivalent, toward graduation, during the previous semester in order to be eligible anytime during the current semester.

B. Grade Point Average (GPA)
All students must have maintained at least an overall 2.0 GPA for the previous semester. Students who did not maintain an overall 2.0 GPA for the previous semester may regain eligibility in the current semester by achieving and maintaining an overall 2.0 GPA within the school’s grading system.

1. For the purposes of this section, academic deficiencies may be made up through successful completion of correspondence courses or summer school.

2. A grade of incomplete is considered as not passing until the incomplete is changed on the official school records.

3. Correspondence study students must meet the same time frame as regular students.
Section 8 - Citizenship Rule and Tobacco, Alcohol and Controlled Substance Policy

The determination by a member school that a student is ineligible based on poor citizenship is not appealable to the Association. A student who is expelled from a school will not be eligible in another school for the duration of the period of expulsion.

A. Tobacco, Alcohol and Controlled Substance Position Statement

ASAA and its member schools recognize that the use of tobacco, alcohol and controlled substances is a significant health problem for many students, resulting in negative effects on behavior, learning and their total development. The use of tobacco, alcohol and controlled substances by students affects academic development, personal growth, extracurricular activities participation and the development of related skills. Others affected by misuse and abuse are family, teammates and other significant persons in their lives. ASAA and its member schools believe that close contact of parents/coaches, advisors, students and communities in interscholastic activities and class-rooms provides a unique opportunity to observe, confront and assist one another. It is the philosophy of ASAA and its member schools that students should be encouraged and supported in their efforts to develop and maintain a chemical-free lifestyle.

Participation in ASAA sanctioned sports and activities is a privilege which requires all participants to adhere to rules imposed by the member schools and/or member districts that students attend and represent. The policy described in this article is intended to further the following purposes:

The position of ASAA is:

1. To emphasize the health and safety of students while participating in activities to recognize the long-term physical and emotional effects of controlled substance, alcohol and tobacco use on student health, and to minimize the potential for injury.

2. To promote a sense of order and discipline among students;

3. To recognize that a student’s possession, distribution or use of controlled substances, alcohol, or tobacco during the school year or during interscholastic competition outside of the school year, even during times when a student is not actively participating in interscholastic activities, may nevertheless be detrimental to health, safety, order and discipline when the student is participating.

4. To assist schools in the establishment of policies that are consistent with ASAA standards of athletic and activity eligibility;

5. To support schools that have programs to assist students who desire to resist peer pressure which directs them toward the use of tobacco, alcohol and controlled substances;

B. Tobacco, Alcohol and Controlled Substance Policy: The Board of Directors has implemented a statewide policy regarding the possession, distribution and use of controlled substances, alcohol and tobacco. This policy includes an educational component, minimum penalties which are cumulative and progressive, a time period in which the policy applies, an explanation of how violations are determined and reported, a required Student and Parent/Guardian Acknowledgement Form which must be signed prior to participation, and a definition of terms. The complete policy is found in the Policy Section

Section 9 - Transfer/Residency Rule

The Association has established the following rules to govern the eligibility of students who transfer to Alaska, or from one school to another within Alaska, or who are simultaneously enrolled at more than one school, or who are enrolled in a member school district’s non-member charter school, alternative school
or program (including district correspondence), and who wish to transfer interscholastic participation eligibility from one school to another, and who participate in the activities listed under Section 10 A of this Article with the exception of Student Government, All-State Music Festival, World Language, All-State Art and Solo & Ensemble Festival.

A. For transfer purposes, a student establishes residency at a school by enrolling in and attending that school for fifteen (15) school days and/or establishes eligibility by participating in an interscholastic activity.

B. A transfer from a school outside or within Alaska to an alternative education program constitutes a transfer subject to the rules established in this section for transfer of eligibility to another school. Students attending alternative education programs who establish interscholastic activity eligibility residency at a member public, private or religious school are subject to the rules established in this section for transfer of eligibility to another member school.

C. Types of Transfers

1. Entering High School: A student first entering the ninth (9) grade of a four-year high school or the tenth (10) grade of a three-year high school establishes residency at that school and shall be eligible for all interscholastic competition.

2. Transfer as a Result of a Move of Parents: A student who transfers from one school's attendance area to another's with a bona fide change of residence of the parents, legal guardians (or other persons with whom the student has resided for a period of time to be determined by the Association) shall be eligible for interscholastic competition at the new school as soon as properly certified.

Bona Fide Change of Residence: For the purposes of this section, a bona fide change of residence means the moving of the permanent residence of the entire family of the student and his/her parents or guardians (or other person with whom the student has resided for a period of time approved by the Association) from one school's attendance area into another school's attendance area prior to a change in enrollment of the student. For the purposes of this section, a student's transfer to or from a private school shall be treated the same as a transfer to or from the public school attendance area in which the private school is located. Schools must verify that a bona fide change of residence has occurred and must report this to the Association on the Bona Fide Change of Residence form, before the student is allowed to participate.

3. Transfer Without a Bona Fide Change of Residence of Parents: A student who transfers without a bona fide change of residence of parents or guardians, is ineligible for Varsity, State Qualifying and State Championship interscholastic competition for one calendar year, from the date of first attendance in the new school. Students who live with coaches are ineligible (see Section 5, E). At schools with no sub-varsity teams, the student could ask for a waiver to participate on the varsity team during the regular season, but would not be able to participate at either conference or state tournaments.

4. Transfer for Emancipated Student: A student who is legally emancipated as supported by court documents and who is not dependent upon parents or guardians for a home and who transfers from one school to another (except in Section 9, C3) is eligible for interscholastic competition as under Section 9, C2. Transfer with a Move of Parents.

5. Transfer Due to Parental Divorce or Legal Separation: A student whose parents are divorced or legally separated may establish eligibility in the school or school district of either parent but not both parents. After establishing initial residency with one parent, all subsequent transfers without a change of residence of that parent will be subject to the rules for Transfer Without a Move of Parents.
6. Married Student: A married student whose transfer to another school is specifically related to the marriage is eligible in the new school as soon as properly certified. Otherwise, married students must conform to all other transfer rules.

7. Student Under Court Order or Ward of the State: A student who transfers under a “court order” or is a “ward of the state” is eligible at the new school as soon as properly certified.

8. Homeless Student: A student who is homeless as defined in the McKinney-Vento Act, 42 U.S.C. 11434 a (2), shall be immediately eligible to participate at the public school in which he or she is enrolled, notwithstanding the Transfer/Residency Rule, as soon as the student becomes enrolled in a school. The public school district in which the student is enrolled shall determine whether or not the student meets the definition of homeless under the Act, and shall provide ASAA with its basis for such determination. Such determination may be reviewed by ASAA.

The definition of homeless students in the Act reads as follows:

(A) means individuals who lack a fixed, regular, and adequate nighttime residence (within the meaning of section 103 (a)(1)) [43 USCS § 11302 (a)(1)]; and

(B) includes-

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelter; are abandoned in hospitals; or are awaiting foster care placement;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of section 103 (a)(2)(C) [42 USCS § 11302 (a)(2)(C)];

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(iv) migratory children (as such term is defined in section 1309 of the Elementary and Secondary Education Act of 1965 [20 USCS § 6399]) who qualify as homeless for the purposes of this subtitle [42 USCS §§11431 et seq.] because the children are living in circumstances described in clauses (i) through (iii).

9. Transfer Due to Elimination of Activity: A student enrolled in a school which eliminates an interscholastic activity may transfer to another school and be eligible as soon as properly certified. Elimination of an activity” occurs when a school drops an interscholastic activity that it sponsored during the previous school year, for whatever reason. A transfer under this rule must be approved by the principal of both the sending and receiving schools.

10. Establishing Residency: A student who transfers to another school establishes residency at the new school by attending for fifteen (15) days or by participating in any interscholastic competition. After establishing residency, the student must conform to all other transfer rules, even when returning to the previous school.

11. Seasons of Participation for Transfer Student: A student who transfers to Alaska from another state who has competed in an interscholastic sport including a tournament where qualified, in the current school year shall not be eligible for the same sport during the remainder of the school year at the receiving school in Alaska. A transfer student subject to this paragraph, who has not completed a
full season (through the culminating tournament) in a sport may complete the season in Alaska, but may not exceed the maximum number of contests or weeks as established by the Board of Directors.

12. Waiver of Transfer Rules: When, in the opinion of a student or the principal of a school, a transfer rule fails to accomplish the purpose for which it was intended, the principal may request a waiver of the rule due to hardship by submitting a Transfer Rule Waiver Request form to the Association. Hardship is defined and the waiver request procedures are explained in Bylaw Article 13, Sections 1, 3, 4, and 5.

13. Intra-District Student Transfer: A school district may establish its own policy regarding intra-district student transfer, so long as it is at least as stringent as Association transfer rules. This will allow students to be transferred within the district by the Superintendent for reasons that are to the benefit of the student and district, but are not related to activities' participation.

14. Foreign Student Transfer Rule:

   a. Foreign Exchange Student

      1. A foreign exchange student is an international student who attends high school in Alaska. To be eligible for interscholastic competition, such a student must be under the auspices of, and be placed with a host family by an international student exchange program that has been accepted for listing by the Council on Standards for International Educational Travel (CSIET), or other programs approved by the Association; and be recognized by the U.S. State Department. The foreign exchange program must assign students to host families by a method that ensures that no student, or his/her parents, school or other interested party may influence the assignment for athletic or other purposes. The foreign exchange student may not be selected or placed on any basis related to his/her athletic interests or abilities.

      2. A foreign student who has been granted an F-1 visa and who is “directly placed” into a high school in Alaska will be ineligible for interscholastic competition for Varsity, State Qualifying and State Championship interscholastic competition for one calendar year, from the date of first attendance in the new school. Students who live with coaches are ineligible (see Section 5, C). At schools with no sub-varsity teams, the student could ask for a waiver to participate on the varsity team during the regular season, but would not be able to participate at either conference or state tournaments from the date of enrollment. For the purpose of this bylaw, Direct Placements are those placements in which either the student or the sending organization in the foreign country is party to an arrangement with any other party, including school personnel and/or host parents, for the student to attend a particular school or live with a particular host family in Alaska.

      3. A foreign exchange student is considered to be placed with a host family when written notice of placement is provided by the exchange organization to the student and his/her parents, and to the host family.

         a. Neither the school the student attends nor any person associated with the school shall have input into selection of the student.

         b. No member of the school’s coaching staff, paid or voluntary, shall serve as a host family for a foreign student athlete; nor may a coaching staff member arrange for housing.

         c. Notwithstanding the provisions in parts 3 a and b, a school may request a waiver of the transfer rule for a foreign exchange student whose host family includes a member of the
school’s coaching staff when it can be verified that the student was not recruited by either the school, coach or host family.

4. The foreign exchange student must possess a current J-1 visa, issued by the U.S. State Department.

5. In order to obtain a waiver, a foreign exchange student must meet all other eligibility rules required of other students in Alaska.

b. Other International Students
An international student who is not under the auspices of, and placed by, a CSIET listed exchange program must meet the following requirements in order to be considered for interscholastic eligibility in Alaska:

1. The student must possess a current F-1 visa issued by the U.S. Immigration and Naturalization Service.

2. The student must provide to the principal of the school he/she attends, an official untranslated transcript and a transcript that is translated into English by an acceptable agent or agency. The transcripts must indicate course work taken in all grades in which the student was enrolled.

3. The international student must pay tuition to the high school he/she attends as prescribed in Section 625 of U.S. Public Law 104-208.

4. No member of the school’s coaching staff, paid or voluntary, shall serve as the resident family of the student; nor may a member of the coaching staff arrange for housing.

5. In order to obtain a waiver, an international student must meet all other eligibility rules required of other students in Alaska.

c. Additional requirements for Foreign Exchange / Other International Students: Foreign exchange and other international students must also:

1. attend the school for no less than a complete semester; and

2. not have participated in the same sport (for which eligibility is being sought) at another school earlier in the same school year; and

3. not have graduated from (the home country’s equivalent of) a secondary school; and

4. must affirm that there is no evidence of athletic recruitment resulting in the student’s attendance at the school either by the school or any other outside entity.

d. Non compliance with one or more of the foregoing provisions shall render the foreign exchange and the international student ineligible for interscholastic competition.

15. Alaska Students Involved in Exchange/Travel Programs: Alaska students involved in exchange/travel programs, including but not limited to the American Field Study Service, Rotary International and Youth for Understanding, are eligible for interscholastic competition upon return to their home schools when a request for waiver of the Semester Credit Rule (Bylaw Article 12, Section 7) is made to the Association and waived by the Executive Director. The request for waiver must be submitted on the Alaska Student Foreign Exchange/Travel Program Waiver form. Alaska students involved in
exchange/travel programs must be otherwise eligible by all other rules, including Article 12, Section 3, Maximum Participation.

Participation in interscholastic competition while involved in an exchange travel program will count toward the maximum years or seasons of participation in that specific competition as defined in Bylaw Article 12, Section 3.

16. Boarding School Transfer Rule: Students who transfer to a boarding school at the beginning of a school year, or from a boarding school at the end of a school year, will be eligible for interscholastic participation at the new school as soon as properly certified. Students who transfer to or from a boarding school during the school year shall be ineligible for Varsity, State Qualifying and State Championship interscholastic participation the remainder of the school year. Students who live with coaches are ineligible (see Section 5, C). At schools with no sub-varsity teams, the student could ask for a waiver to participate on the varsity team during the regular season, but would not be able to participate at either conference or state tournaments. Boarding school students must meet all other eligibility rules required of other students in Alaska.

17. Changing Schools During A Sport Season: A student may represent only one member school during a respective sport season. From the first day of practice, a student who participates in a sport at one school, and who subsequently transfers to another school, will not be eligible in that sport for the remainder of the current season.

Section 10 - Eligibility Lists for Interscholastic Participation

A. A Master Eligibility List including all participants involved in interscholastic participation shall be submitted through the School Activities Reporting System (SARS). For activities that involve only one event, the list must be submitted by the school at least five (5) school days before the contest.

