* Congress Finals/Semifinals: The top 5 in each chamber on Day 1 will advance to Finals on Saturday. Places 6-10 in each chamber on Day 1 will advance to "Semifinals" on Saturday. The Final Round (and Semifinal Round) will be divided into two sessions (Session A & Session B) of 1 hour and 15 minutes each. The Chair Judge will see all two-and-a-half hours of debate and fill out a single ballot for that entire period. There will be two wing judges in Session A and two different wing judges in Session B. This gives all contestants a total of 5 ballots in the Final (and "Semifinal") round.

** Any drama or forensics events with 32 or more entries will break to semifinals during the 2:30 round on Saturday. Should an extemp event earn a semifinal round, draw will be held at 2:15 with check in at 2:05. Debaters in semifinals will either debate in the first flight of semifinals (LD & PF) or be one of the last two speakers in extemp semifinals (Policy).

*** Any drama or forensics events with 32 or more entries will hold finals during the 4:00 round on Saturday.

PERSONAL AND BUSINESS PLANNING

NATIONAL HIGH SCHOOL POLICY DEBATE TOPIC

Resolved: Resolved: The United States federal government should substantially increase its economic and/or diplomatic engagement with the People's Republic of China.

Among the possible areas could be: Reforming segments of U.S./China trade; working with China to increase respect for human rights; working with China to better understand and manage its territorial ambitions in the South China Sea and other parts of Asia; how to work with China to best mitigate ongoing concerns over Taiwan; how to work with China to ensure sustainable energy and resource policies; how best to protect indigenous groups within China; how best to handle ongoing concerns over Tibet; how best to work together on the threat posed by world terrorism; and many others. Given the amount of literature on the topic, and the number of policy experts opining about China—teams can be assured of finding case ideas in a wide range of areas, with novel and unique affirmatives being proposed by policy experts almost monthly. The topic's literature base ensures a dynamic range of case options. Negatives will have ample ground to explore the solvency of diplomatic or economic engagement; the effects of changes in China policy on surrounding Asian nations; the implications for U.S. allies in the region should any change to U.S. policy toward China occur; and the effect of change on the U.S. in light of its other national interests and obligations. Case specific disadvantages, again, given the literature base, will move beyond the generic, allowing for case advantages to be weighed by countervailing arguments—including arguments pertaining to the crack-down on rights within China; land use arguments, and specific species protection disadvantages; implications for China/Taiwan relations; labor specific disadvantages; and disadvantages dealing with economic issues specific to plan action (inflation, currency collapse, etc.), all directly related to case specific action in China. Counterplan and Kritik ground will be fertile with both case specific and generic arguments in play. There will be plenty of case specific debate, given the literature base on the topic and the number of international experts who write on China, there will be no shortage of clashing ideas on how best to engage China, giving teams many possibilities to find proposals for action directly counter to the affirmative's. These clashing ideas would affect debate over specific solvency options and case specific advantages. With China rising in stature on the national stage, the resolution is educational, timely, and necessary to debate.

Teamwork provides perfect backdrop for working at home in Alaska

I was born and raised in Alaska, and have come to appreciate the amazing natural beauty of the 49th state.

As a high school student, my future was just as uncertain as anyone else, but participation in ASAA activities helped point me in the right direction.

Teamwork, camaraderie, and dedication were valuable skills I learned through participation in East High School's tennis team.

Today, as a Guest Services Supervisor, I put those skills to use everyday. I'm proud to work for a company who sponsors ASAA, and their investment in the future of Alaska's youth.

WE'RE TEAMING UP!

Giving all Alaska students the opportunity to join in activities and reach their goals.

Thanks to our loyal customers and committed employees, ACC has grown to 35 retail stores throughout the state. Together with our meat processing plant, North Star Quality Meats, and our wholesale division, Pacific Alaska Wholesale, we strive to meet the food and merchandise needs of the communities we serve.

Sponsoring ASAA provides ACC with great opportunity to extend that same dedication to the youth of our villages.

Alaska Commercial Company, serving rural Alaska since 1867

First National Bank
ALASKA MEMBER FDIC

A successful point

For nearly a century, one Alaska bank has believed in Alaska's youth. We're proud to support students in communities throughout the state who value teamwork and the determination to reach new heights.

Congratulations to all 2016 ASAA/First National Drama, Debate and Forensics State Championship participants. Together, we're giving our all for a brighter tomorrow.