Master eligibility includes students granted transfers and waiver exceptions. Once the school is notified of the exception, schools must enter the student and exception information into the SARS. Contact the ASAA office for questions regarding the SARS.

C. Any deletions to the School Activities Reporting System (SARS) must be entered into the SARS before a student is eligible to participate.

D. Penalties: The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may have additional penalties than those listed below.

   a. First Offense: School receives warning.

ARTICLE 13 - WAIVERS OF ELIGIBILITY RULES

Section 1 - Student Request

A student who has been determined to be ineligible to participate in interscholastic competition under one or more of the eligibility rules of Bylaw Article 12 may request a waiver of that rule or rules by the Executive Director. A waiver may only be granted for reasons of hardship or emergency, as described in Section 5 below; or because such waiver is required by Federal or State law.

Section 2 - Penalty

If a student who has been determined to be ineligible by the Executive Director or the Appeals Board is nevertheless permitted to participate in interscholastic activities pursuant to a restraining order or injunctive order issued by a court, the penalties described in these Bylaws for participation in interscholastic activities by an ineligible player shall apply to the student and the student’s school, if the court subsequently upholds the Association’s determination that the student was ineligible.
Section 3 - Waiver Request Procedures

A request for a waiver of the eligibility rules must be directed by the student to the involved member school’s officially designated administrator who shall then file a written request (on the appropriate form) stating the full particulars of the case and the reason felt by the student or the administrator, or both, for granting of the waiver. This request for waiver must be submitted to the Executive Director. Waiver requests should be filed promptly when it becomes apparent to the student, or to his member school’s officially designated administrator, that a waiver will be required. Prompt filing of a waiver request is necessary to permit timely processing of any appeals before commencement of the interscholastic activity for which the waiver is sought. Responsibility is on those seeking a waiver to provide timely additional documentary evidence relied upon to support the waiver request. Failure to provide timely additional documentary evidence will eliminate that evidence from consideration in the determination of the decision. All waiver approvals must be entered by the school into the School Activities Reporting System (SARS). See Article 12 Section 10B.

Section 4 - Review by Executive Director

Upon receipt of the waiver request, the Executive Director shall review it to determine whether any additional information is necessary. Any requests by the Executive Director for additional information pertaining to a waiver request shall be promptly supplied by affected students, coaches and member schools. In considering evidence provided in favor or opposed to the determination of a waiver request, and in investigating the matter, the Executive Director shall not be bound by the technical rules relating to evidence and witnesses. Relevant evidence will be considered if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of a common law or statutory rule that makes improper the admission of the evidence over objection in a civil action. Written decisions will be made by the Executive Director setting forth findings of fact, conclusions based on the Association’s Constitution and Bylaws, other relevant Federal or State law, and shall include any resulting order. Such findings, conclusions and orders shall be submitted to all appropriate and relevant parties within twenty-one (21) calendar days after the receipt of all materials and other additional information.

Section 5 - Guidelines for Consideration

Ignorance of any rule is not a sufficient reason for waiving a rule. To assist students and member schools in deciding whether to request a waiver of the eligibility rules, the following should be considered:

A. If the student is a transfer student, a Transfer Form must be supplied to the Association office.

B. A school’s ruling that a student is ineligible because of poor citizenship is not waivable by or appealable to the Association.

C. Hardship Rule:
   1. Upon recommendation of a member school, the Executive Director or the Appeals Board may grant eligibility to a student in certain hardship and emergency cases.
   2. A waiver will not be granted in any case in which the asserted hardship is the sole result of knowing conduct by the student or his or her parents or guardians which had the effect of causing the hardship.
   3. Hardship is an unforeseeable, unavoidable and uncorrectable act, condition or event which causes the imposition of severe and non-athletic burden upon the student and his/her family.
D. Hardship Waiver: A hardship waiver is to grant an opportunity to participate, not a right to make a team. It is granted to replace what was lost. A waiver will frequently give advantage in maturity, strength and skill to the person seeking it. Thus, the facts must substantiate real hardship in order to justify giving an individual this added advantage which may deny an equally deserving student the opportunity to make the team, should a waiver be granted.

E. Factors to Be Considered in Determining Whether a Hardship Exists:

1. Whether there were conditions beyond the control of the student or his/her parents that prevented the student from having the opportunity to participate at the time. Whether substantial evidence existed to support this.

2. Whether the student could be reasonably expected to carry on if he or she desired at the time. Whether the hardship was too inhibiting or debilitating. Whether other students have carried on under similar conditions. Whether there is evidence to show that the hardship conditions existed.

3. Whether the parent(s) could have been expected to preclude or remedy the debilitating condition.

4. Whether granting the waiver would stand the test of fairness and/or the appearance of fairness, to every student when considering other students who are involved in the same intense competition of athletic pursuit.

5. Whether someone else will be denied a place on the team or squad who has met all the eligibility rules.

6. Whether the student is homeless as defined in the McKinney-Vento Act, 42 USCS 11434 a (2), and whether the student’s homelessness affected the student’s ability to meet eligibility rule requirements.

7. Whether the student has a disability as defined in Section 504 of the Rehabilitation Act of 1973, regulations thereunder, and any amendments thereto; and whether the student’s disability affected the student’s ability to meet eligibility rule requirements.

F. Appeals Procedure: The appeals procedure for cases involving the hardship rule will follow the procedures specified in Bylaw Article 4, Appeal Procedure.

ARTICLE 14 - ASAA REGIONS

Section 1 - Changes in Regional or Conference Placement

A. Changes in regional / conference placement take effect on July 1 of the following summer, unless all affected schools and the Board of Directors agree to an earlier effective date.

B. Changes in regional / conference placement may be initiated by the Board of Directors or by member school request.

C. Initial regional / conference placement for new member schools will be made by the Board of Directors. The Board will give full consideration to a recommendation or request from the new member school. Placement of new member schools becomes effective immediately.
ARTICLE 15 - STATE TOURNAMENTS

Section 1 - Planning Guidelines

The Board of Directors will ensure that each athletic and activity state-culminating event has prescribed procedures and guidelines regarding operation, budget and awards. It is the responsibility of the ASAA staff and host site tournament director(s) to carry out these guidelines.

Section 2 - Awards

The Board of Directors approves all state tournament awards for distribution.

Section 3 - Sanctioned State Level Competition

The Board of Directors may sanction state level competition when four or more regions have participating teams or individuals in that event. In addition, the Board may also sanction state level competition when participating regions or schools comprise at least 60% of the enrollment in member schools throughout the state. In addition, in interscholastic competition that is limited to 1A-2A schools, the Board may sanction state level competition when a significant number of 1A-2A member schools participate in the activity. This competition should be held at a location that has the facility, officials, support necessities and financial capability to operate a successful tournament.

ARTICLE 16 - PREFACE FOR JUNIOR HIGH/MIDDLE SCHOOL ACTIVITIES

Section 1 - Guidelines for Administration

To ensure that interscholastic competition will make its maximum contribution to the development of junior high/middle school pupils, it is necessary that the administration of this program be under the jurisdiction of school officials and be carefully supervised by competent and professionally prepared personnel. The organization of interscholastic programs should be based upon the following principles:

A. The Administrative Head must accept full responsibility for the proper organization, administration and supervision of interscholastic programs as a part of the total educational program.

B. The interscholastic athletic program in the junior high/middle school should supplement, rather than serve as a substitute for, a broad and comprehensive program of physical education and intramural activities for all students.

C. The junior high/middle school interscholastic program should be considered as a necessary enrichment program for those who excel and will benefit from additional experience above and beyond the required physical education, classroom and intramural programs.

D. The interscholastic program must be developed according to the needs and abilities of the age level of junior high/middle school youth. There should be particular emphasis placed on the health, safety and personal well-being of the participant with additional consideration given to the development of good sportsmanship, character and citizenship characteristics.
E. In certain sports it is recommended that serious consideration be given to equalizing competition by some method of classification which will take into consideration individual differences of pupils participating.

F. Whenever feasible, school systems should operate a self-contained junior high/middle school interscholastic athletic and activities program rather than schedule distant schools outside of the immediate area.

G. A wide variety of activities should be included in the junior high/middle school interscholastic program and an effort should be made to encourage all pupils to participate.

H. Written policies should be developed at the local level outlining sound administrative practices which will implement state rules and regulations regarding the junior high/middle school interscholastic program.

I. Students attending alternative education programs are not eligible to participate in junior high/middle school activities, unless authorized to do so by individual public schools or school districts, or by private or religious schools.

**NOTE ABOUT ARTICLE 17:** ASAA does not currently govern middle or junior high Schools. Should ASAA decide to do so in the future, the following guidelines would be used.

**ARTICLE 17 - JUNIOR HIGH/MIDDLE SCHOOL REGULATIONS**

**Section 1 - School Membership Requirements**

A. Eligibility: Schools which include grades seven (7), eight (8), and nine (9), or any combination of these grades are eligible to apply for membership in the Junior High/Middle School Division of the Alaska School Activities Association.

B. Application for Membership: A school shall become a member when its Board of Education has authorized membership by resolution and when the Superintendent and Principal have signed the prescribed membership blank and filed with the ASAA Executive Director. Junior High/Middle School membership blanks should be filled out, signed and returned to the Association office before October 1 of each school year, along with membership dues (as listed on page 6 of the Constitution and Bylaws).

C. Student Participation: Pupils below the seventh (7) grade shall not be permitted to compete on any Junior High/Middle School interscholastic athletic team.

D. Students Under Same Administrative Head: All students on Junior High/Middle School athletic teams must be enrolled in the same school and be under the supervision of the same administrative head who shall be held ultimately responsible in all matters pertaining to interscholastic athletic activities involving his/her school.

E. Rule Books: The National Federation rule books, as adjusted for Junior High Schools, will be the official rule books in wrestling, basketball, track & field, and cross country, swimming and volleyball.

F. Competition: Member schools may play non-member schools which have rules at least as stringent as these Association rules.
Section 2 - Student Eligibility Requirements

A. Student in Good Standing: To be eligible to participate in the Junior High/Middle School interscholastic activities program, a student must be currently enrolled as an official student of the school and must be in good standing. Such criteria that would tend to deny a student his/her place in the classroom would also be the same criteria that deny him/her the opportunity to participate in the interscholastic activities.

B. Required Practice: A student must participate in ten practice sessions extending over ten school days before he or she may participate in any interscholastic competition. If a student has been participating in another school sport and joins the team late because of overlapping seasons, then he/she must participate in at least five practice sessions.

C. Dual Participation: A student may participate in like sports on teams outside the school (i.e. dual participation) where the number of contests of the school team is less than eleven (11).

D. Age Limit: The student is ineligible to enter interscholastic competition if his or her 16th birthday occurs prior to August 1 of the school year.

E. Citizenship and Grades: The principal shall have the authority to declare a student ineligible for participation in Association activities based on poor citizenship. It shall be the responsibility of each individual Junior High/Middle School or league to determine whether grade eligibility rules are appropriate.

F. Physical Examination and Parent Consent: (Same as high School rule see Constitution and Bylaws, Article 11.

GENERAL POLICIES

1. Classification

A student is considered a high school student when he or she is actually registered as a high school student, not when earning high school credit as may be given to junior high students.

The following conditions apply:

A. Schools are classified by their enrollments in grades 9-12 according to the previous school year’s October report to the Department of Education and Early Development. Non-enrolled alternative education program students who participate in a member public, private or religious school’s interscholastic activity program will be added to the prior October count in determining the school’s total number for future classification purposes.

B. Geographic and competitive considerations are not determining factors for classification placement. The following sports and activities have state-culminating competitions based on the following school classifications:

ONE CLASSIFICATION
- All-State Art
- All-State Music
- Drama, Debate, & Forensics
- Esports
- Nordic Ski
- Solo & Ensemble
- Swim & Dive
- Tennis
- World Language Declamation
- Wrestling - Girls

TWO CLASSIFICATIONS
- Baseball - Division II (1-850 students), Division I (851 students & above)
- Cheer Competition - Division II (1-500 students), Division I (501 students & above)
- DDF Team - Division II (1-500 students), Division I (501 students & above)
- Hockey - Division II (1-850 students), Division I (851 students & above)
- Nordic Ski Team - Division II (1-500 students), Division I (501 students & above)
- Soccer - Division II (1-850 students), Division I (851 students & above)
- Softball - Division II (1-850 students), Division I (851 students & above)
- Track & Field - Division II (1-500 students), Division I (501 students & above)
- Wrestling - Division II (1-500 students), Division I (501 students & above)

THREE CLASSIFICATIONS
- Cross-Country Running - Division III (1-150 students), Division II (151-500 students), Division I (501 students & above)
- Football - Division III, Division II, Division I (Board places schools into Divisions)

FOUR CLASSIFICATIONS
- Volleyball - Mix Six (1-60 students), 2A (61-150 students), 3A (151-500 students), 4A (501 students & above)
Basketball- 1A (1-60 students), 2A (61-150 students), 3A (151-500 students), 4A (501 students & above)

C. Reclassification Enrollment Policy
Every third spring, the board will analyze enrollments of member schools based on that school year’s October OASIS report, while adding the participation numbers of alternative education program students participating under AS.14.30.365 and AS 14.45.350.

D. Request to play at a higher classification
Member schools may request to "opt up" in a specific activity. For the request to be granted, it must:
1. Be made in conjunction with the three year “reclassification policy” cycle
2. Be for both gender’s activity

Unless there are unforeseeable circumstances, once granted the request will remain in effect until the next “reclassification policy” cycle.

E. Ineligible 5th Year Students:
If a school’s enrollment for grades 9-12 for the previous school year is higher than thirty (30) students due to enrolled, ineligible 5th year seniors, as verified by the superintendent, and if the school would otherwise qualify to have 8th grade students participate under Article 12, Section 2.D., (Use of Junior High or Middle School Students), the superintendent may request that the ineligible 5th year seniors not be included in the total number enrollment for the purposes of this section.

After forgiveness for ineligible 5th year students has been granted, schools will be assigned to classifications. Schools which will be reclassified to a higher level under this policy may appeal the reclassification based on the average enrollment data for the current and 2 previous years. Schools which are reclassified will remain in their current classifications until the beginning of the second school year, at which time they will move to their new classifications. Schools will remain in their new classifications for three years, at which time the cycle begins again.

F. Unforeseen Circumstances:
The Association may consider an appeal of this policy by the school’s superintendent for unforeseen circumstances. This may include emergency transfers which affect a school’s classification.

Classification Time Schedule

April 2020 – check enrollments/reclassify schools/schools may appeal
2020-21 – schools remain at current classification
2021-22 – schools move to new classifications
2022-23 and thereafter – schools remain at current classifications

April 2023 – check enrollments/reclassify schools/schools may appeal
2023-24 – schools remain at current classification
2024-25 – schools move to new classifications
2025-26 and thereafter – schools remain at current classifications

April 2026 – check enrollments/reclassify schools/schools may appeal
2026-27 – schools remain at current classifications
2027-28 – schools move to new classifications
2028-29 – schools remain at current classifications

Narrative Example:
Smith High School is a 2A school with an enrollment of 155 in April of 2017 (including alternative education program students). There is no request for forgiveness so the board reclassifies Smith High School to 3A beginning in 2018-19 (the school remains at the 2A level in 2017-18). Smith High School is
3A school in 2018-19, 2019-20 and 2020-21. During the April 2020 board meeting, the school’s enrollment is 149 and the board reclassifies the school to 2A beginning in the 2021-22 school year. The school remains at the 2A level for 2021-22, 2022-23 and 2023-24. During the April 2023 board meeting, the school’s enrollment is 145 and so the school remains in the 2A classification and a new three year cycle begins in the 2024-25 school year.

2. ASAA Outsourcing Policy

These procedures or guidelines have been developed to aid schools or districts that are considering moving an interscholastic program from school sponsorship to community sponsorship.

- A District or school contact person must be identified, and that name forwarded to ASAA.
- All ASAA rules and procedures must be reviewed and followed by outsource agency.
- Coaches’ training and certification will be required as of other coaches (Alaska Coaches Education Program)
- National Federation Rules books should be provided to coaches when appropriate.
- ASAA approved playing rules must be followed.
- District or school has the right of approval and the responsibility of supervision of coaches.
- Outsource agency contact with ASAA should be channeled through the district or school.
- District or school must abide by ASAA Bylaw, Article 6, Section 4, which states:

A certified staff member, or other person approved in advance by the principal or superintendent of a member school or district, must be in charge of participants. For athletic events this person must be certified through the Alaska Coaches Education Program. Host schools must have an administrator or designee in attendance.

3. Proof of Residence Change

For transfer purposes, at least two of the following three are required as proof of residence change: Alaska Driver’s License, Voter Registration Card, and Permanent Fund Application.

4. E-Mail Policy

In line with traditional business practices, ASAA will respond to appropriate email correspondence as time allows. Please include your full name, affiliation, mailing address and phone number in your email. ASAA will not respond to email containing: 1) Student eligibility questions or 2) Profanity. If the content of your email requires a response from a school or district administrator, we will forward your email message accordingly. We appreciate you taking time to contact our office.

5. ASAA Passes Policy

ASAA offers an Association pass to schools to purchase for $50 each. This pass will allow the bearer entrance into any regular season event, regional or district event, and any and all state tournaments for the year. The pass will be available for all certified coaches, athletic/activities directors, school board
members, and school administrators. ASAA will personalize each pass as they are ordered by the school and that person will need to show ID when using the pass.

6. Board Meeting Expenses Policy

The ASAA Board of Directors has determined that regions or sending organizations will provide transportation, hotel costs and per diem for members to attend Board meetings.

7. Fiscal Year

August 1 - July 31

8. Capitalization Policy

Fixed assets are stated at cost. Expense for maintenance and repairs are charged to expense as incurred and major renovations are capitalized. All expense for equipment in excess of $500 are capitalized and depreciation is provided over the estimated useful lives of the assets on a straight-line basis. All donated fixed assets are capitalized at fair market value or estimated value at time of receipt.

9. Gold Lifetime Pass

ASAA has a program under which those individuals who have made an extraordinary contribution to high school activities in Alaska and/or at the national level may be selected as recipients of an ASAA Gold Lifetime Pass.

Qualifications: Significant service to high school students of Alaska through demonstrated leadership for at least twenty (20) years at the state and/or national level. Served as activities administrator, coach/director/advisor, official, community supporter, or committee member.

Number: Up to eight recipients each year, with not more than one per region or association. In the event of extenuating circumstance, the Board may award additional recipients.

Selection Process: Each region or association may solicit nominations and recommend its recipient to the Board of Directors. The Board of Directors will make the final selection of recipients during its Spring meeting.

RECIPIENTS: For a list of Gold Lifetime Pass Recipients log on to http://asaa.org/resources/about-asaa/gold-lifetime-passes/

10. Alaska High School Hall of Fame

In recognition of ASAA's 50th anniversary in 2006, the Board of Directors established the Alaska High School Hall of Fame to identify and honor those athletes, activity participants, coaches, directors, officials, adjudicators, school administrators and contributors who have made outstanding contributions to interscholastic sports and activities in Alaska. For a list of inductees, to nominate a deserving individual or for more information, log on to http://www.alaskahalloffame.org
11. Play for Keeps - Tobacco, Alcohol and Controlled Substances (TAD) Policy

In order to ensure adoption of consistent tobacco, alcohol and controlled substances policies by member schools and districts, ASAA requires that member schools and districts adopt the following policy for their enrolled and alternative education program students who are participating in interscholastic activities. This is intended to set forth minimum restrictions and penalties, subject to greater or additional restrictions or penalties which may be adopted by member schools or school districts.

1. Prohibited Conduct: The possession, distribution or use of any tobacco products, including “E” or electronic cigarettes, alcohol and controlled substances (as defined in number 10 of this policy) by a student-athlete or activity participant, whether it occurs on or off school property, is prohibited and shall result in the penalties set forth herein.

2. Time Period During Which Policy Applies: The policy in this section applies to any student who is participating or has participated in interscholastic activities starting from the student’s first participation in interscholastic activities, at any ASAA member school, and continuing until the student graduates from high school. This policy applies during “calendar days” as defined in this section. The policy first went into effect on July 28, 2008.

3. Educational Component: The educational component is a critical part of the policy and is comprised of four parts; Pre-Participation Orientation, First Offense, Second Offense, and Third Offense. ASAA will provide the first three parts of this component to member schools through the ASAA website. An overview of each part is included under number 10. Definitions.

4. Cumulative and Progressive Penalties: Violations of this policy will be cumulative and progressive, as described in the following paragraph, throughout a student's high school years. If a student transfers from one ASAA member school to another ASAA member school, the student’s cumulative violations will accompany such transfer and shall be the basis for any additional penalties should further violations occur.

5. Minimum Penalties for Violation of this Policy: Minimum penalties for violations of this policy are:

   **First Offense** - The student will be suspended from interscholastic activities and practice for ten (10) calendar days (as defined in number 10). Up to Fifty percent (50%) of the suspension will be forgiven and the student may return to practice if the student and parent/guardian complete the First Offense educational component.

   For tobacco use, if a student under the First Offense Penalty violates the Tobacco Rule within the ten (10) calendar day period of suspension, the student's period of suspension will start over again; the First Offense educational component will become mandatory, and no forgiveness will be granted. This process will continue until the student has demonstrated ten (10) calendar days without a subsequent tobacco violation. A student who has not completed a suspension or re-suspension under the first Offense Penalty for violation of the Tobacco Rule does not become subject to imposition of penalties under a Second, Third or Fourth Offense for violation of the Tobacco Rule, until the student has completed all suspensions and re-suspensions under the First Offense Penalty for tobacco use. A student serving a First Offense Penalty under the Tobacco Rule is, however, subject to immediate imposition of a Second Offense Penalty to the extent this is based upon violation of the non-tobacco prohibitions under this Policy.

   **Second Offense** - The student will be suspended from interscholastic activities and practice for forty-five (45) calendar days. Both the student and parent/guardian must complete the Second Offense educational component prior to the student's return to competition. While under the period of
suspension, the student may return to practice after completion of the Second Offense educational component. A student may need additional days of practice before returning to competition (See Article 7, Section 7).

**Third Offense** - The student will be suspended from interscholastic activities and practice for six (6) months. Both the student and parent/guardian must complete the Third Offense educational component prior to the student's return to competition and there will be no forgiveness of calendar days of suspension. While under the period of suspension, the student may return to practice after completion of the Third Offense educational component. A student may need additional days of practice before returning to competition. (See Article 7, Section 7).

**Fourth and Subsequent Offenses** - The student's privilege to participate in interscholastic activities and practice is revoked for one (1) year. Both the student and parent/guardian must complete the Fourth Offense educational component prior to the student's return to competition and there will be no forgiveness of calendar days of suspension. A student may need additional days of practice before returning to competition. (See Article 7, Section 7).

These are minimum penalties which may be increased by the member school or member school district, based upon (1) the nature of the violation, (2) the extent to which it occurs on school property or during school activities, and (3) the extent to which it arises in the context of the student's participation in interscholastic activities. Penalties shall be imposed beginning on the first calendar day following a determination that a violation has occurred, except to the extent a school's appeals policy permits a student to continue to participate pending final determination of any appeal filed by the student under such policy. In such case, penalties shall be imposed on the first calendar day following a determination on appeal that a violation has occurred. A student shall be considered ineligible during each calendar day in which a penalty is imposed.

**6. Determination of Violations:** In implementing this policy, it will be the member school's responsibility to determine the nature and extent of a violation, to impose and enforce any penalty, to report each violation to ASAA on the School Activities Reporting System (SARS), and to maintain records of all violations by each student occurring after the student's first participation in interscholastic activities. A member school's determination that a violation has occurred and its imposition of penalty may not be appealed to ASAA. If a member school or member school district reverses a determination of violation, it shall promptly notify ASAA of such reversal. Alleged failure of a member school or district to enforce this policy may not be the basis for either a report of rules violation to the Executive Director or of a member school’s protest against another school, under the ASAA Bylaws.

Violations and penalties are to be based upon noncompliance with the policy by the student participant, by the student’s parents/legal guardians, or both, provided however, that where a violation is based solely upon action or inaction of the parent or legal guardian and not of the student participant, under circumstances completely beyond the control of the student and where it would be manifestly unfair to disqualify the student on this ground, the member school may, at its discretion, withhold imposition of a penalty against the student.

**7. Violations Reported to ASAA and Confidentiality Requirement:** After determining that an enrolled student, or an alternative education program student who has been granted eligibility at a member school, has committed a violation, the member school shall report the violation to ASAA via the School Activities Reporting System (SARS). Member schools and districts must report to ASAA a violation of this policy within three (3) calendar days of determination that such violation has occurred. It is ASAA's intention to maintain the confidentiality of all such reports. As such, information concerning a student's previous violations will be disclosed by ASAA only to an administrator of the member school which the student is attending. A school administrator to whom such information has been disclosed may exercise discretion to provide such confidential information as is appropriate to the student's coach or other activity administrator, but only to the extent that such information is provided in a good faith effort to prevent
violations and to assist the student in maintaining a lifestyle free of tobacco, alcohol and controlled substance use, and to maintain eligibility to participate in interscholastic activities. An administrator who provides any confidential information to a student’s coach or other activity supervisor shall assure that such person will use the information only in communications with the student and shall otherwise maintain strict confidentiality of the information. ASAA’s records of violation shall be made available to the student and/or the student’s parent or legal guardian upon written request.

8. Student and Parent/Guardian Acknowledgement: ASAA will provide access to the Student/Parent/Legal Guardian TAD video and acknowledgement form to member schools and districts. The orientation video will explain the policies of this section and penalties for violations. Students and the student’s parent or legal guardian, are required to view the orientation video annually, prior to signing the acknowledgement form. The form must be signed by the student and the student’s parent or legal guardian, and requires that the student and parent or legal guardian acknowledge that they have read and understand the terms of the policy, including the potential penalties for violations, and that it requires the school to report such violations to ASAA. The form will require that the student and parent or legal guardian agree to be bound by these terms. A copy of the signed form must be returned to the school before the student is permitted to participate. Member schools shall keep a copy of the signed forms on file.

9. Students Emancipated by Age or Marriage: The requirements in this policy that a parent or legal guardian sign the Student/Parent/Legal Guardian TAD Acknowledgment Form and that require that a student’s parent or guardian participate in the Pre-participation Orientation or in mandatory education arising from an offense do not apply to a student who has obtained the age of 18 (eighteen) years, or who becomes married if the student has reached the age of 16 (sixteen).

10. Definitions: As used in this section, terms are amended as follows:

Electronic “E” Cigarettes – any electronic oral device, such as one composed of a heating element, battery, and/or electronic circuit, which provides a vapor of nicotine or any other substance, and the use or inhalation of which simulates smoking. The term shall include any such device whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, or under any other product name or descriptor.

Calendar Days – Each day, including weekends and holidays, during the member school’s school year. Additionally, if a student participates in any interscholastic activity, including practice, outside of the school year, then the entire period of such participation, including intervening weekends and holidays, counts as calendar days for such student.

Controlled Substance – Any substance appearing on the list of Controlled Substances identified by the federal Office of the Drug Enforcement Administration or as set forth in 21 U.S.C. Section 812, unless the student’s usage of such substance is consistent with a physician’s prescription for the student’s usage. The DEA list of Controlled Substances appears on its internet website at http://www.deadiversion.usdoj.gov/schedules/index.html#list. ASAA will endeavor to provide member schools with an updated List of Controlled Substances; however, for purposes of ASAA’s policy, the current list maintained by the DEA is controlling. In addition, any substance listed as illegal or restricted by Alaska statute or regulation, or classified as a “designer drug” by the federal Office of the Drug Enforcement Administration or by Alaska statute or regulation, shall be considered a controlled substance for the purposes of this policy.

Report to ASAA – Violations must be reported to the ASAA office within three days via the School Activities Reporting System (SARS)

Suspension – As defined in Article 5, Section 1 A6 of ASAA bylaws.
**Educational Component** – A series of DVD’s, software and web based training programs and counseling ranging from a pre-participation orientation session to remedial programs for first through third time offenders. These are designed to keep students in school, teach them responsibility, educate them and their parents/guardians on new behaviors and lifestyles, instill accountability, exemplify teamwork, teach positive decision making skills, and keep students eligible for interscholastic activities.

**An overview of each part follows:**

Pre-Participation Orientation: The Orientation is required of each student participant and parent/guardian annually, at the beginning of the student’s first season of the school year, before the student is eligible to participate. This session is a short informative presentation designed to encourage students to maintain a chemical-free lifestyle, and to ensure that students and parents/guardians understand the policy and the consequences for violation. Upon completion of the Orientation, the student and parent/guardian must sign the Student/Parent/Legal Guardian TAD Acknowledgement Form as stated in number 8 for the student to gain eligibility. Schools will affirm that this has happened by marking the designated field on the School Activities Reporting System (SARS).

(Note added for clarification purposes – The board did not change the following provision).

"Prior to each season in which a student participates in interscholastic activities, a copy of the signed form must be returned to the school before the student is permitted to participate. Member schools shall keep a copy of the signed forms on file." (This means that although a student will be required to view the orientation video only once per year, the signed acknowledgement form must still be turned into the office prior to each season of participation).

First Offense: This optional session for students who have committed a First Offense is designed to educate students and their parents/legal guardians on how to make positive decisions that will instill accountability and new behaviors in the students. Upon successful completion of this part by both the student and parent/guardian, up to fifty percent 50% of a student’s suspension from activities will be forgiven. Students completing the First Offense component may return to practice prior to the completion of the period of suspension.

Repeat violations of the Tobacco Rule during the 10 (ten) calendar days of suspension will result in mandatory participation in the First Offense educational component prior to returning to competition. For repeat violations of the Tobacco Rule only, the Second Offense penalties, if based on violations of the Tobacco Rule, will not be imposed unless there is a repeat violation of the Tobacco Rule after the student has completed all suspensions and re-suspensions under the First Offense.

Second Offense: This required session for students who have committed a Second Offense as well as their parents/guardians, must be completed before a student regains eligibility. It is more in-depth than is presented in First Offense. Students completing the Second Offense component may return to practice prior to the completion of the period of suspension. There is no forgiveness of mandatory suspension and students returning to play after this offense may need additional days of practice prior to competition.

Third, Fourth and Subsequent Offenses: Students who violate this policy for a third or more time have a significant problem. This required session for students who have committed a Third Offense under the rule and wish to regain their eligibility, will target the specific at-risk behaviors and may involve multiple agencies. A student under the Third, Fourth and Subsequent Offenses, educational component must:

- seek assessment and counseling/treatment from a local health care professional,
- successfully complete the recommendations of the care provider and submit a letter from the agency,
- demonstrate a commitment to remain substance free,
- make a presentation to the District School Board requesting reinstatement of interscholastic eligibility,
• notify ASAA through the school administration that all conditions have been successfully completed, and
• request reinstatement by ASAA.

Students completing the Third, Fourth and Subsequent Offenses component may return to practice prior to the completion of the period of suspension.

1. Multi-Region Conferences

A. Establishment: The Board of Directors has established athletic conferences:

1. to provide competitive opportunities for its member schools when they are limited,

2. to provide for the equitable administration of these activities throughout the state,

3. and to provide a post season qualification process for those teams which must compete against teams outside of their assigned regions.

The Board has established multi-region conferences in Baseball, Basketball, Football, Hockey, Soccer, Softball, Swim & Dive, Volleyball and Wrestling. The board may establish additional conferences or eliminate conferences as it determines.

B. Decision Making: The Board of Directors grants decision making authority to each multi-region conference to manage its own affairs. A decision of such a conference is subject to board oversight to ensure the decision serves the best interests of member schools and ASAA.

1. Multi-region conferences should adopt written bylaws and policies. Copies of these bylaws and policies must be on file at the ASAA office, or be currently available on the web.

2. Multi-region conferences must make every effort to make decisions which fairly represent the interests of each conference member. A school in a multi-region conference which determines that a conference decision is not in the school’s best interest, may bring the complaint to the Board for resolution.

3. Fees imposed by multi-region conferences, or by regions within a conference, must be fair and equitable to all conference members.

C. Conference Placement: The Board of Directors places schools in multi-region conferences for the sports listed in the Establishment section above. Schools requesting conference placement, or change in conference placement, must submit their requests in writing to the Executive Director in a timely manner. Although input from other conference members will be considered, final conference placement will be determined by the Board. ASAA will print a list of multi-region conferences and members each year in the Directory section of the Handbook. Any errors or omissions should be immediately reported to ASAA.

D. Conference Administration: The Board of Directors has determined that a Conference Commissioner, or contact person, must be selected by each multi-region conference. This person must be willing to assume the administrative duties of the conference and to communicate conference business to ASAA. It is crucial that ASAA staff have complete contact information for the Commissioner to ensure that state tournament qualifying information is received in the office in a timely manner, and to have a resource when seeking other information on the conference.

2. Taunting Policy

Any school wishing to incorporate a celebratory or motivational routine into an interscholastic activity (i.e. Haka Dance) must adhere to the following guidelines:
• may only be performed as part of a pre-game or post-game activity,
• may only be performed on the sidelines facing its own fans,
• may not include taunting, disrobing or other inappropriate behaviors, and
• must conform to sportsmanship values established by school districts, ASAA and the NFHS.

Penalties for failing to adhere to the above guidelines will be imposed by the contest officials using NFHS rules. The Head Official for the game will notify ASAA of any infraction of the rule. ASAA and school districts may impose additional sanctions for violations.

3. Out-of-Season Participation Policy

The coach or other personnel representing the school is prohibited from requiring any athlete to participate in an out-of-season sport, training program, or travel team as a condition of selection for the in-season team.

All team camps run or organized by a school coach or school outside of the defined high school season must be advertised and open to students beyond that school.

Policy Definitions:

“Prospective Player” - A Prospective Player is any student enrolled in a specific coach’s school, or any student who will be enrolled in that school during the next school year.

“Camps” - There are two types of “Camps” - team camps and commercial camps.

Team Camps - May be attended only during the months of May, June, July and August. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team. A camp is considered a “team camp” if any of the following criteria are met:

1. students, as a team, are housed and/or fed at the school.
2. students, as a team, are housed and/or fed away from the school.
3. students, as a team, are taken on outings

Commercial camps – Students may voluntarily attend commercial camps during the months of May, June, July and August upon approval of their parents. Attendance may not be mandated. Service clubs, school organizations or schools may pay fees for participation according to their own school/district policies. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

“Clinics” – With prior approval of the Executive Director, a school may conduct a clinic during the school year. Clinics must be advertised in advance and open to all students in the school and/or community. Clinics are limited to 3 days in length.

“Conditioning” – Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercise. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds, and other implements related to specific ASAA activities. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team. Conditioning does not count towards six hours of out-of-season contact rule.
“Travel Teams” – Travel Teams may be put together by a coach for competition during the months of May, June, July and August, either in or out of the state. Although the team is not affiliated with a member school, it may include students from one or more member schools. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team. For restrictions see (Article 12, Section 5, B) “A student who participates as a member of an out-of-school team coached by another school’s coach, and who subsequently transfers to that coach’s school, will be ineligible in that sport for one full season at the receiving school.”

“Out-of-Season” – Out-of-Season is any time other than during the established high school season in a particular sport. During this time coaches may practice up to six hours a week, with out-of-season games or scrimmages counting as one hour.

“Out-of-Season Game” – A contest, practice or event involving students attending more than one school.

“Practice” – Practice is a regularly scheduled team physical activity designed for the preparation of athletes for the ensuing sports season and conducted under the supervision of the school coach during the season established by the Board of Directors. A “practice” is further defined as any attempt by the coach of a school team (paid or volunteer) to teach any phase of a game or activity to his or her squad, or have the squad or part of the squad engage in drills under the supervision of that coach, or from directions provided by that coach. Under this definition, “school team” also applies to students and coaches of “individual sports.”

The “out of season” participation policy is suspended from May 20 through July 31st. This means a coach of a team sport can coach his/her players anytime, anywhere, during this period. During this time period the coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

“Coach” – A Coach is an adult approved by the school (either paid or volunteer) to conduct the usual duties of a coach under the guidelines established by ASAA and the school/district.

“Non-School Teams or Leagues”
1. Coaches may coach in out-of-season games or scrimmages, except from the first Monday in November to the start of the basketball season.
2. Non-school teams may not use school equipment or uniforms. School transportation and facilities may only be used in accordance with school board policies as they relate to any other non-school groups using facilities or transportation.
3. A school team is defined as a team composed solely of players from one member school.
4. The definition of a non-school team includes one or more of the following:
   a. A team affiliated with and scheduled for participation in an organized league.
   b. A team participating against a team that meets criterion (1.) above.
   c. A team identified by a name or a uniform, and which participates in contests independent from league affiliation.

4. Open Facility Policy

Schools may conduct “open facility” in any athletic activity. Open Facility activities may be run outside the regular season. The philosophy of the open facility is that students may voluntarily attend for wholesome recreation or for purposes of improving their skills. Open facilities should be conducted according to the following guidelines:
A. Use of school equipment, supplies and name shall be determined by the school administration.

B. The open facility is open to any student that is interested in attending.

C. There shall be no organized competition such as established teams & round-robin competitions.

D. Coaches and others may attend open facilities for the sole purpose of supervision.

E. Open facility does not count towards the six hours of out-of-season contact rule.

F. The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

5. **Sportsmanship Creed**

ASAA and its corporate sponsors appreciate your attendance at this game. This contest is being played under the authority of the Alaska School Activities Association. ASAA rules provide for fair play and good sportsmanship among everyone involved. All participants and coaches are expected to exhibit the highest level of respect for their opponents and the officials. We also expect fans will eagerly support their favorite team by applauding fair play while refraining from negative words and behaviors.

“Be Loud...Be Proud...but Be Positive.”

6. **Qualifying for State Tournaments**

A. Conferences / Regions are responsible for setting policies and guidelines to qualify for the state tournament, except in swim & dive, track & field and wrestling. Qualifying policies may include a season ending tournament, the regular season record or qualifying times.

B. Qualifying for the state meet in Swim & Dive, Track & Field and Wrestling will be from the Conference / Regional qualifying events.

7. **Ejection/Suspension Policy for Individual Sports.**

This policy specifies the length of suspension subsequent to a contest ejection in individual sports (Cross Country Running, Nordic Ski, Swim & Dive, Track & Field, Wrestling). For the first offense:

- **Student** - when ejected sits out for the rest of that day of competition and is suspended for the next day of competition.

- **Coach** - when ejected must leave the vicinity and may not have any further contact with their athletes for the remainder of competition that day and is suspended for the next full day of competition.

(See Bylaw Article 6, Section 6, for suspension penalties for Team Sports)

8. **Jamborees**

A. All players must have five (5) separate days of practice prior to the first day of the Jamboree. See Activity Specific pages within this handbook for more information.
B. Baseball/Softball - Shall include three (3) or more teams. A team is limited to no more than six (6) innings total with no more than two (2) innings against any other team. A team may only play in one jamboree each season. A jamboree does not count as a game against the 22 game limit.

C. Basketball - Time against all teams during one day cannot exceed thirty (30) minutes and six (6) minutes against each team. A team may play in only one jamboree each season. A jamboree does not count as a game against the 22 game limit.

D. Football - Up to 20 plays may be played against each team in the jamboree with a maximum of 100 plays per day. A team may play in only one jamboree each season. A jamboree does not count as a game against the 8 game limit.

E. Flag Football - One quarter or 12 minutes maximum against each team in the jamboree. A team may play in only one jamboree each season. A jamboree does not count as a game against the 20 game limit.

F. Hockey - Time against all teams during one day cannot exceed forty-eight (48) minutes. Time against each team cannot exceed twelve (12) minute. A team may play in only one jamboree each season. A jamboree does not count as a game against the 22-game limit.

G. Volleyball - Two games maximum with each team. A team may play in only one jamboree each season. A jamboree does not count as a game against the 22-game limit.

9. Takedown Tournament

Wrestling - All wrestlers must have five (5) separate days of practice prior to the day of the tournament. Matches are determined either by a specified number of takedowns or a time limit. A wrestler may participate in only one takedown tournament each season which does not count as a match against the twenty-four (24) weigh-in limit.

10. Mercy Rules Policy

The ASAA Board has adopted a policy, which mandates that a Mercy Rule be used once an established point spread is reached at a predetermined point in a baseball, basketball, football, hockey, or softball game. Mercy Rules for each sport can be found in the Activity Specific Policy and Procedures.

11. Endowment Game Policy

ASAA encourages each school’s team sports to play Endowment Games during the season above and beyond the 22 game/match limit. Additional Endowment Games may be played each season. (Bylaw, Article 7, Section 9) The Endowment Game is a fund-raiser for ASAA. School teams may play Endowment Games at any time during the regular season, beginning with the date of the first contest and extending through the time period between the conference qualifying tournament and the state tournament. Endowment Games do count in a team’s overall season record for at large and seeding purposes.

Schools wishing to host Endowment Games must apply in writing to ASAA by submitting the “Endowment Game Application Form” no later than one week prior to the game. Under no circumstances may an Endowment Game be played until this form has been signed by ASAA and returned to the participating schools. ASAA will invoice the responsible school $100 for each game.

Penalty for Playing an Endowment Game Prior to Authorization: The host school will be fined $100 per game for playing an Endowment Game prior to authorization by the Executive Director.
12. Alumni / Staff Games

Schools may play one alumni or staff game per sport that does not count against the team’s game limit. Additional games either must be endowments or counted against the school’s game limit.

13. Scrimmages

A scrimmage is a practice and should be treated as such. Scrimmages with other teams or schools do not count as games. Coaches should stop the play at will to give instructions. Scrimmages may not involve:

A. official game clock or score book
B. admission charge
C. advertisements or announcements about the event.

For the activity of basketball, teams may run a “scrimmage” of two (2) ten (10) minute halves, with or without a running clock. These two (2) ten (10) minute halves would count as 2 of the 6 allowed quarter players may play at different levels (see I. Individual Participation Limitation under the Basketball policies). Scrimmages, operated in this manner, may involve:

A. official game clock and/or a score book
B. admission charge
C. advertisements or announcements about the event

Additionally, scrimmages operated in this manner would count as a game towards a school’s maximum game limit (see F. Maximum Games in the Basketball Policies)."

15. Management of Concussions in Student Athletes

All coaches/advisors/volunteers must complete Concussion training in accordance with the Alaska Coaches Education Program (Bylaw, Article 10)

Schools shall annually provide to a student/parent/guardian written information on the nature and risks of concussions. A form verifying receipt of information must be signed by the student and parent/guardian.
The signed form must be returned to the school before the student is permitted to participate in an athletic activity. Schools shall keep a copy of the signed form on file.

16. Sudden Cardiac Arrest Information

All coaches/advisors/volunteers must complete Sudden Cardiac Arrest training in accordance with the Alaska Coaches Education Program (Bylaw, Article 10)

It is well documented that SCA is the leading cause of death of adults in the United States. It is also, the #1 killer of student athletes. A study showed that seventy-two percent of students who died from SCA did have a warning sign. However, the warning sign can be confused with other conditions, or just disregarded as insignificant. To ensure students and parents have been given information regarding the signs of Sudden Cardiac Arrest, schools shall annually provide to a student/parent/guardian written information on the nature and risks of SCA. A form verifying receipt of information must be signed by the student and parent/guardian. The signed form must be returned to the school before the student is permitted to participate in an athletic activity. Schools shall keep a copy of the signed form on file.

17. Emergency Action Plans (EAP)

Schools should have an Emergency Action Plan in place for all venues where practices or games occur. It should be practiced and reviewed annually. It should also be posted or shared with all personnel.
COACHES CODE OF ETHICS

The function of a coach is to educate students through participation in interscholastic competition. Educational Based Activity Programs should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student should be treated with the utmost respect and his or her welfare should be considered at all times.

In Educational Based Activities the coach shall;

- be aware that he/she has a tremendous influence, on the education of the student and, shall never place the value of winning above the value of instilling the highest ideals of character.
- uphold the honor and dignity of the profession. In all personal contact with students, officials, administrators, ASAA, the media and the public the coach shall strive to set an example of the highest ethical and moral conduct.
- promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

When considering the welfare of their students the coach shall;

- take an active role in the prevention of drug, alcohol and tobacco abuse.
- avoid the use of alcohol and tobacco products when in contact with players.
- be aware of concussion management and return to play protocol.
- develop and practice an Emergency Action Plan with their team.
- work to keep programs free of hazing.

In Promoting Sportsmanship the coach shall;

- master the contest rules and shall teach them to his/her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.
- exert his/her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, sponsors, booster clubs, and administrators.
- respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against officials. Public criticism of officials or players is unethical.
- meet with opponents, shake hands, and exchange cordial greetings to set the proper tone for an event.

STATE CHAMPIONSHIP POLICIES

1. Championship Site/Date

A. The Board of Directors determines all state championship sites and dates. Most of the state championships are held in Southcentral Alaska for logistical and financial reasons. Occasionally, the Board entertains bids to host certain state tournaments in other parts of the state, as it realizes the educational value which students may gain from experiencing visits to other parts of the state.

B. Regardless of the community size, championship sites must meet certain minimum criteria. Factors which are considered in awarding a tournament site include:

1. Transportation to and from the site that is dependable.

2. An excellent tournament facility that meets or exceeds tournament specifications including NFHS standards.

3. Adequate space for seating and parking for spectators.

4. A supportive group of volunteers willing to fill key roles in the management of the tournament.

5. Adequate communication infrastructure including internet access onsite.

6. Adequate facilities to house and feed expected participants, officials, ASAA staff, and fans.

7. An interested local fan base for that particular event.

8. Plans to encourage and promote the appreciation of other cultures.

9. Availability of medical services onsite and nearby throughout the tournament.

10. Willingness to work with ASAA Associate Directors to meet budget guidelines.

C. The Board of Directors has determined that, when feasible, state championship sites should be awarded on a 2-4 years basis, however longer contracts may be awarded due to facility requirements. The Board may also entertain a one year bid to host certain events. Sites interested in hosting a state tournament are encouraged to contact ASAA to discuss the feasibility prior to submitting a bid.

2. Soliciting & Awarding Bids

ASAA will solicit bids for state championships by seeking proposals during the year that precedes the final year of a state championship site bid. Potential bidders will be given the criteria and deadline for submittal of bids on the asaa.org website. When multiple bids are received, the Board may choose to set up a rotation among the bid sites.

Following the viewing of a bid(s) to host a state championship, the Board will direct the ASAA Executive Director to prepare a contract with the tentatively chosen host site. This contract will need to be finalized, signed and processed within 90 days. Unless there is a significant change in the bid, the Executive Director may then sign the contract of the chosen bidder. Failure to meet specifications within the signed document may result in a review and/or cancellation of the contract."
3. State Championship Berths

A. Allocations for team and individual sports: The Board of Directors shall allocate state championship berths on a fair and equitable basis using current information on participation numbers (number of teams/individuals), past state championship results and anticipated future trends. In order to meet this goal, the Board has adopted the following procedure:

1. EVEN YEARS: Each school year that begins in an even year, the Board will review state championship berth allocations for these individual sports: Cross Country Running, Swim & Dive, Wrestling, Nordic Ski, Tennis and Track & Field.

2. ODD YEARS: Each school year which begins in an odd year, the Board will review state championship berth allocations for these team sports: Baseball, Basketball, Football, Hockey, Soccer, Softball, Volleyball.

Based on the above analysis during the February or April meeting, the Board may adjust berth allocations when it has been determined necessary.

B. Open State Championship Team Berths: The following policy clarifies a member school’s obligation to fill state championship berths when qualified. It also specifies how ASAA will fill open berths to preserve the integrity of a championship.

1. Schools whose teams qualify for state championship berths should fulfill their obligation that their students will participate in those events.

2. If ASAA is notified that a team will not fill its berth at the state championship, the Association will make every attempt to fill the berth with another team from that conference.

3. If the conference is unable to provide another team to fill the vacant berth, then ASAA will attempt to fill the berth with another team from another conference. In this case, ASAA will have the final decision as to which team will be selected to fill the berth.

C. Open Individual Berths: The Regional/Conference shall submit to the ASAA office by the published deadline the meet results so ASAA can determine state qualifiers. Once the list of qualifiers is posted, the only changes will be scratches which must be submitted by the posted deadline. Deadlines for scratches can be found in the individual sports Policies and Procedures. ASAA will invite alternates to replace scratches from the list of qualifiers as authorized by the ASAA Board of Directors.

4. State Championship Code of Conduct

ASAA believes that co-curricular activities are an integral part of the educational program of a school. Each student enrolled in a member school should have an equal opportunity to participate in a broad number of activities based on his/her own talents and interests. It is the intent of ASAA to encourage participation in co-curricular activities.

Student participants are student ambassadors of their schools and communities. As such, ASAA expects them to portray good citizenship, practice fair and ethical behavior, and be good role models. To ensure the health, safety and rights of all participants in ASAA sponsored events, a Code of Conduct has been adopted by the Board of Directors for all ASAA State Championships.

Violation: Violation of the Code of Conduct will result in the removal of the student’s right to participate in the event, as well as to attend the event. Any awards or team points received by that individual during the
event shall be forfeited. Schools shall report all violations of the Code of Conduct to the Association in a
timely manner. Schools which report violations which were discovered “after the fact” will be shown
leniency, including forgiveness of the Forfeiture Rule. Schools should hold their students to the same
behavior standards during the state tournament series as they do at school.

Period of Applicability: The state tournament Code of Conduct for all state championship events (except
football), is in affect from the beginning of the coaches meeting or from the beginning of the activity to the
conclusion of the awards ceremony.

Football - Because football playoffs extend over multiple weeks students participating in the state football
playoffs are subject to the “Code of Conduct”

1. during each day in which their school’s team competes in the playoffs, through the conclusion of
   the game if the team is eliminated, or

2. during each full day in which their school’s team competes and advances in the playoffs, and

3. during each day in which their school’s team competes in the championship game, through the
   completion of the game and awards ceremony.”

Schools must submit the signed Code of Conduct form found in the Tournament Forms section of this
handbook prior to participation in the state championship event.

5. Championship Policies & Procedures

State Championship Policies and Procedures documents for all state championships will be available
online at ASAA.org on the specific sport or activity page, under Coaches Information.

State Championship Policies and Procedures document will contain information pertinent to each
respective championship, including dates, submission deadlines, berths, seeding information, schedule,
structure, rules, pass information and much more. These are written collectively to the principal, athletic
administrator, and respective coach of each school. If your team qualifies to a state championship your
head coach and athletic director are required to review this document. It is the responsibility of the school
and their coaching staff to review all information pertaining to each specific state championship.

All state championship events have deadlines to submit team pictures, rosters, team information, good
sport nominations, and more. All of these can be submitted online. Specific deadlines are detailed in the
specific state championship policies and procedures document, as well as in the forms page of a specific
activity and in the ASAA Headlines Newsletter.

6. State Championship Participation Fees

The Board of Directors has authorized the assessment of a participation fee for all state championships
and festivals to be billed to the school.

All non-athletic events will be $10 or $20 per student participant with no maximum. See specific activity
policies for amounts.

The fee for athletic teams will be $10 per student participant with a maximum fee of $150 for those teams
of 15 or more participants. This applies to Baseball, Basketball, Football, Hockey, Soccer, Softball and
Volleyball,
The fee for individual athletic events will be $10 per student participant with no maximum. This applies to Basketball Cheer, Cross Country Running, Nordic Ski, Swim & Dive, Tennis, Track & Field and Wrestling.

7. State Championship Scheduling

When possible ASAA will adjust schedules to accommodate later times for host and local schools during first round contests. Adjustments will not be made in the bracket, only time scheduling.

8. Late Arrivals To State Championships

In state championships involving team competition, all teams should make every effort to arrive at the championship site before the coaches’ meeting. This meeting is usually held on the evening prior to the start of the championship. If a team is unable to meet this time frame because of weather transportation difficulties, or other unusual circumstances, the school must notify ASAA.

Prior to the Start of a Championship: If it appears that the team may not be able to arrive to compete in its scheduled first round contest because of weather, natural disaster, transportation breakdowns, etc, that contest will be rescheduled as the last of the the opening round.

If the team fails to arrive at the championship site for the first contest, that team will forfeit the contest. If the team fails to arrive at the championship site for the second round contest, the team will forfeit and will be out of the state championship.

After the championship event has started and all teams have checked in, and a team is late to a scheduled contest, the game may be delayed for a maximum of ten (10) minutes for arrival and warmups. Unless sport specific rule book details another procedure. After that time period has exhausted, if a team still has not arrived or is not ready to play, it will forfeit the contest.

Wrestling: In wrestling, a forfeit due to late arrival at the championship site because of weather or transportation problems shall not eliminate a contestant from further competition in the championship. The athlete will be placed in the consolation bracket. If a team is delayed due to weather or transportation problems and arrives after weigh-ins have occurred, these contestants shall be weighed by themselves upon arrival prior to their first match.

9. State Championship Officials

A. It is imperative that ASAA State championship events are officiated by experienced certified and highly competent individuals. It is also imperative to avoid utilizing any official with an apparent conflict of interest. This could include but not be limited to: employee of school, parent of a competitor, relative of a coach, former player of coach, alumni of school. This could result in an official being re-assigned to a different game or being substituted with another official. It is also the intent of ASAA that each Region/Conference should have the opportunity for representation by an Official from their respective geographical region at state tournaments. However, when qualified and/or competent officials cannot be obtained from one region or conference, those positions will be filled from other regions of the state.

B. Certified Officials: Officials working any state tournament must be certified by an established cut-off date (one month from the first practice day). Certified is defined as being “registered in Alaska with ASAA and having passed the required NFHS sport specific exam.”

C. Officials Nominations: An Officials Selection Ballot Form is included in the Forms Section of this Handbook. It is intended to help facilitate nominating by coaches, school representatives and Official's Associations. In situations where no nominations are received from a specific Region/Conference by the deadline, those official's positions will be filled from other Regions/Conferences. In sports in which more
than one Championship occurs (Football, Volleyball, Wrestling, etc.) a nomination at any level qualifies that Official to be eligible for any/all levels.

D. Officials Nomination Deadlines: Absolute deadline for submitting nominations to ASAA shall be four weeks prior to the start of the State Championship. Officials will be selected and contacted no later than three weeks before the Championship.

E. ASAA Selection Process: ASAA reserves the right to review all official nominations. A ranking system for officials will be put into effect to help in the selection process.

F. Budget Considerations: The ASAA Board of Directors determines State Championship Official fees annually during the April Board meeting for the following year. Specific state tournament budgets for travel expenses will always play a role in determining the number of officials that will be used from geographical areas other than local officials from the site of the tournament. ASAA will provide Air Travel, Hotel (shared) and game checks for all Officials. ASAA will not rent or reserve rental cars for Officials but will reimburse up to a maximum of $45 daily per car (receipts required). ASAA encourages Officials to use the Hospitality room at the State Championships and no per diem will be provided. Those Officials that are approved for driving their own personal ground transportation will receive a mileage allowance based on round trip mileage from their home address.

G. Allocation of Maximum Number of Officials:

- Baseball - 8 officials
- Basketball - 10 officials for 3 man crew per classification

ASAA will schedule practice times for specific sports that will be made available to all teams on the afternoon/evening of the day preceding the championship. Practice location, and length will be the same for all teams. Some sports ASAA will not be able to schedule practice time, if this is the case, teams will have to arrange their own practice site and time.

11. State Championship Rosters

A. ASAA has established maximum roster size limits for state tournament competition. See Article 7 Section 10 or the Activity Specific Policies & Procedures.

B. Team Sports
Once a team has qualified for the state championships, athletes on that team may be substituted up until the end of the coaches meeting. The official roster is submitted to ASAA at the coaches meeting. Once the official roster is submitted, there may be no substitutions. Note: Rosters submitted for the souvenir program are not considered official.

12. State Championship Passes

Each participating school will be issued passes for state championships.

A. Coaches: To qualify for a Coach’s pass, the coach must have successfully completed the Alaska Coaches Education Program (Article 10, Section 1), be listed in the School Activities Reporting System and been part of the program all season. The bench/sideline numbers will not increase regardless of the
number of passes issued. Coaches must wear or have on their person, their pass while on the bench or sideline. If not, the school will be fined $25.

B. Participant: Passes for state championships will be based on the submitted roster/state qualifiers for competition. Participant passes will not exceed the amount of the sport/activity state roster limit. Managers will be considered individual participants. All participants must wear or have on their person, their pass while on the bench or sideline unless in uniform. If not the school will be fined $10.

C. Administration: One pass will be provided for each qualifying school’s administrator. There is no charge for this pass. The supervising administrator should check in at the event entrance or with an ASAA staff member upon arrival to receive a pass.

D. Extra Passes: Schools may acquire extra passes for injured players, statisticians, videographers, or chaperones. Not all passes will allow bench access and the bench/sideline numbers will not increase regardless of extra passes issued. Review the sport specific policies and procedures for the bench size. When having to purchase extra passes, the teams can pay cash, or ASAA can bill the school ONLY with approval from the administration.

E. Adult Medical Passes: Schools medical team members must check in with ASAA staff or ASAA Medical Staff at the state championship site prior to competition to receive a medical pass.

All passes are non-transferable and will be confiscated if used fraudulently. Coach and Administrative passes allow access to State Championship Hospitality Room when available.

13. Tickets

Ticket prices for each championship and championship session vary according to the type of event. Some events have all day prices while others will have admission by session. Ticket pricing is determined by the expenses incurred for that tournament which include officials fees, transportation, housing, awards, facility rental, hospitality expenses, supplies, and tournament staff. Tournament staff may include tournament/meet director, timers, scorekeepers, floor or field staff, security and gate workers.

State championships are formatted in a variety of ways based on the sport and the facility. When action is non-stop all day, full day prices may be charged, when there is a definite break in the day’s activities, separate sessions prices may occur.

14. Souvenir Programs

State Championship souvenir programs are the responsibility of the ASAA office. ASAA State Championship Souvenir Programs will be available to view and download for free at http://asaa.org or http://asaa365.com. Souvenir Programs with the completed event results and awards will be available after the event to purchase online at http://www.thebookpatch.com.

15. State Merchandise Sales

ASAA has contracted with Northwest Designs to be the ASAA Official Merchandise Vendor for all state championships events and online. They have exclusive authority to sell merchandise at championship events and online. No other merchandise sales are to be conducted at state events unless approved by ASAA.
16. All-Tournament Team Selection Process

An anonymous selection committee will be appointed by ASAA staff and tournament/meet director. Committee members are expected to attend all games and may include members of the media, officials, championship staff, and other knowledgeable attendees. Team selection will be based only on play during the state championship. It is NOT a requirement that every school in the championship have an athlete on the All-Tournament team. Some teams will have more members than others. The All-Tournament team will be announced during the awards ceremony.

17. Official Championship Balls

BSN Sports (formerly known as Anaconda Sports/Team Lids) is the official sporting goods supplier of ASAA. BSN Sports provide the “ASAA Official Ball” for the following state championships. The Rock Basketball comes with the ASAA logo if purchased directly from BSN Sports Alaska salesperson.

18. Performance Of Bands

School Pep Bands may attend state championship events when conditions allow. The following will be considered:

- Adequate space
- Only one game being played at a time
- Hindrance to the spectator experience

Bands must adhere to the following:

- Contact ASAA prior to the event for approval
- May play before the game begins.
- May play at halftime after any performances.
- May play between periods and during time-outs as long as it does not interfere with coaches ability to communicate with players.
- May play at the end of the contest.
- May not play during live action
- Musical instruments may not be used as noise makers during the contests.

For more information on specific events contact the ASAA staff.

19. Halftime Entertainment

Many ASAA State Championships have halftimes or large breaks between contests. During those times ASAA likes to arrange for “halftime entertainment” which is above and beyond the school team sideline
cheer squads. ASAA uses the following hierarchy to determine what groups/individuals should be scheduled for a halftime.

1. High School groups whose school is involved in the game being played or championship
2. High School groups
3. Jr. High and Elementary School groups
4. Student Groups not affiliated with a specific school
5. Outside groups that are not contrary to ASAA sanctioned activities or groups

For large events halftimes are planned out months in advance of the event. Therefore, high school groups, that are not sideline cheer teams, are not able to necessarily perform at a halftime of their schools game. ASAA reserves the right to schedule any ASAA promotional/sponsor halftime entertainment during any halftime at an event.

20. Medical Policy

A. Chain of Command: ASAA has established a medical “chain of command” for state tournaments. Medical decisions, including the evaluation of student participants for suspected concussions, will be made by the following medically trained individuals in the order listed below, in consultation with on-site ASAA staff. ASAA encourages the State Tournament Medical Provider to consult with other on-site providers when in his or her opinion, it would be beneficial to the injured student.

1. State Championship Medical Provider
2. Team Qualified Medical Provider
3. Team Athletic Trainer
4. Tournament Athletic Trainer
5. Tournament EMT

B. Suspected Concussion Protocol: Per Alaska state law, AS 14.30.142, as amended, a student who has been removed from participation in a practice or game for suspicion of concussion may not return to play until the student has been evaluated and cleared for participation by an Athletic Trainer OR by a qualified person who verifies that he or she is currently trained in the evaluation and management of concussions.

As interpreted by ASAA, “Athletic Trainer” means an Alaska Certified Athletic Trainer.

As interpreted by ASAA, “Qualified person” means either:
1. A health care provider licensed in Alaska, or exempt from licensure under Alaska law (AS 08.64.370(1), (2), or (4)), or
2. a person acting at the direction and under the supervision of a physician licensed in Alaska, or exempt from licensure.

As interpreted by ASAA, “Trained” means that the provider
1. Has completed the online CDC Concussion Course for Clinicians in the last two years AND
2. At least one of the following;
   a. completed 2 hours of CE or CME in Sports Concussion Management in the last 2 years
   b. completed a 1 year Sports Medicine Fellowship
   c. has a Certificate of Added Qualifications in Sports Medicine
   d. Residency in Neurology or Neurosurgery.

The coach of a student who has been removed from play for suspicion of concussion will be notified by an on-site ASAA staff member that the student will be ineligible for the remainder of that game.
The State Tournament Medical Provider or an on-site ASAA staff member will provide a copy of the ASAA Healthcare Provider Release for Student Athlete with Suspected or Actual Concussion form to the student’s parent/guardian and/or coach. This form includes the Return to Play (RTP) protocol that must be followed by a concussed athlete if he or she is to return to competition.

21. Spectator Support Items / Artificial Noise Makers

ASAA prohibits laser pointers, whistles, and any explosive devices or explosive sounds at ALL of its state championship events.

A. OUTDOOR CHAMPIONSHIPS: Thunder-sticks and other artificial noise makers are allowed only when the game/contest is not in play, or deemed not to be a hinderance to the spectator experience by ASAA staff on site. However, if the host school district policies are in conflict to this, ASAA will enforce their policies at those school venues. NFHS rules may restrict other items.

B. INDOOR CHAMPIONSHIPS: Thunder-sticks and other artificial noise makers are NOT allowed at indoor championships. However, if deemed by ASAA staff during a championship these are not a hinderance to the spectator experience, or against host school district policies, they will be allowed only when the game/contest is not in play. NFHS rules may restrict other items.

22. Event Supervision

Each participating school will be requested to identify an administrator or other person approved in advance by the principal who is responsible for the conduct of its coaches, participants and fans throughout the contest, as defined in the ASAA bylaws Article 6, Section 4.

- If you are new to state events, upon arrival at the event, let ASAA staff know you are there
- Possibly help hand out awards
- Help supervise your participants, coaches and fans
- Assist ASAA staff with ejections and other situations that may arise
- Assist medical staff with injuries to your participants if needed
- Model and promote good sportsmanship throughout the event

23. ASAA Media Credential Policy

ASAA appreciates the coverage statewide media provides for Alaska high schools and their students; it is a great benefit to schools and the student athletes. ASAA has established a media credential application process. Please visit ASAA.org Media section to download the ASAA Media Handbook. This includes all credential and broadcast applications, and ASAA Media Policies.

Media members who do not have an ASAA Media Credential and have not submitted their agreement to ASAA Media Policies will not be permitted to enter into "Media Access areas" at a state event venue due to liability issues.

ASAA Media Credentials will not be granted to:

- Any advertising personnel, including directors, managers and account executives.
- Individuals/Organizations whose main purpose is to market photos on the internet, to schools, or individuals.
- Walk up requests
- Recruiting or Scouting services
• Administration, principals, booster club members, presidents, vice presidents, general managers, managers, marketing managers, marketing representatives, public relations, promotions, accounting, graphic designers, or engineers.
• Editors of “in-house” or personal newsletters or personal web logs (blogs).
• Anyone whose principal purpose for attending ASAA State Championships is, in our judgment, for reasons other than generating news coverage of the event or its participants.

24. Photography/Videography/Web Streaming Policy

A. ASAA has a property interest in its state championship events. As such, ASAA has the exclusive authority to regulate photographic, video recording, and video/web distribution of ASAA state championship events and the distribution of photos, tapes, CDs, DVDs, web streaming and any other method of recording such events as will be presented in the future.

B. ASAA at its discretion, may award the exclusive right to photograph, record, and distribute to an independent contractor. ASAA may also limit access to the floor, field, deck, track or court to only those contractors who have been granted authority to perform the duties as prescribed in this policy.

C. Flash photography at ASAA State Championships is strictly prohibited. Photography is allowed at state championship events in the spectator areas. Outside the spectator areas, an ASAA Media Credential is required.

D. Televising or web streaming an ASAA State Championship event is strictly prohibited without the express written consent of an ASAA Associate Director in charge of media. ASAA Web streaming rights have been granted to the NFHS Network. Television broadcast rights have been granted to GCI.

25. Unmanned Aerial Systems

The use of unmanned aerial systems, often referred to as drones, is prohibited for any purpose by any persons at all ASAA State Championships. This policy includes not only the restricted playing area of the venue(s), but also the physical confines of the entire stadium/field/arena structure. For the purposes of this policy, an unmanned aerial system is any aircraft without a human pilot on board.

26. Vendors

Vendors are not allowed at state championships without express written permission from the ASAA Associate Director in charge. Vendors must contact the ASAA Marketing Director to request space at any ASAA event. This must be completed at least four (4) weeks prior to the start of the state championship they want to attend.

27. Drawings / Fundraising

No fundraising, drawings, split-the-pot, raffles, and other contests are to be conducted at the state championship event other than those conducted for the benefit of ASAA or approved by ASAA. ASAA reserves the exclusive authority to regulate split-the-pot and raffle activities. Schools and outside groups are not allowed to run split-the-pot or raffle activities without express written permission from an ASAA Associate Director.
28. Corporate Sponsors & Partners

Meeting obligations to corporate sponsors and partners is essential. Administration of the championship event will be in compliance with ASAA contractual agreements with corporate/sponsor partners. Consideration should be given to representatives of corporate/sponsors partners in regard to amenities and recognition of support.

3. ASAA Supplemental Rules

a. Mercy Rule: The game shall end when; the visiting team is behind 10 or more runs after 4.5 innings; or after the 5th inning if either team is 10 runs behind and have had an equal number of times at bat. In addition, during the regular season, if a team goes up by 15 or more runs after one full inning, the team with the lead will be declared the winner. At that point, the remainder of the game will go into “rollover” mode until after 4.5 innings when the game is terminated. In the rollover mode, both teams will pitch to no more than 9 batters per inning. The official score will be the score at the point in time the “rollover” mode went into effect. Statistics during the rollover mode will count.

b. Called Game: When a non-league or league game is called by an umpire before the completion of the required number of innings, the game is declared a “no game”. The game can be replayed and the pitching rule shall apply.

c. Suspended Game: A game called for any reason by an umpire after the required number of innings, where a winner cannot be determined (i.e. home team is behind and has not batted, or score is tied) will be treated as a suspended game. The game shall be continued from the point of suspension at a later time. The lineup and batting order of each team will remain exactly the same at moment of suspension. If a winner can be determined (both teams have equal at bats or home team is ahead) the team that is ahead will be considered the winner. If the game ends in a tie and the suspended game cannot be completed because of scheduling conflicts, the game is considered a tie game. At the state championships onsite ASAA staff and the Tournament Director shall determine when a suspended game will be completed.

d. Speed Up: The courtesy runner speed-up rules may be adopted by leagues or districts for use during the regular season. In interleague and/or interdistrict competition, both teams must agree to allow the speed up rule before it may be used. Courtesy runner speed-up rules will be used in the state championship tournament. The following is a speed-up rule summary:
   • The team at bat may use courtesy runners for the pitcher and catcher as soon as they get on base. The same runner may not be used for both positions. Neither the pitcher nor catcher will be required to leave the game under such circumstances.
   • Players who have participated in the game in any other capacity are ineligible as courtesy runners.
   • A player may not run as a courtesy runner for the pitcher or catcher and then as a runner or batter for another player in that inning.
   • For illegal substitution of a courtesy runner, such substitution shall be disqualified for the duration of the game.

K. RECOMMENDATIONS AND GUIDELINES FOR MINIMIZING HEAD IMPACT EXPOSURE AND CONCUSSION RISK IN FOOTBALL

The Alaska School Activities Association, along with its Sports Medicine Advisory Committee (SMAC) has reviewed the recommendations of the National Federation of State High School Associations (NFHS) regarding policies to minimizing head impact exposure and concussion risk in football. ASAA strongly recommends to its member schools and districts to adopt the following as policy.
1. Full-contact should be limited during the regular season, as well as during activity outside of the traditional fall football season. For purposes of these recommendations and guidelines, full-contact consists of both “Thud” and “Live Action” using the USA Football definitions of Levels of Contact.

Rationale: By definition, “Thud” involves initiation of contact at full speed with no pre-determined winner, but no take-down to the ground. Accordingly, the task force supports that initial contact, particularly with lineman, is just as violent with “Thud” as with “Live Action.” However, the task force also recognizes that “Live Action” likely carries a higher risk for other injuries to the body than does “Thud.” The USA Football Levels of Contact “Air,” “Bags,” and “Control” are considered no- or light-contact, and thus no limitations are placed on their use.

2. Schools in Alaska should limit contact in practices. ASAA strongly recommends that full-contact shall be allowed in no more than 2 practices per week. Full-contact shall not be permitted on more than 2 consecutive days. Full-contact time shall be no more than 30 minutes per day and no more than 60 minutes per week. In no cases should a contact practice and a game be allowed on the same day.

Rationale: There is insufficient data to specify with certainty a research-validated “best practices” standard for contact limitations. Several states (Alabama, Arizona, Maryland, and Texas) adopted varying limitations on contact prior to the 2013 football season. Preliminary High School RIO injury surveillance data suggest these states have seen a statistically significant decrease in concussion rates during practices, with no increase in concussion or other injuries during games.

3. Prior to regular season games, practices may require more full-contact time than practices occurring during the regular season, to allow for teaching fundamentals with sufficient repetition. ASAA strongly recommends that, in these practices, full contact shall be allowed in no more than three practices per week. Full contact shall not be permitted on more than two consecutive days. Full contact time shall be no more than 30 minutes per day and 90 minutes per week.

   a. Pre-season heat acclimatization protocols and regulations regarding heat and hydration take precedent and should always be followed.

   b. While total full-contact practice days and time limitations may be increased during the pre-season, the emphasis should focus on the proper principles of tackling and blocking during the first several practices, before progressing to “Thud” and “Live Contact.”

Rationale: Regular season practice limitations may need to be revised during the pre-season. This should be done in a specific and systematic manner to allow coaches to spend sufficient time teaching proper tackling and blocking techniques. Emphasis should be placed upon inexperienced players, as they slowly work through tackling and blocking progressions with “Air,” “Bags,” and “Control” using the USA Football definitions of “Levels of Contact.”

4. During pre-season, if twice-daily practices are held only one session per day should include full-contact.

Rationale: The adolescent brain needs sufficient recovery time following full-contact practices. In addition, concussion signs and/or symptoms may not develop for several hours after the initial injury.

5. ASAA has reviewed and recommends no change in the current ASAA policy which sets a maximum of six quarters played during a one week time frame.

For purposes of this policy a week is defined as a NFHS numbered week, and a team must have three full calendar days between contests. For example: if a game is played on Friday, the soonest that the next game can be scheduled is on Tuesday.
After six quarters of play per week, a kicking specialist may participate in up to eight quarters per week, providing that in four quarters the player does no more than kick.

Rationale: High School RIO data consistently show that competition presents the highest risk for concussion. Participation in games at multiple levels of competition during a single week increases risk for head injury and unnecessarily increases head impact exposure. In addition, games played on consecutive days or those scheduled on the same day (C team and Junior Varsity games or Junior Varsity and Varsity games) may not allow the brain an opportunity to adequately recover. Consideration should be given to moderating these situations as much as possible.

6. Consistent with efforts to minimize total exposure to full-contact, head impact exposure, and concussion risk, organizations sponsoring football outside of the traditional fall football season should follow the policies outlined in 2 and 3 above.

The Football Camp Recommendations would be:

All campers can participate in up to 60 individual contact/thud instances per day. Camps will not have contact more than two consecutive days and will not exceed three contact days per week.

Rationale: Football played outside of the traditional fall football season presents an opportunity for learning, physical activity, and skill development. However, athletes are at further risk for head impact exposure and concussion during any full-contact activity. Consideration should be given to significantly limiting the total time of full-contact. Other factors to consider include time elapsed since the previous football season and whether individual athletes have recently been, or are currently, participating in other contact/collision sports (e.g., Ice Hockey, Lacrosse, Soccer and Wrestling). Athletes with a history of previous concussions, especially if accompanied by the factors which increase risk of concussion, should seriously consider refraining from activities characterized by head impact exposure.

7. The NFHS, the NFHS SMAC, the ASAA SMAC and ASAA agree that an Emergency Action Plan for each venue, with clearly defined written and practiced protocols, should be developed and in place at every high school. When possible, an athletic trainer should be present at all practices and games.

Rationale: An effective emergency action plan (EAP) should be in place as a prompt and appropriate response to any emergency situation can save a life. The EAP should be designed and practiced to address all teams (Freshman, Junior Varsity, and Varsity) and all practice and game sites. An athletic trainer is a key component in any strategy to minimize injury risk and optimize safety for all participants.

ASAA will continue to reach out to coaches’ association, working together to design and implement coach education programs that appropriately integrate youth, middle school, and high school football programs in every community. USA Football and the NFHS Fundamentals of Coaching courses will be the primary education resources for all coaches. Education for coaches should also include the proper fitting and care of helmets.

Rationale: The game of football continues to evolve and proper coaching technique at each level is fundamental to keeping the game safe and enjoyable. A proper fitting helmet may help decrease, but not eliminate, concussion risk.

ASAA will regularly educate its schools on current state concussion law and policies and recommend that schools to have a written Concussion Management Protocol. Schools should also be encouraged to share this information with coaches, parents, and students annually.
Rationale: Many schools experience frequent turnover of Athletic Directors and coaches. Frequent “refreshers” on state concussion laws and policies as well as sample concussion management protocols should be made available to ensure all schools are current on, and prepared for, safe and effective concussion management.

C. INDIVIDUAL NON-SCHOOL PARTICIPATION

ASAA prohibits students, in grades 10-12 who are members of a high school team, from competing as a member of a non-school comp or junior hockey or out of state traveling house team beginning with the first game of that school until a school team has completed its season. The prohibition on competing on a non-school team will be lifted during Thanksgiving and Christmas vacations dates as they are determined by schools and districts, as well as on Sundays and Mondays through the 3rd Monday each January to coincide with Martin Luther King Jr. Holiday. Although this rule does not restrict practice on a non-school team during the high school season, no student may participate in a high school game on a day in which they have participated in a “comp” practice (see item 7 of supplemental rules regarding penalty).”

D. RULES

2. ASAA Supplemental Rules

   a. Mercy Rule: Upon reaching a 10 or more goal differential at any time during the game, a running clock will be used. Once begun, the running clock will be stopped only for team, official, or injury timeouts.

   b. It is the intent of these supplements to the National Federation rules that suspensions will be served beginning with the next scheduled game at the level at which the violation occurred and that no suspended player or coach is permitted to return to play until the suspension has been served.

   c. School administrators should address repeated violations of poor sportsmanship at the school level. Whenever a player appears before the school administration, the coach is expected to accompany him/her.

      1. Penalties for a team receiving a total of 15 penalties in any one game:

         - First offense during season - $250 fine
         - Second offense during a season - $500 fine
         - Third offense during a season - $1,500 fine
2. A player receiving a second game misconduct in a season will receive a one game suspension to be served at the next scheduled game. A school administrative review will be held.

3. A player receiving a third game misconduct in a season will receive a two game suspension and will be required to attend a review before the school administration where further disciplinary measures will be determined, before returning to play.

4. When a player is penalized with a game misconduct, game disqualification or any other suspension in the last contest of the season, the school is advised of the incident and asked to take appropriate disciplinary action.

5. ASAA provides a reporting form requiring game officials to report any major penalties, game misconduct, game disqualification or suspensions and the circumstances involved. At the end of the game, the game official is required to submit the completed form to ASAA within 24 hours. ASAA then will send the Official’s report to the school(s) involved. Schools are required to submit a copy of the School Contest Ejection Form to the ASAA office within 24 hours.

6. Fighting in interscholastic activities is a serious offense. Since interscholastic activities are an extension of the school, schools should hold their students to the same behavior standards during interscholastic competition as they do at school.

7. A student in violation of the non-school participation rule and is considered ineligible for the remainder of the season. The school is subject to penalty under Article 12, Section 1, if the school or a member of its coaching staff knowingly permitted the student to play in a high school game after violating the dual participation rule.

3. ASAA Adopted Overtime Policy
   a. All regular season games (non-tournament) and state third and fourth place games shall adhere to NFHS Ice Hockey Rules Book (Rule 9-11)
   b. All State Tournament games will be played as follows;
      - At the end of regulation, one 8-minute overtime period will be played.
      - If still tied, the ice will be resurfaced and the teams will play two overtime periods of 8 minutes each with a 3-minute break between periods.
      - If still tied, the ice will be resurfaced again and the teams will continue to play in this pattern until a winner is decided.
      - The team scoring the first goal is declared the winner.
      - No shootouts are allowed in any State Tournament game.

E. CONFERENCES

All teams are assigned to conferences. See the Sports Specific Conferences section for the list of schools in each conference. Conferences are responsible for setting their own bylaws and policies. A contact person must be selected to communicate conference information with ASAA. (i.e. State qualifiers, tournament results, final seeds)

NOTE: Juneau-Douglas will provide $4500 for varsity only and $5500 for JV and varsity for conference teams traveling to Juneau from Anchorage. Kodiak will provide $3000 for varsity only and $4000 for JV and varsity for conference teams traveling to Kodiak from Anchorage.

F. MAXIMUM GAMES

A team may play 22 regular season games exclusive of conference or state championships. Additional games may be played under the Endowment Game guidelines.

G. ENDOWMENT GAMES
ASAA encourages each school’s team to play Endowment Games during the season above and beyond the 22 game/match limit. Two additional Endowment Games may be played each season. The Endowment Game is a fund-raiser for ASAA. School teams may play Endowment Games at any time during the regular season, beginning with the date of the first contest and extending through the time period between the conference qualifying tournament and the state tournament. Endowment Games do count in a team’s overall season record for seeding purposes. Schools wishing to host Endowment Games must apply in writing to ASAA by submitting the “Endowment Game Application Form” no later than one week prior to the game. Under no circumstances may an Endowment Game be played until this form has been signed by ASAA and returned to the participating schools. ASAA will invoice the host school $100 for each game.

H. JAMBOREE REGULATIONS

All players must have five (5) separate days of practice prior to the first day of the Jamboree. Time against all teams during one day cannot exceed forty-eight (48) minutes. Time against each team cannot exceed twelve (12) minute. A team may play in only one jamboree each season. A jamboree does not count as a game against the 22-game limit.

I. INDIVIDUAL PARTICIPATION LIMITATION

When playing at the same level, students may participate in 6 periods of play per day or two games and there must be a two (2) hour time lapse between the time the athlete played in the first game and the time they play in the second game. When playing at two different levels (i.e. varsity and jv) players are limited to 6 periods of play per day but are not required to have a time lapse between games.

J. REPORTING SCHEDULES & RESULTS

1. All schools must submit their varsity level hockey team schedules on ASAA365.com. This must be done by the first day of practice.

2. All scores must be entered on ASAA365.com from the previous week by Tuesday 7:00 PM of the regular season.

3. All scores from the conference tournament must be entered on ASAA365.com by Sunday, 8:00 AM.

4. School failing to meet these mandates will be given a warning for the first offense, fined $200 for the second offense.

   Hosted by ASAA, Nordic Skiing Association of Anchorage, & Dimond High School

3. CHAMPIONSHIP RACE FORMAT

   a. State Qualifying
The ASAA Nordic Ski Championship is a single classification event in which all schools are entered and compete together. All schools that have Nordic ski programs are invited to send one boys team of six individuals and one girls team of six individuals. Schools can send less than a complete team if they wish. Team members will be selected by the head coach with no specific qualifying criteria other than normal ASAA eligibility rules.

b. Competition
The state championships are held over a three day period with one race for boys and girls teams each day. Races include two individual competitions and one relay competition. The style of races (classic or free) will alternate each year.

c. Race Order Schedule

Odd Years:
Day 1: Individual Classic Race (7.5k boys / 5k girls)
Day 2: Mass Start Freestyle Race (7.5k girls / 10k boys)
Day 3: Team Relays (4x3k girls / 4x5k boys)

Even Years:

Day 3: Team Relays (4x3k girls / 4x5k boys)

4. SEEDING PROCEDURE
There will be 6 seed groups for each individual race. Only one skier per team may be placed in each group. The head coach will assign each skier to a group. The start order for the groups will be in numerical order. The group number does not indicate a skier’s ability level. If the coach prefers the best skier to ski last, then that skier should be entered in group #6.

Start positions for the mass starts will be determined by the results of the individual races. Start positions for the relay will be assigned based upon the team rankings after the first two days’ events.

H. HEALTH CONSIDERATIONS

Firearm instructors and frequent shooters are inherently at increased risk for lead poisoning from lead dust and fumes generated at firing ranges.

Airborne lead dust in firing ranges is generated by:

a. Erosion of the bullet base by propellant gases
b. Friction from the lead bullet against the gun barrel
c. Exploding lead syphnate primers
d. Lead bullets fragmenting from hitting the bullet trap, walls, floors or range ceiling
e. Improper range-cleaning methods disturbing steeled lead dust
Health Effects
Lead is typically absorbed by breathing lead dust. After shooting, lead can also be ingested when drinking, eating and/or smoking without hand-washing. During shooting, lead dust can settle on hair and clothing, which can then be carried back to cars and homes — potentially to harm children. Lead absorbed by children under six years of age can cause permanent damage.

Lead is a toxin that affects the brain, nervous system, digestive and reproductive systems, kidneys, and the ability to make blood.

To determine lead exposure, a health professional can take a blood sample for analysis. An elevated blood lead level indicates that lead is building up in the body faster than it can be removed.

The State Environmental Public Health Center for Disease Control recommends that rifle shooters have pre- and post-season lead blood levels drawn each year.

Recommendations for firing range shooters who are concerned about lead

a. Substitute jacketed or ammunition containing lead-free primers and bullets.
b. Use the shoot range ventilation systems.
c. Wash hands and face before eating, drinking, and before leaving the range.
d. Wash and store firing range clothes separately from family clothing.
e. Ask your physician to order a blood lead test.
f. Never load bullets or melt lead in an unventilated area inside the home or anywhere children may frequent.

A wrestler may participate in only one takedown tournament each season which does not count as a match against the twenty-four (24) weigh-in limit.

I. WRESTLING WEIGHT CERTIFICATION

All wrestlers weight certification must be completed and filed with ASAA prior to their first competition. A wrestler must have the lowest weight class in which they may wrestle determined within 60 calendar days prior to the first team competition of the season. Certification at a lower weight during the season is prohibited. After the first 30 days of the season, a wrestler may not weigh in and wrestle at more than one weight class above the weight of certification without recertifying at a higher weight. Certification should be done before practice begins by a physician, physician assistant, advanced nurse practitioner or doctor of chiropractic. A student starting wrestling after the start of the season must have their minimum weight determined before the first competition.

I. WEIGH-IN PROCEDURES

1. An official weigh-in can only occur at an interscholastic competition involving at least two member schools.

2. An athlete from a member school can only receive an official weigh-in at an event involving two member schools competing in that gender for the event the weigh-in occurs.

3. Each wrestler is required to have at least one-half of their weigh-ins during the season at the minimum weight they will wrestle during the state tournament.

4. It is recommended that all weigh-ins during the regular season follow the state procedure; Wrestlers will weigh-in in an authorized uniform with undergarments with a half pound allowance.

GROWTH ALLOWANCE POLICY:
One pound on the last Monday in October (October 26, 2020)
One pound on the last Monday in November (November 30, 2020)

   - Kachemak: 2 Berths
   - Northern: 2 Berths
   - Northern Lights: 2 Berths
   - Sockeye: 2 Berths
   - Southeast: 2 Berths

   At Large berths will be selected using Trackwrestling and the State Seeding Criteria.

   d. Scratches and Alternates: In the event a qualified contestant is unable to compete due to extenuating circumstances (illness, injury, and ineligibility), it is the responsibility of the school of the indisposed contestant(s) to notify ASAA, by the deadline. Once notified ASAA will invite the next athlete using Trackwrestling and the State Seeding Criteria. After the deadline, if someone is not able to compete, that spot will not be filled. This substitution must be an ASAA eligible contestant.

   e. State Brackets Procedures
   1. Automatically move up seeds and redraw the bracket if a seeded wrestler does not make weight, etc, or if there are uneven “byes” in the bracket.
   2. Automatically award “pin points” for wrestlers wrestling a teammate in the state tournament.

   f. Weigh-In Procedures: All wrestlers will weigh-in in an authorized uniform with undergarments with a half pound allowance.

5. SEEDING QUALIFICATIONS
The following is the criteria for state qualified wrestlers to be seeded:

a. Up to 6 wrestlers per weight class will be seeded using the Track Wrestling system. All other qualifiers will be randomly drawn in.

b. D I wrestlers must have a 51% or higher winning percentage. D II wrestlers must have a 40% or higher winning percentage. Girls have no minimal percentage.

c. Wrestler must have wrestled at least 8 varsity matches.

d. All matches must have been entered into Track Wrestling, including dual and tournament matches.

e. Matches must have been designated as either Varsity or Junior Varsity.

6. SEEDING PROCESS
The Track Wrestling round robin algorithm goes through each wrestler to compare that wrestler to every other seedable wrestler in that weight class. When comparing the wrestlers, it goes through the criteria in order. If one wrestler is better than the other based on the criteria, that wrestler receives a point, otherwise it goes to the next criteria. If all criteria is exhausted, each wrestler receives ½ point. Once every wrestler is compared to every other wrestler, the wrestlers are sorted by the points they accumulated during that process. If two wrestlers are tied on points, it goes to the head to head comparison between those two wrestlers. If more than two are tied based on points, it sorts them by the criteria until they are separated or a two-way tie occurs at which point the head to head comparison is used. If two wrestlers remain tied after a head to head comparison, there will be a coin toss at the ASAA office to break the tie.

Coaches will continue to utilize Track Wrestling to enter regular season and conference results. After the conference tournaments and scratch deadline, ASAA will release the seeds as determined by Track Wrestling’s running the ASAA Seeding criteria. ASAA will post those results and the seeding report online by 8:00 PM Tuesday.

Coaches have until 8:00 AM Thursday to notify ASAA of issues with the seeds. A committee composed of knowledgeable wrestling people will then review all the seeds, and those that coaches have questioned. This committee will have the authority to re-seed the tournament. Those coaches failing to utilize Track Wrestling properly will be issued a warning. If a “warned” coach makes the same mistake in future years, then the school is fined $250.

7. SEEDING CRITERIA
The following national criteria was adopted by the Board of Directors.

a. Head to head – strictly head to head record
b. Record Against Common Opponents – based on winning percentage against an individual common opponent.
c. Previous State Champion or Runner Up – first or second place from the previous year, state champion first – then runner up.
d. Overall Varsity Record – overall winning percentage for varsity matches only.
e. Varsity Record at Weight – minimum of 4 matches at state tournament weight class.
f. Winning Percentage against sendable wrestlers

8. STATE POLICIES & PROCEDURES DOCUMENT
This detailed document outlining wrestling championship information (i.e. rules, limits, passes, deadlines, match protocol, facility info, coaches meetings, etc), will be available online prior to the start of the championship on the Wrestling Coaches web page. 10. STATE CHAMPIONSHIP DEADLINES

L. “MINIMUM WEIGHT” WEIGH-IN POLICY AND INTERPRETATION

1. Interpretation of State Tournament Weight Class
Each wrestler is required to have at least one-half of his/her weigh-ins during the season at the minimum weight he/she will wrestle during the state tournament series.

2. Interpretation of “Minimum Weight”
After certification, a wrestler may not weigh-in and wrestle at more than one weight class above the weight of certification without recertifying at a higher weight.

NFHS Rule 4, sec. 4, art. 2 “A contestant shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh-in, qualifies the competitor.

NFHS Rule 4, sec. 5, art. 8 "Any contestant failing to make weight during the weigh-in period shall be ineligible for that weight class. That contestant may weigh-in at a higher weight class."

Question #1: A wrestler, certified at 125 pounds, has 75% of his/her weigh-ins at the 125 pound weight class during the majority of the season. He/she chooses to go up a weight class and 25% of his/her weigh-ins are at the 130 pound weight class for the remainder of the regular season. What weight class can this wrestler compete in legally at the State Tournament?

Answer #1: The wrestler may wrestle at the 125 weight class and no lower; or at 130 or 135 pound weight class provided he/she abides by NF Rule 4-4-2-2, which states that a contestant shall not wrestle more than one weight class above the class for which the actual weight, at the time of weigh-
in, qualifies. This wrestler could legally wrestle at 125 pounds because of the “one-half rule” or at a higher weight class without regard to the “one-half rule.”

Question #2: A wrestler, certified at 125 pounds, weighs in and makes weight for the 130 pound weight class. What weight class can this wrestler compete in legally and how does it effect his/her weight certification?

Answer #2: The wrestler may wrestle at the 130 or 135 pound weight class. This has no effect on the wrestler’s weight certification.

Question #3: A wrestler, certified at 125 pounds, weighs in and makes weight for the 135 pound weight class. What weight class can this wrestler compete legally and how does it effect his/her weight certification?

Answer #3: The wrestler may wrestle at the 135 or 140 pound weight class. The wrestler would automatically be recertified at 130 pounds (one weight class below that which he/she weighed in.)

3. Interpretation of “one-half of that wrestler’s weigh-ins”
Only actual certified weigh-ins will count toward the one-half rule, not number of matches wrestled.
Example: A wrestler participates in a 2-day tournament on Friday and Saturday. He/she weighs-in both on Friday and on Saturday for a total of two weigh-ins. He/she wrestles a total of four matches during the tournament. This wrestler may count only the two individual weigh-ins toward the “one-half rule.” Conference tournaments count toward the “one-half rule.”

M. RINGWORM POLICY

Ringworm infection among Alaska high school wrestling teams the past few years has been a continuing problem. To help schools, coaches and officials in dealing with this problem, ASAA has officially adopted the following position based on two primary sources of authority; the National Federation Wrestling Rule Book and the State of Alaska, Department of Health and Social Services, Division of Public Health, Section Epidemiology.

1. NFHS Wrestling Rule Book states in Rule 4-2-3:
“If a participant is suspected of having a skin disease or any other condition that may be communicable, his coach shall provide current written documentation from a physician stating that the suspected disease or condition is not communicable and that the athlete’s participation would not be harmful to his opponent. This document shall be furnished at the weigh-in or upon arrival at the site of the dual meet or tournament. Covering a communicable condition shall not be considered acceptable and does not make the wrestler eligible to participate.”

2. State of Alaska, Department of Health and Social Services, Division of Public Health, Section of Epidemiology (907-269-8000) Recommendations

a. Coaches should examine their wrestlers for the development of any ringworm-like rash. Any identified wrestler should be referred to the school nurse or other health care provider for further evaluation.

b. A qualified trainer or health care provider familiar with the appearance of ringworm should be appointed as medical officer for each competition or tournament. All wrestlers should be examined on the day of competition by the medical officer. The medical officer’s determination is final and not subject to appeal.
c. Wrestlers with ringworm can continue to train with the team in activities that do not have body contact, e.g., weight training, aerobic conditioning.

d. Wrestlers can resume training involving body contact and wrestling competition only when the ringworm lesions have completely healed.

e. Wrestlers with ringworm should continue treatment for a minimum of 4 weeks.

f. Wrestlers should shower thoroughly with soap and water immediately after each practice and tournament.

g. Wrestling mats should be routinely cleaned.

h. Disqualified wrestlers should be provided with an information sheet to take home and to their health care provider.

AASG CODE OF CONDUCT

The Alaska Association of Student Governments (AASG) is under the umbrella of the Alaska School Activities Association (ASAA). Student participants are ambassadors of their school and community. As such, ASAA and AASG expect students to portray good citizenship, practice fair and ethical behavior, and to be good role models. To ensure health, safety and rights of all participants in ASAA and AASG sponsored events, the AASG Executive Board adopted this Code of Conduct.

AASG-sponsored events strive to offer a safe environment for Alaskan students to learn, grow and have fun. Although event organizers have assumed responsibility for planning a safe and wholesome program, it is the responsibility of each student to behave in an appropriate manner. The accompanying advisor or chaperone retains responsibility for the student while traveling to and from the event, as well as at the event itself, unless it is otherwise indicated on the Parent/Guardian Consent for Student Participation/Travel form. Individual school district policies may also further delineate this responsibility.

All students participating in AASG-sponsored events are expected to:
1. Be under the direct supervision of a school official or his/her designee at all times.
2. Attend all event sessions that are required by the school and/or the advisor.
3. Respect the rights, diversity and safety of others.
4. Treat event personnel, including host school staff and students, with dignity and respect.
5. Respect the property of other individuals and facilities. Vandalism, theft, and possession of stolen property will not be tolerated.

All ASAA or AASG-sponsored events will be conducted in drug-free environments. Use, possession, and/or distribution of alcohol, tobacco, or illegal drugs are strictly prohibited.

Violation of this code will result in the withdrawal of the student's right to participate in the event, as well as to attend the event. AASG director and host school's administrator, jointly retain the right to send the student home at the student's expense.

Your signatures below indicate that you have read and discussed the above guidelines and expectations with the student and are in agreement with this Code of Conduct.

All About Resolutions & Resolution Template

Resolutions are vehicles by which students/schools/communities may convey their ideas and opinions to those who make important decisions that influence their lives. AASG General Assemblies (GA’s), made up of students from around the state, debate and adopt resolutions presented by delegates at the spring and fall GA’s.

Any student can write a resolution and present it to the GA of AASG for review. When writing a resolution, students should ask themselves the following questions:

➢ Does the resolution accurately express my opinion?
➢ Am I building a logical, persuasive argument to encourage others to support my resolution?
➢ How will I respond to difficult questions?
➢ If it passes at AASG, what will I do with the resolution?

Look to the resolution template for reference, or on our website at http://aasg.org/aasg-resolutions/past-resolutions/ for examples of resolutions that the GA of AASG has discussed in the past.

Submissions:

➢ Beginning submission date begins the next day after the conclusion of the previous conference. The vice president will acknowledge receipt, review, and approve for distribution. If returned because of omissions or errors, it is not considered submitted.
➢ Resolutions must be submitted, by email, to the vice president in an editable format (Such as Google Docs, and Microsoft Word).
➢ Resolutions will be ordered by the exact date and time of the online submission of accepted resolution (i.e. correctly submitted) received at vice president’s email address aasg.vicepresident@gmail.com after the beginning submission date.
➢ The author of the resolution is expected to email the vice president, at the email address listed above, after the conference to give an update on the resolution and what has been done to implement it.

Presentation of Resolutions at Conference:

The following bullet point are guidelines for discussion etiquette for resolutions in the General Assemblies. They help increase the efficiency with which the resolutions are dispatched and keep the spirited debate at a professional level.
